Overview

KEV Group provides the most comprehensive activity fund management solution that enables K-12 schools to manage every dollar efficiently, accurately, and consistently. By seamlessly integrating and automating all activity fund management processes, the SchoolCash platform provides real-time visibility and control over how districts and schools create, collect, manage, track, and reconcile activity funds.

Once implemented, SchoolCash acts as the hub of your school's activity fund management process. District staff and school staff access the web-based solution based on secure, pre-determined user roles assigned by a District Admin., while parents/guardians log in through an account created in our online payment solution

Parents/guardians benefit from an easy-to-use solution that offers convenience and supports all payment types. More than 17,500 schools across North America rely on SchoolCash to manage over \$3 billion in activity funds annually.
