Overview

Cardinal Tracking provides agile software systems development, third-party integration services and support that focus on innovating public safety and parking management initiatives for the public sector. Our public safety software line includes records management, computer-aided dispatch, mobile field reporting, electronic citation and court management systems. Our parking software products include parking enforcement and management systems. With over 30 years of experience and 400 installations, Cardinal leverages our wealth of technology expertise to provide flexible, automated solutions and offer our customers best-in-class service. We are committed to supporting our customers to ensure they succeed when serving their communities.
