General Information

FINANCING OF TIPS

TIPS Vendor Paid Fee

The total cost of the TIPS program, in most cases, is primarily funded through an administration fee paid to TIPS by the awarded contractors. The fee is based on actual vendor project sales. Vendor will pay the percentage fee on the amount actually invoiced and paid on TIPS sales by TIPS members. Fees are not assessed to vendors for shipping cost, required bond cost, or any taxes that may be applicable.

TIPS establishes a fee for each solicitation for proposals that is in the best interest of TIPS and its members.

The fee schedule for agreements awarded under solicitation is 2%.

Term of Agreement and Renewals

The Agreement with TIPS is for approximately three years with an option for renewal for an additional one consecutive year. If TIPS offers the renewal extension year, the Vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded Vendor notifies TIPS of its objection to the additional term in writing. TIPS may or may not exercise some or all of the available extension(s) provided in the original solicitation beyond the base three-year term. Whether or not to offer some or all of the extension is at the sole discretion of TIPS.

“Start Date” for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement “term” calculation purposes only, the Agreement “Start Date” is the last day of the month that “Award Notifications” are anticipated as published in the Solicitation.

Example: *In this example, if the anticipated “Award Date” published in the Solicitation is May 22, 2022, but extended negotiations delay award until June 27, 2022 The end date of the resulting initial “three-year” term, (which is subject to an extension(s)) will still be May 31, 2025 for purposes of this example.*

“Termination Date”: The scheduled Agreement “termination date” shall be the last day of the month of the month of the original solicitation’s anticipated “Award Date” plus three years.

Example: *In this example, if the original term is approximately three years, and the solicitation provides an anticipated award date of May 22, 2022, the expiration date of the original three-year term shall be May 31, 2025 for purposes of this example.*

Extensions: Any extensions of the original term shall begin on the next day after the day the original term expires unless otherwise specified.

Example Following the Previous Example: *In this example, if TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2026 unless otherwise specified.*

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

THIS CLAUSE CONTROLS OVER ANY OTHER TERM IN ANY OTHER PART OF THIS SOLICITATION. TIPS reserves the right to solicit proposals at any time it is in the best interest of TIPS and/or its members.

VALUE OF THE CONTRACT

The estimated value for the life of the of the contract for all awarded vendors combined is \$500,000.00. This estimate is not a guarantee of the minimum or maximum value of the contract because TIPS cannot accurately predict the future needs of our member entities, their budget allocations, or the ongoing needs as they relate to this solicitation.

Termination

TIPS or the awarded vendor may terminate an award under this solicitation at will for cause or no cause or for convenience. TIPS must provide the vendor with 30 days prior written notice to the awarded vendor at the address provided in the response or as otherwise provided. The Awarded Vendor shall provide TIPS with 90 days prior written notice of termination in order to protect the interests of the TIPS member that may be in negotiation or budget approval process.

Miscellaneous

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

Pricing Models

Pricing for Line Items or Catalog

It is the intention of TIPS to establish an agreement to furnish and/or deliver all goods and services provided by awarded vendors to its members. Proposers are requested to submit a proposal for offering their complete and total line of available products and services to governmental entities, including school districts.

If a name brand is mentioned in the specifications, proposals on any reputable manufacturer's regularly produced equipment of such items of a similar nature or similarly used and substantially equivalent will be considered. The list or category of goods or services sought by this solicitation is inclusive and not exclusive. There may be other similarly used items that are sold by the responding vendors that may be included as part of the proposing vendor's "catalog" (defined below) now or during the life of the agreement that are considered included in this solicitation and subject to the minimum discount proposed. Pricing may also be exclusively line item pricing or, and recommended, in combination with a minimum catalog discount.

Example: During the life of the agreement, models change and new products come to market that are in the same category and are added to the vendor's "catalog" and are available for purchase by users of the agreement. If you fail to propose a minimum discount off your catalog, it may limit the ability to change pricing of catalog items and services during the life of the award.

Definition of "catalog"

"Catalog" means the available list of tangible personal property or services, in the most current listing, regardless of date, during the life of the contract, that takes the form of a catalog, price list, schedule, shelf price or other form that:

- A. is regularly maintained by the manufacturer or vendor of an item; and
- B. is either published or otherwise available for inspection by a customer during the purchase process;
- C. to which the minimum discount proposed by the proposing vendor may be applied.

