SBA - Dynamic Small Business Search

Skip Navigation Accessibility Options Welcome to the Dynamic Small Business Search

DSBS

Phone number hotlinks can be used to dial the number on mobile phones.

Address hotlinks can be used to show the address in Google Maps.

SBA has verified the following certifications in DSBS: HZ, WOSB, EDWOSB. Any other certification presented in DSBS (i.e., SDVOSB) is self-certified by a firm and not verified by SBA. Other than these SBA certifications, DSBS is generally a self-certifying database and SBA does not make any representation as to the accuracy of the data included. The SBA strongly recommends that contracting officers diligently review a bidder's small business self-certification before awarding a contract.

Maximum number of profiles to be returned at a time:

#### Show All $\checkmark$

Note: "Show All" shows as many profiles as you're allowed to receive, which may increase that limit to 5000. But due to a database restriction, adding "one-to-many" fields to the profile list (next item), lowers the limit to 1000. Choosing HTML Import format, below, automatically sets "Show All".

Show the following fields in the profile list:

Name and Trade Name of Firm; Contact; Address and City, State Zip; Capabilities Narrative; E-mail Address
