Overview

<p>Precise Heating, Air and Electrical Inc. D.B.A Precise Clean Solutions, formerly known as Precise Solar and Power, is a complete building management company focusing on building maintenance, cleaning and grounds keeping. Our mission is create a clean, safe environment conducive to learning. Each of our acquired facilities has a fully trained staff with regards to their specific department along with a site superintendent to manage day to day affairs. From an operational standpoint, our leadership staff is competent on the "School Dude" dispatching platform, up to date on Department of Education standards for building maintenance, and capable of assisting with 5 year, 10 year and Master Plans for the district. Our field staffing is coached on all proper forms of disinfecting, how to mitigate issues stemming from COVID 19, floor care, safety. Finally, as a subsidiary of a contracting business, each of our contracts received preferred pricing through TIPS on any HVAC, Electrical, or Plumbing service or project. They also have at their disposal a 24hour help hotline for assistance in diagnostics. From a staffing perspective, our goal is minimize turnover. This gives us the opportunity for continuity in workplace, and in turn a better final product. To do this, uur staff is well compensated, has access to medical and life insurance, 401k with employer matching, paid vacation, and some paid holidays. From a business standpoint, Precise Clean Solutions makes sense to all customers given our flexibility when it comes to pricing and services. Although we are fairly stringent in regards to cleaning square footage (not to exceed 18,000sqft/per person) all other packages are completely customizable. Some of our customers prefer to supply their own cleaning agents and utensils, while others want us to handle everything. Some customer ask to keep certain employees on their payroll as to not interrupt a current retirement and we work with that too. Many want to provide their own maintenance staff while other require us to provide Licensed Professionals. No matter the situation, Precise Clean Solutions is driven to please the customer and understand that compromise is the key to that success.</p>
