

JTS is a veteran-owned, turn-key service company ready to design, install, maintain and service your wireless and wireline networks. We specialize in unlicensed and licensed microwave radio installation. With over 29 years of experience in electronic systems integration, we help you quickly and economically reach your networking and system goals. We pride ourselves on our flexibility and rapid deployment.

We are a one stop shop for broadband wireless technology and complete end-to-end wireless backhaul solutions. We provide a full range of point-to-point wireless backhaul, point-to-multipoint networks, microwave, E-band, millimeter-wave, WiMAX, WLAN, Wi-Fi, LTE, tower construction services, and CCTV/video surveillance solutions.

Wireless Services

This is what we do best.

Here are just a few of our wireless networking services:

- Microwave path installation & maintenance
- Path Profile design & studies
- Point-to-point networks
- Licensed & unlicensed frequencies
- Factory trained & certified radio/antenna installers
- ComTrain certified tower climbers
- Extended services warranty packages available
- Indoor wireless access point networks/WLANs
- Tower lighting maintenance & monitoring
- Portable rental towers

Site Survey & Design Services

*Not sure if your networks are working correctly?
Need a network design and don't know where to start?*

We offer comprehensive site survey and design services including:

- Grounding test/inspection
- Spectrum analysis/RF studies
- Microwave path studies
- Line-of-sight (LOS) verification
- Tower inspection
- Site surveys
- Comprehensive reports, quotes and recommendations
- Grant writing assistance
- Fiber, coax, and copper line testing & certification

Tower Construction

Need a communications tower? We make the process a breeze no matter what your wireless situation.

We can handle:

- Every phase of installation, from foundation to tower erection
- FAA/FCC compliance determination
- NEPA studies
- SHPO studies
- Tribal compliance
- Underground utility locates
- All tower sites grounded according to Motorola R56 standards
- All JTS towers are designed to the latest TIA revisions
- Two ComTrain certified tower safety trainers on staff
- Tower lighting installation, maintenance and monitoring
- Specify and construct towers from vendors such as Sabre, Rohn and Trylon
- Project management throughout the entire process

Portable Rental Towers

JTS offers 105' Portable Rental Towers (PRTs) for lease on a weekly or monthly basis (including an initial set up and decommissioning fee). These self-guying towers (no ground anchors are required) are ideal for emergency and temporary needs such as:

- Interim sites
- Emergency/disaster recovery
- Temporary communications
- Emergency communications
- Mobile command center
- Increasing site capacity
- Construction sites
- Special events, street fairs, festivals, etc.
- Permanent site
- Surveillance
- Security, and other unique applications

Project Management

At JTS we offer a variety of solutions to fit your business' needs, backed up with a team of professionals with years of experience in the field.

When it comes to project management, our goal is to identify and exceed the needs of each of our customers. We firmly believe that your success is our success. Our experienced group of project managers take pride in their work, managing each project from start to finish with a practical yet progressive approach that keeps everyone in touch and informed through every step. The biggest tool in our toolbox is JobPro allowing itemized tracking of KPI's and metrics for accurate understanding and live updates of project status. We are aware and respectful of the importance of keeping a project on time and on budget.

JTS offers a multitude of products and services customizing what we offer to your specific needs. Everything from wireless, wireline, hybrid networking and much, much more. Call us today and let JTS be your partner in providing the best for your next project.
