

TIPS VENDOR AGREEMENT

Between EP TECHWORKS, LLC and
(Company Name)

THE INTERLOCAL PURCHASING SYSTEM (TIPS),
a Department of Texas Education Service Center Region 8 for
TIPS RFP 220105 Technology Solutions, Products and Services

General Information

The Vendor Agreement (“Agreement”) made and entered into by and between The Interlocal Purchasing System (hereinafter “TIPS”) a government cooperative purchasing program authorized by the Region 8 Education Service Center, having its principal place of business at 4845 US Hwy 271 North, Pittsburg, Texas 75686 and the TIPS Vendor. This Agreement consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth shall control unless otherwise agreed by the parties in writing and by signature and date on the attachment.

A Purchase Order (“PO”), Agreement or Contract is the TIPS Member’s approval providing the authority to proceed with the negotiated delivery order under the Agreement. Special terms and conditions as agreed between the Vendor and TIPS Member should be added as addendums to the Purchase Order, Agreement or Contract. Items such as certificate of insurance, bonding requirements, small or disadvantaged business goals are some, but not all, of the possible addendums.

Terms and Conditions

Freight

All quotes to Members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating “No Charge”, “\$0”, “included in price” or other similar indication. Otherwise, all shipping, freight or delivery charges shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

Warranty Conditions

All new supplies equipment and services shall include **manufacturer's minimum standard warranty** unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal (“RFP”) category. All goods proposed and sold shall be new unless clearly stated in writing.

Customer Support

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed with the TIPS Member.

Agreements

Agreements for purchase will normally be put into effect by means of a contract, agreement, or purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion. Vendor accepts and understands that when a purchase order or similar purchase document is sent from a customer through TIPS to the Vendor, TIPS is recording the purchase and verifying whether the purchase is within the parameters of the TIPS Contract only. Vendor agrees that TIPS is not a legal party to the purchase order or similar purchase document and TIPS is not responsible for identifying fraud, mistakes, or misrepresentations for the specific order. Vendor agrees that any purchase order or similar purchase document issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. A Vendor that accepts a purchase order or similar purchase document and fulfills an order, even when processed through TIPS, is representing that the vendor has carefully reviewed the purchase order or similar purchase document for legality, authenticity, and accuracy.

Tax exempt status

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

Assignments of Agreements

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

Disclosures

- Vendor and TIPS affirm that he/she, or any authorized employees or agents, has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

Term of Agreement and Renewals

The Agreement with TIPS is for approximately five (5) years with an option for renewal for an additional one (1) consecutive year. If TIPS offers the renewal extension year, the Vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded Vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base five-year term. Whether or not to offer the extension is at the sole discretion of TIPS.

“Start Date” for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement “term” calculation purposes only, the Agreement “start date” is the last day of the month that

Award Notifications are anticipated as published in the Solicitation.

Example: If the anticipated award date published in the Solicitation is May 22, 2020 but extended negotiations delay award until June 27, 2020 the end date of the resulting initial “five-year” term Agreement, (which is subject to an extension(s)) will still be May 31, 2025 in this example.

“Termination Date”: The scheduled Agreement “termination date” shall be the last day of the month of the month of the Original Solicitation’s Anticipated Award Date plus five years.

Example: If the original term is approximately five years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original five-year term shall be May 31, 2025 in this example.

Extensions: Any extensions of the original term shall begin on the next day after the day the original term expires.

Example Following the Previous Example: If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2026 in this example.

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

TIPS reserves the right to solicit proposals at any time it is in the best interest of TIPS and/or its members.

Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

Shipments

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

Invoices

Each invoice or pay request shall include the TIPS Member’s purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

Payments

The TIPS Member will make payments directly to the Vendor, the Vendor Assigned Dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

Pricing

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

Participation Fees and Reporting of Sales to TIPS by Vendor

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the Solicitation. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Fees are due on all TIPS purchases reported by either Vendor or Member. Fees are due to TIPS upon payment by the Member to the Vendor, Reseller or Vendor Assigned Dealer. Vendor, Reseller or Vendor Assigned Dealer agrees that the participation fee is due to TIPS for all Agreement sales immediately upon receipt of payment including partial payment, from the Member Entity and must be paid to TIPS at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently, or as otherwise agreed by TIPS in writing and signed by an authorized signatory of TIPS. Thus, when an awarded Vendor, Reseller or Vendor Assigned Dealer receives any amount of payment, even partial payment, for a TIPS sale, the legally effective fee for that amount is immediately due to TIPS from the Vendor and fees due to TIPS should be paid at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently.

Reporting of Sales to TIPS by Vendor

Vendor is required to report all sales under the TIPS contract to TIPS. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract number on any communications and related sales documents exchanged with the TIPS Member entity. To report sales, the Vendor must login to the TIPS Vendor Portal online at https://www.tips-usa.com/vendors_form.cfm and click on the PO's and Payments tab. Pages 3-7 of the [Vendor Portal User Guide](#) will walk you through the process of reporting sales to TIPS. Please refer to the TIPS [Accounting FAQ's](#) for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. Any overpayment of participation fees to TIPS by a Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. It is the Vendor's responsibility to identify which sales are TIPS Agreement sales and pay the correct participation fee due for TIPS Agreement sales. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date of overpayment will be non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline to notify if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

Indemnity

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

State of Texas Franchise Tax

By signature hereon, the Vendor hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

Miscellaneous

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

Purchase Order Pricing/Product Deviation

If a deviation of pricing/product on a Purchase Order or contract modification occurs between the Vendor and the TIPS Member, TIPS must be notified within five (5) business days of receipt of change order.

Termination for Convenience of TIPS Agreement Only

TIPS reserves the right to terminate this agreement for cause or no cause for convenience with a thirty (30) days prior written notice. Termination for convenience is conditionally required under Federal Regulations 2 CFR part 200 if the customer is using federal funds for the procurement. All purchase orders presented to the Vendor, but not fulfilled by the Vendor, by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded Vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

Usually, purchase orders or their equal are issued by participating TIPS Member to the awarded vendor and should indicate on the order that the purchase is per the applicable TIPS Agreement Number. Orders are typically emailed to TIPS at tipspo@tips-usa.com.

Indemnification

The ESC Region 8 and TIPS is a Texas Political Subdivision and a local governmental entity; therefore, is prohibited from

indemnifying third parties pursuant to the Texas Constitution (Article 3, Section 52) except as specifically provided by law or as

ordered by a court of competent jurisdiction. A provision in a contract to indemnify or hold a party harmless is a promise to pay for

any expenses the indemnified party incurs, if a specified event occurs, such as breaching the terms of the contract or negligently

performing duties under the contract. Article III, Section 49 of the Texas Constitution states that "no debt shall be created by or on

behalf of the State ... " The Attorney General has counseled that a contractually imposed obligation of indemnity creates a "debt" in

the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Contract clauses which require the System or institutions to

indemnify must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas." Liquidated

damages, attorney's fees, waiver of vendor's liability, and waiver of statutes of limitations clauses should also be deleted or qualified

with "to the extent permitted by the Constitution and laws of State of Texas."

"Construction contracts" are for the design, construction, alteration, renovation, remodeling, or repair of any building or improvement to real property, or for furnishing materials or equipment for the project. The term also includes moving, demolition, or excavation. BY RESPONDING TO THIS SOLICITATION, AND WHEN APPLICABLE, THE PROPOSER AGREES TO COMPLY WITH THE TEXAS BUSINESS AND COMMERCE CODE § 272 WHEN EXECUTING CONTRACTS WITH TIPS MEMBERS THAT ARE TEXAS GOVERNMENT ENTITIES.

Implementing Structured Cabling Strategy

1. Conduct a site survey

A site survey will give you an idea of the existing system of a customers building which serves as a starting point for the project. A survey typically entails determination of the number and types of equipment needed for specific wired/ wireless operations, figure out the existing configurations, locate the physical network infrastructure, create an accurate floor plan to be used as a reference during the upgrade process and map out a logical topology to show the path that data takes through the network and the locations where the functions such as routing occur.

