Overview

Alterman's cost-effective design; installation; and low voltage cabling services, are all accomplished with industry-leading products and services. Our expertise also includes the implementation of fiber optic and copper media hardware, computer networking, telephone interconnection and Uninterruptible Power Supply (UPS) Systems. Our commitment to excellence and use of a wide range of state-of-the-art testing and splicing equipment. Alterman Technologies is licensed by the Texas Department of Public Safety as a Security Contractor, Alarm System Contractor, and an Electronic Controlled Access Company. Our Audio-Visual staff includes Certified Technology Specialists (CTS) with experienced field technicians to support the requirements for each of our clients. Our team is professional and proficient in design, assist, and installation of our client's preferred system. With our experience and knowledge, we can provide end users with the training and support they deserve.