Adding New or Replacement Goods Items During the Life of the Agreement

Is easiest when proposing a Minimum Discount off (PREFERRED MODEL) catalog prices for goods or a markup on vendor's cost of a good item. See Pricing sheets 1.

Pay Careful Attention to This When Completing the Pricing spreadsheets.

Adding New or Replacement Services During the Life of the Agreement

Is easiest when proposing a Discount off (PREFERRED MODEL) catalog prices for Services because there is no manufacturer or supplier's price in which to apply a markup percentage. See Pricing sheets 2.

Pay Careful Attention to This When Completing the Pricing spreadsheet.

Explanation:

Markup on cost

Vendors may propose a markup on miscellaneous items that are not ordinarily in their catalog or for which no list or manufacturer's pricing is available. It is NOT recommended proposers use the Markup pricing method EXCLUSIVELY because many members are not allowed to use a bid with a markup pricing method, specifically when using Federal Grant Funds. Using this pricing method may limit the effectiveness of your award.

If you choose to use the markup pricing method:

When proposing a markup on cost model, the vendor shall be required to provide proof of actual cost to the vendor of the goods sold to verify pricing markup is properly and legally applied for the sale of the goods.

NEW ITEMS: TIPS will allow the addition of new goods items to be added to the agreement when they become available to the market through the vendor under the discount off published pricing model or markup on cost model. You must stipulate a discount or markup on catalog price in the appropriate section of the pricing Excel sheet to be eligible for this option. You may stipulate discount off specific brands or lines of goods if you desire. Be thorough and concise. Any items added must be available to all customers, within legal or contractual limitations, if any. (Example: Apple products are not permitted to be sold to the education market without special agreement from Apple but may be sold to other government customers.)

REPLACEMENT OF DISCONTINUED OR LIMITED AVAILABILITY ITEMS: When proposing a Line Item pricing model - TIPS will allow replacement items to the original list item if it is no longer manufactured or is available in limited quantities. Limited availability must be documented by a letter from the manufacturer. Vendor may replace it with an item of like kind and quality and the price will remain the

same as proposed, except if it is cheaper, vendor shall lower the price accordingly and if it is more expensive due to vendor's actual cost from the manufacturer, it will be priced and the same discount shall apply as the item it replaces. Vendor shall be required to prove the pricing if the cost is higher than the original core list price to customer.

Note: If you propose a minimum Discount off catalog, you avoid this process since you are adding an item to your catalog and list price and the proposed minimum discount off catalog would apply to the new item.

Shipping cost:

Pricing presented for goods offered should not include shipping costs from dealer to Member customer. **IF** shipping is included in the price, regardless of the situation, then you simply state no additional cost for shipping or delivery to any customer. Example: if the truck includes delivery but parts do not, then be sure to specify the variations in your pricing. Shipping method is determined by the vendor and the Member/Customer at the time of the quote/purchase by the Member/Customer and satisfactory shipping methods and costs are agreed upon at that time. Shipping should be passed through at actual cost to the TIPS Member.

SPECIFICATIONS and PRICING FORMAT (EXCEL SPREADSHEET)

Proposals on any reputable manufacturers regularly produced goods and services falling within the general categories solicited herein will be considered for award. If a name brand is mentioned, it is only to illustrate type and quality and is not intended to restrict competition. Any list included herein is inclusive and not exclusive. There may be other similarly used items that are sold by the responding vendors that may be included as part of the proposing vendor's "catalog" (Defined above) now or during the life of the contract that are considered included in this RFP. Example: During the life of the contract, models change and new products come to market that are in the same category and are added to the vendor's "catalog" and are available for purchase by users of the contract provided the catalog discount or cost markup proposed is honored by the awarded vendor.

TIPS leaves it to the proposer to determine what goods or services that perform or serve this function and the proposer may list or include anything applicable.

You may propose “Not-to-Exceed Pricing.”

If a price list or catalog is submitted or available as defined herein, then a percentage off catalog is acceptable. If line item pricing is proposed, proposals should include any and all listings of product names, sizes, packaging, quantity, pricing, description of services and any other related information.

Proposals should include all listings of employee benefit products and services. DO NOT INCLUDE ITEMS THAT ARE NOT CONSIDERED employee benefit products and services. Hourly or other unit pricing for services providing trainings, consulting, or customer service may be submitted. Accessories to support the employee benefit products and services should be submitted.

