Overview

iCaught Incorporated is a provider of imaging hardware, document management software, and related services that delivers access to important company information on demand.

iCaught has relationships with all major production scanner manufacturers – Canon, Epson, Fujitsu, Kodak. We have extensive knowledge of a variety of scanners ranging from personal, desktop, workgroup, departmental, low volume to mid-volume scanners. We ask the right questions to help with your purchase of a scanner, warranty, consumables, and parts that fit your budget and needs.

Our selected document management software – Document Manager by Document Logistix provides a flexible platform for completely paperless business processes and highly efficient archiving. Document Logistix's affordable and scalable document management and archiving software enables businesses to manage their internal paperwork and workflows more effectively, to cut their dependence on printers, to accelerate invoice approval processes and to reduce their carbon footprint. All of this ensures a rapid return on investment for your document management software.

Knowledge, experience, flexibility, and commitment:

- Take the time to understand your requirements
- Advise you on the best practice for managing and protecting your documents.
- Efficiently capture and correctly index documents so they can be retrieved on demand.
- Tailor the system to how you prefer to work when searching and retrieving documents.
- Provide security and peace of mind that your documents are protected.

At iCaught you focus on our core competencies, and we focus on your data. Together, we focus on your business's success.
