Overview

Monument is a third-generation family business dedicated to the art and craft of commercial roofing. From churches to government offices, we approach every project as a unique opportunity to apply the skills and knowledge of our expertise to your commercial building.

For nearly five decades, Monument Constructors, Inc. has been an integral part of the thriving economic landscape in the greater Southeast Texas and Western Louisiana Regions. In 2005 with the landfall of Hurricanes Katrina and Rita, Smith formed Monument Roofing Systems after recognizing that much of the damage was attributed to unstable, antiquated roofing systems. We saw the destruction first-hand and were able to assist in the restoration of government facilities, homes and businesses.

After 15 years, Monument continues to garner accolades in the commercial and industrial roofing markets and has been recognized and applauded by the industry's top agencies and publications.

As a Master Elite Contractor with more than 15 MILLION SQUARE FEET installed, Monument has partnered with industry powerhouse manufacturers to offer systems that are not only sustainable and energy star rated, but also warranted for 10, 15 or 20 years.

MONUMENT's roofing systems:

Energy-Star® rated

Backed by the industry's top manufacturers

Provide 100% uptime in facility operations