Offerors may provide pricing based on a discount from a manufacturer’s price list or catalog, or fixed price, or a combination of both with indefinite quantities. An Electronic Catalog, links to same, and/or availability to access the list prices should accompany the proposal if a discount off catalog is proposed. Multiple percentage discount structure is also acceptable. Please specify where different percentage discounts apply and ensure that those discounts can be honored for the life of the contract. Additional pricing and/or discounts may be included. Each service proposed is to be priced separately with all ineligible items identified. TIPS may award to multiple vendors. See pricing instruction in this document and on the pricing forms 1 and 2.

Offerors may elect to limit their proposals to a single service within any category, or multiple services within any or all categories. Region 8 ESC is seeking service providers that have the depth, breadth and quality of resources necessary to complete various aspects of this contract. In addition, TIPS also requests any relevant value add commodity or service that could be provided under this contract. While this solicitation specifically covers the above-mentioned category, Offerors are encouraged to submit an offering on any and all products or services available that they currently perform in their normal course of business.

Respondent shall perform and provide these products and/or services under the terms of this agreement. The supplier shall assist the end user with making a determination of their individual needs. The following is a list of included (but not limited to) categories.

Proposers may serve a local area only or a broader geographic area at their discretion and should indicate their limitations for a service area.

Proposers may submit all items and goods related to supplying employee benefit products and services that they offer. Proposer should submit all applicable services for all types of employee benefit products and services.

Value Added Pricing

Value added services should be explained in detail. If proposer can offer greater quantities at lower pricing, these “value added” prices should be submitted in this section.

Proposal should list offerings to be considered as part of the category of employee benefit products and services that can be provided by the Vendor. Assisting employers or employees with employee benefit offerings or any related service to support employee benefits may be included in this proposal.

A discount off list price pricing model is ideal as list prices change over the life of the awarded agreement. Possible pricing models are discussed in this document. Any other goods and services that are logically related to this general category may be proposed. TIPS reserves the sole right to determine whether or not proposed goods or services are logically related to this general category.

Additional Services:

Proposer should list in the Pricing Sheet 2 excel spreadsheet all related services, installation, travel, and hourly fees or other defined unit cost according to category offered on this contract. Offering must be related to this category. No inappropriate offerings will be considered.

The Vendor may furnish all necessary labor, materials, tools, supplies, equipment, transportation, supervision, management and may perform all operations necessary and required for services. All work shall be performed in accordance with the requirements set forth in the resulting contract and each mutually agreed upon work request or purchase order issued by TIPS participating members.

NOTHING HEREIN IS REQUESTING SERVICES THAT ARE CONSIDERED A PUBLIC WORK/CONSTRUCTION.

Pricing Sheets 1 and 2 must be downloaded from the “Attachments” section, completed and uploaded to the “Response Attachments” PRICING sections.

Since the list of items a vendor may carry is potentially very long, and items are removed and added to the market frequently, it may be more advantageous to propose a **minimum discount** off your catalog for goods and services. You may offer different discounts for different brands or lines or services of goods if you choose.

A zero discount off catalog proposal is permitted, but TIPS encourages vendors to propose the best discount that they feel is necessary to compete with other retailers to provide the greatest benefit to TIPS members. Proposer shall propose a minimum discount off catalog in the eBid system attribute for all non-line items proposed so you will be covered when future items are available in you catalog. By doing this, the pricing is a ceiling and not a floor. You may always lower your price or increase your minimum discount percentage to be more competitive in a particular situation,

You may propose all goods as a line item list if you prefer but the PREFERRED proposal method is a minimum discount off catalog prices. Line item proposal prices may only be increased by the markup method or by

application of the US Department of Labor (General (not industry specific) Consumer Price Index (CPI) percentage increase applied annually, so proposing the discount off catalog price may provide easier price adjustments but ensures that they are applied fairly to all customers of the vendor because they are published for all customers to see. If proposer offers a maximum increase percentage in their proposal, that maximum percentage shall control over the CPI. Proposer **may propose, both discount off a catalog AND line item pricing for specific lists of items if you choose to.**

PRICING FORMAT (EXCEL SPREADSHEETS 1 and 2)

DO NOT PROPOSE "PRICE TO BE DETERMINED" or "ON REQUEST". This method is not lawful to award by TIPS. You must have unit pricing that can be applied to the needs of the customer.