2. Document current and future network requirements

Our support team will determine the customers' existing network requirements. In addition, the present number of network uses, the applications the current system supports and any new services that are needed help us understand how to best service our customer

3. Making a report after the interview

With the information obtained our team will create an analysis report and share with our customers. This is to ensure that no facts are missing, or errors have been made. Once we receive approval the upgrading process officially begins.

4. Select the device and cabling

The selection process is about evaluating our customers cost, performance needs and standardization requirements. The cabling that can be chosen includes copper cabling, coaxial cabling, and fiber optic cabling. All these come in different sizes and variations.

5. Installation, testing, and review

A structured cabling system has many benefits. It helps to standardize cabling systems, and future handling of troubleshooting will be easier. In this way, customers avoid reworking the cabling which prolongs the lifespan of your equipment.

EP Techworks specializes in improving this and other technologies that enhances our customers business. Our team works hard to provide our customers the very best in, networking, wireless and other related services, with a focus on dependability, customer service, honesty, and trust

Fixed Wireless Solutions

As millions continue to wait for reliable home broadband, Fixed Wireless Access (FWA) is an efficient and scalable alternative to wired connections. With smart and targeted deployments, our research and efforts have shown that the investment pays off in less than two years.

Benefits

Large Coverage Area

One of the most appealing benefits of fixed wireless broadband is its broad consumer availability thus offering service to larger areas is often more cost effective.

Relatively Low Latency

One of the key benefits of fixed wireless broadband over other rural technologies is its relatively low latency allowing students to conduct all their studies and classes online.

Funding Sources

Broadband Equity, Access and Deployment (BEAD) Program Funding includes \$42.45 billion for a new Broadband Equity, Access and Deployment (BEAD) program focused on connecting underserved areas by funneling money through state grants. The legislation gave the National Telecommunications and Information Administration (NTIA) 180 days to establish the program and develop funding guidelines. It is unclear how long after those states will begin awarding broadband grants. EP Techworks did apply for this particular funding through a collaborated effort with ESC19 and all of the surrounding rural schools

Each of the 50 states will receive an initial allocation of \$100 million from the \$42.45 billion pot, with additional funding to be distributed based on coverage maps that have yet to be put out by the Federal Communications Commission (FCC). In order to receive funding, each state must submit a five-year action plan that identifies locations that should be prioritized for support; outlines how to serve unconnected locations; and assesses how long it would take to build out universal broadband which EP Techworks has also participated in.

The legislation also changes the name of the existing [Emergency Broadband Benefit Program](#) to the Affordable Connectivity Program and funds it with an additional \$14.2 billion. Additionally, the bill cuts the amount of the monthly subsidy offered under the program from \$50 per month to \$30 per month.

Wireless Strategy

Wi-Fi First Customers value the freedom to extend their fixed access broadband service with the majority of the Wi-Fi usage is at home and work though consumers everywhere using Wi-Fi in public places too. Service providers globally have widely deployed Wi-Fi in public and private locations, however, there is a desire to further monetize these investments.

Service providers have used a combination of residential, community, enterprise, and public hotspots for their Wi-Fi deployment strategies. Some service providers have supplemented their own Wi-Fi deployments with partnership strategies to expand not only local & national access. In the U.S., many service providers have teamed together to allow roaming of customers onto each other's Wi-Fi networks with a single registration process.

With El Paso having smaller and more rural markets that are lacking the population density to make wireline broadband networks feasible and with improving capabilities of the FWA there are now expanding use cases proving the solution to be a success. Our rural communities deserve the quality of service that others within the city experience.

What makes EP Techworks's fixed wireless approach compelling is that we will use a simple model: Pay per month, suspend or cancel service anytime. "It's a flat rate, meant to be simple and clean. "It's time to reinvent the ISP

In 2020, EP Techworks became Cambium Networks' preferred strategic partner for West Texas. Our collaborative efforts through various means such as marketing, e-rate, conferences, collaborative groups, etc has proven our relationship a success in helping deliver a solid solution to our customers.

