5 Company and/or Product Description:

This information will appear on the TIPS website in the company profile section, if awarded a TIPS contract. (Limit 750 characters.)

izzy+ is a different kind of furniture company. For starters, our first love is people, not furniture. Everything the company was founded on back in 2001 and everything we do today is all about people. We love individuals, with their unique perspectives, styles, and ideas, but what we love even more is bringing people together to see what level of amazingness will transpire. Because that's what happens when people connect—creativity flourishes and visions grow. Learning and sharing are sparked in organic ways. It's what we call being Better Together, and it's at the heart of our attachment to certain ideas and words (like inspiration, collaboration, and wellness, to name a few). But we know these concepts don't mean a thing unless they're embedded in our design philosophy, evident in our products, and experienced by the people who use them. (Yep—it always comes back to the people.)

The izzy+ product family—Fixtures Furniture, HÅG, Harter, izzy and ABCO—models something we deeply believe in: collaboration. We are Better Together—able to be more creative and meet more needs and opportunities than we can alone.

Who is **izzy**⁺?

Not just another
furniture company

The world was ready for something different.

izzy+ is a different kind of furniture company. For starters, our first love is people, not furniture. Everything the company was founded on back in 2001 and everything we do today is all about people. We love individuals, with their unique perspectives, styles, and ideas, but what we love even more is bringing people together to see what level of amazingness will transpire.

Because that's what happens when people connect—creativity flourishes and visions grow. Learning and sharing are sparked in organic ways. It's what we call being Better Together, and it's at the heart of our attachment to certain ideas and words (like inspiration, collaboration, and wellness, to name a few). But we know these concepts don't mean a thing unless they're embedded in our design philosophy, evident in our products, and experienced by the people who use them. (Yep—it always comes back to the people.)

