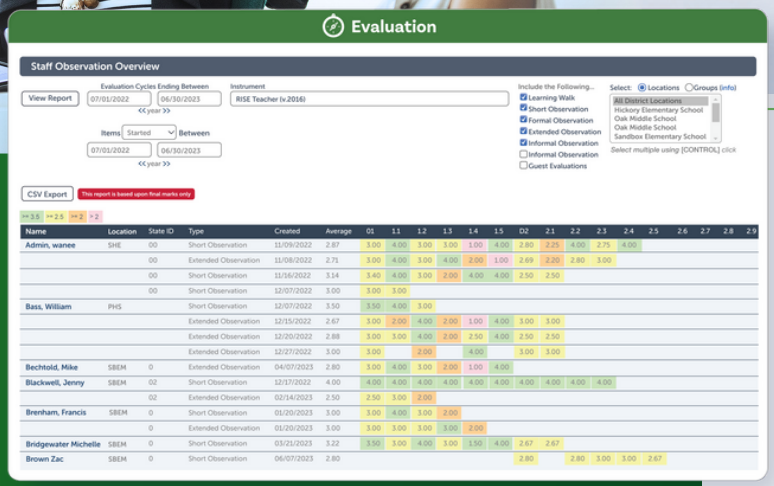
Staff Evaluation Software

We make it easier.

Efficiently document every step of the staff evaluation process, including walk-throughs, self-evaluations, supporting evidence, reporting, and analytics.



Facilitate Growth with Data

- Provide meaningful, transparent feedback to support data-informed conversations.
- Identify driving factors for educator strengths and challenges.
- Transform evaluations beyond compliance to prioritize growth and development.

Streamline Manual Processes

- Build a collaborative, web-based portal that is tailored to your district's needs.
- Eliminate the need for multiple reference documents in multiple locations.
- Access all staff evaluation data in one centralized location.

Unlock Powerful Reporting

- Compare performance across departments, schools, and rubrics for a comprehensive view.
- Track specific data points to attain a holistic view and identify trends.

> *"Evaluation has given us the ability to analyze our staff evaluation data in so many ways. It has changed the way we perform our evaluations."*