Pricing Sheet 1 Excel Sheet

There are three (3) sections in the Excel sheet #1, Section A, B, and C provided in the solicitation documents, please complete all that are applicable to your proposal. The discount off catalog price is an excellent method if list prices are available and please propose that method in addition to any other method you desire to cover future item or service availability.

Example: IF you are providing a line item pricing sheet AND a discount off the rest of your catalog, be sure to provide both the line item prices on the list of items proposed and a minimum discount off the rest of your catalog. If different sections of your catalog have different minimum discounts, please note accordingly.

Pricing Sheet 2 excel sheet

List any other services, maintenance agreements, mileage fees, maximum travel costs, etc. with line item pricing AND/OR discount off Catalog price as defined above if services are routinely listed in your catalog and priced therein.

Vendor may provide additional pricing in another format.

ALL PRICING SHALL BE FIRM AND CALCULABLE AT THE TIME OF SALE DURING THE LIFE OF THE CONTRACT AND MUST CONFORM AND COMPLY WITH THE VENDOR'S PROPOSED PRICING MODEL IN RESPONSE TO THE ORIGINAL SOLICITATION. DO NOT PROPOSE "PRICE TO BE DETERMINED". If you have questions on this process, email TIPS for clarification.

Example: Proposed catalog, web, or store price for an item is \$10.00 each and your proposed minimum discount is 5%, then the price is firm and calculable as \$9.50.

Please provide any explanatory information on your pricing proposal you believe is necessary to fully inform TIPS of your intent.

Service Incidental to the Sale of Goods

Many times, the sale of goods may be accompanied by the installation or set up of said goods. Proposers may submit pricing for the services in the Pricing Sheet 2 spreadsheet or in an attachment.

Any and All SERVICES may be proposed, but must be priced either as a line item or as a discount off the published Catalog price for said services. You may provide a catalog of services or a link to the available services or you may create a TIPS-specific Catalog list of services with applicable pricing. Please specify or illustrate your chosen method.

If LINE ITEM GOODS pricing, and during the life of the award, prices may be increased only commensurate, dollar for dollar as your cost for the item increases. To increase the price of a line item prices good, vendor must submit proof from the manufacturer or distributor that the pricing has increased and by how much.

NOTE: FAILURE TO PROPOSE SERVICES SHALL EXCLUDE THEM FROM YOUR OFFERING THROUGH THIS AWARD. PLEASE INCLUDE THEM IN SOME CALCULABLE WAY. YOU MAY PROVIDE A PERCENTAGE DISCOUNT OFF POSTED PRICES OR CATALOG PRICES FOR THE LOCATION OF THE STORE OR IN SOME SPECIFIC MANNER THAT FITS YOU BUSINESS MODEL.

When using line item pricing, vendor should provide on pricing template 2 a maximum price increase percentage for annually for renewal years. Complete all excel pricing forms or their equivalents.

Goods Incidental to the Sale of Services

Many times, the sale of services may be accompanied by the sale of incidental, directly related goods (ex. Literature, app, or online portal to support consulting services). Proposers may submit pricing for the services in the Pricing Sheet 2 spreadsheet or in an attachment.

Any and All SERVICES may be proposed, but must be priced either as a line item or as a discount off the published Catalog price for said services. You may provide a catalog of services or a link to the available services or you may create a TIPS-specific Catalog list of services with applicable pricing. Please specify or illustrate your chosen method.

If proposing LINE ITEM GOODS pricing, then during the life of the award prices may be increased only commensurate, dollar for dollar as your cost for the item increases. To increase the price of a line item prices good, vendor must submit proof from the manufacturer or distributor that the pricing has increased and by how much.

NOTE: FAILURE TO PROPOSE SERVICES SHALL EXCLUDE THEM FROM YOUR OFFERING THROUGH THIS AWARD SO, PLEASE INCLUDE THEM IS SOME CALCULABLE WAY. YOU MAY PROVIDE A PERCENTAGE DISCOUNT OFF POSTED PRICES OR CATALOG PRICES FOR THE LOCATION OF THE STORE OR IN SOME SPECIFIC MANNER THAT FITS YOU BUSINESS MODEL.
