Overview

KYKS (kicks) helps keep the line of communication open between schools, bus drivers, and families. This way everyone involved in the students day can prevent the result of any child's creating their own dismissal plan with authorization impacting the arrival/dismissal process. Notifying each family member contributing to the changes will minimize the opportunity of the child even getting onto the wrong childcare bus or worse. It supports effective communication to the parents, immediately granting them the ability to accept or challenge the changes once notified. We provide a complete package needed to support each dismissal path including walkers & bikers, car riders, childcare bus riders, and yellow bus on the campus and in each contributing vehicle.