For the last 5 years, Cambium Networks been Recognized by Wireless ISPs for Leadership in Fixed Wireless and Wi-Fi Solution. Cambium has delivered several technological advancements including:

- [60 GHz cnWave multi-gigabit millimeter wave technology](#)
- [CBRS devices and Spectrum Access System \(SAS\) solutions](#)
- [cnMatrix™ TX Ethernet switches specifically designed for fixed wireless access tower deployments](#)
- [Indoor and outdoor Wi-Fi 6 solutions that are shattering the conventional wisdom of Wi-Fi performance and range](#)
- [Centralized cloud management](#)

We see this opportunity to work with Cambium Networks as a way to contribute to an exciting, forward-thinking and fast-moving industry which impacts our communities in need by promoting a quality education through online means while also allowing families to engage in the future technological efforts changing our world.

Our team of experts will help manage every customized managed service offering and will work shoulder to shoulder with our clients to help mitigate any challenges of their business and provide on-site, or in most cases, remotely manages a customer's IT infrastructure and/or end-user systems.

EP Techworks can help customers identify the ideal managed services strategy and enabling customers to achieve results such as reduce operating costs, increase productivity, and focus on strategic responsibilities.

Some of the top drivers for managed services:

- Need for greater technical expertise
- Systems getting too complex to manage internally
- Want to focus internal resources on core business operations
- Need to reduce cost of internal IT support
- Want help using technology to drive business forward
- Need expertise specific to industry vertical

Managed Service Benefits

Predictable, recurring revenue

Our managed services are sold as a subscription, with customers paying a monthly fee. This approach provides a consistent flow of monthly recurring revenue (MRR) for the MSP, in contrast to the unpredictability of generating revenue from one-off projects. The stability of MRR is part of what has attracted customers to MSP and gives them an exit strategy when all their resources are being utilized to capacity.

Opportunity for higher margins

Our Managed service business model allows the EP Techworks the ability to support multiple customers with a relatively small number of employees, opening opportunities to boost profits.

Opportunity for expanded services.

Managed Service Providers such as EP Techworks who successfully launch an initial service line are poised to provide additional offerings, from IT strategy consulting to various specialty solutions. Those additional services help us as a provider to avoid customer turnover because clients can meet more of their needs through us without having to turn to other suppliers. Add-on services also increases the amount of revenue generated per month, per customer.

Ability to tap mature technology also helps strengthen our offerings. Today, MSPs have a wide range of purpose-built software products to manage their businesses. Remote monitoring and management (RMM) and professional services are among the offerings that can serve as an MSP's technology foundation

As a managed service provider, we become experts in providing services such as remote monitoring and management plus onsite service for classroom technology solutions, security services, and other specialty solutions EP Techworks offers. The increased visibility of our offerings and serviceability adds additional value as a result of the recurring revenue streams that has made managed services an intriguing offering.

Prospects for future growth are strong for EP Techworks especially now that more customers are seeking and relying on their IT staff to provide products and services in a rapidly digitalizing world, not to mention COVID to our everyday challenges present in our daily environment causing a lack of experts and resources

EP Techworks goals for MS

- Increase our win-rates
- Create a buy-in to our approach and confidence in our people
- Retain clients for the long-term

Our goal is to create a buy-in to our approach which will be crucial to our success in managed services. Clear service descriptions will help outline what our customers will expect and what they will experience in order to earn their trust. In this industry people don't buy services so much as they buy people and relationships

EP Tech has accomplished the following

- Defined a business strategy
- Determined the pricing model
- Created and offer an SLA

- Created a sales and marketing strategy
- Developed a recruiting strategy

Type of Managed Service Offerings

Classroom and Audio-Visual MS

Taking care of all the Audio Visual and other EP Techwork solutions requires organizations or business to cut into their productivity and take away from doing what you do best. Even when organizations and businesses have an in-house IT department, AV management typically takes a hit and sent to the back burner in their productivity and distracts them from long-term strategic planning.

With COVID, the demand for online solutions that bring quality audio and video has increased by 10 fold and yet customers continue to lose staff due to the demand of individuals with technology expertise