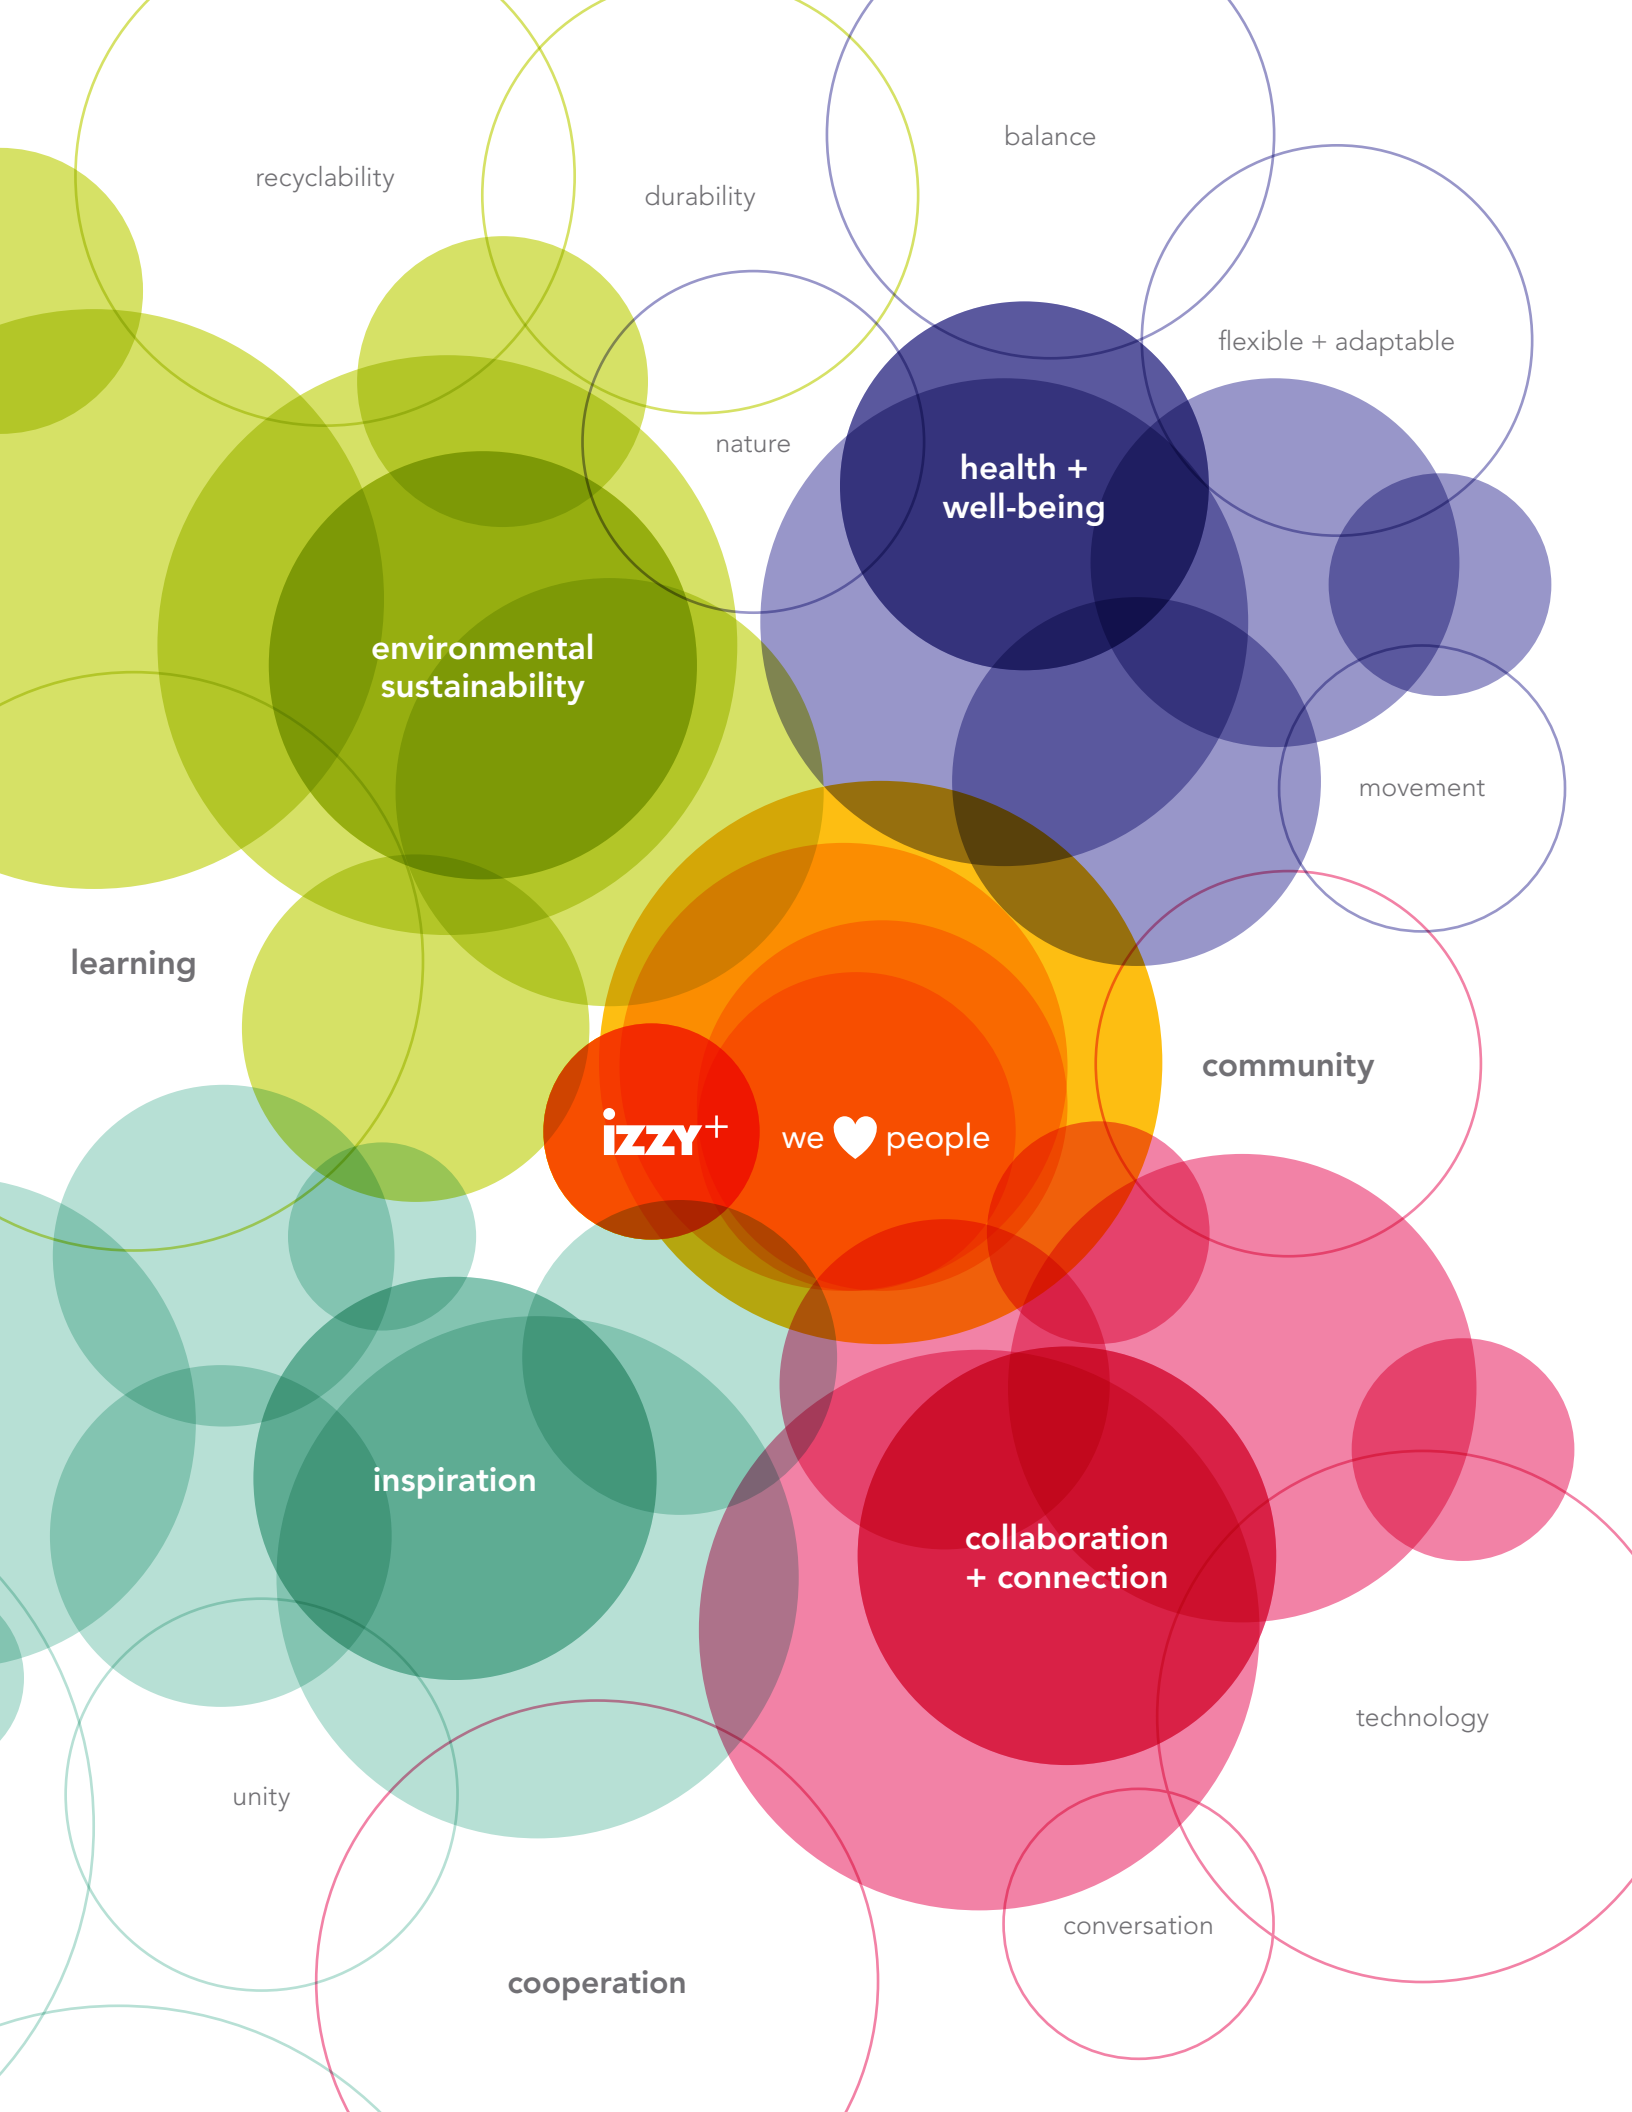

“The reason izzy+ exists is because we feel strongly about connecting people so we can all be better together.”

Creating spaces that inspire and connect people

Not surprisingly, it's our love for people that drives our core design philosophy. izzy+ designs are adaptable, collaborative, intuitive, and approachable, and they're all about your comfort and well-being. Our products also offer plenty of personality and options, thanks to our trend-forward new materials program, izzy+ flavors.

When you combine the izzy+ design philosophy with our Better Together mantra, you get a complete family of brands and products that inspire and support how real people work, learn, heal, and live today. Together, we're able to offer more possibilities and solutions for spaces that help people refresh (3rd Spaces), meet (2nd Spaces), and focus (1st Spaces)—in each of the vertical markets we serve.

Hit refresh: A change of scene, a new perspective

Being told an inspiring story while the coffee brews. Seeking out a change of scene and discovering a new pool of collaborators. Taking an idea that's sparked in the shower all the way to work, where it becomes a flurry of words, sketches, and potential.

Third spaces are all about flexibility, inspiration, and changing things up, whether you need a casual spot for connecting, creating, or just hitting refresh.

2

Meet up: People gather, ideas grow

Creativity multiplies. Stories instruct. Minds buzz and possibilities unfold. When people gather together, the potential for greatness grows exponentially. Time doesn't have to creep—it can fly. Meetings don't have to be draining, they can fill you up, fueling the rest of your day.

Second spaces are all about believing that the best talent, ideas, and dreams can reach their potential only when they have a place for sharing and growth.

Focus in: At your best, tackling the task at hand

Pressing deadlines. Sensitive communications. Time to feed your introverted side. We all need heads-down, focused, alone time. That's when all the learning and sharing steeps and is cultivated.

First spaces lie at the intersection of privacy and connection—an adaptable place that's tailored to you, yet always open to impromptu collaboration.
