### **Overview**

*Since 1987, Computer Comforts, Inc. has built a reputation for manufacturing innovative computer furniture and providing exceptional customer service. After 35 years, CCI has evolved into a turnkey manufacturer, providing solutions for all types of learning environments. Although computer lab furniture continues to be a primary focus, we are also leading the way in furniture design for emerging teaching methods, such as Active Learning, SCALE-UP, Flipped Classrooms and Collaborative. These new environments demand flexible furniture. "My mission has always been very simple, to create a company built on a foundation of INTEGRITY that attracts and inspires like-minded people. In other words, our people make the difference. At CCI, we genuinely care about our customers. We embrace the David vs. Goliath philosophy. Our size is our greatest strength! Large corporations can try to copy our products, but they will never be able to copy our good old-fashion customer service. Finally, we are committed to service in the community. I am grateful for our success and feel it is only natural to give back."*
