### **Overview**

Plante Moran is a leader in providing services to K12 and other public sector clients. We have provided IT assessments, technology design, business analytics, cybersecurity and ERP consulting services for educational clients for 30 years. We take pride in our reputation as a provider of quality professional services to over 400 public sector clients. Our extensive experience with clients has enabled us to assemble a team of professionals capable of providing a broad array of services for education and government. We are completely vendor independent of ERP providers, allowing our consultants to assist clients in selecting the most appropriate solution based solely on the client's current situation and future goals and objectives. Our services address virtually all aspects of information systems including: ERP Software Consulting • Assessment & requirements definition • Solution selection • Contract negotiations • Implementation management • Independent IV & V • Change management Technology/Process assessment • Business process evaluation & redesign • IT assessment • Strategic planning • Acquisition management • Sourcing • Cloud strategy Infrastructure & design • Network assessment • Design & acquisition • Implementation management • Video surveillance/door • access control • Enterprise wired/wireless • design & selection • Independent verification & validation Cybersecurity • HIPAA/HITECH compliance • Disaster planning • SAS70/SSAE16/SOC assessment • IT audit • IT risk assessment • PCI DSS assessment & Network security assessment Data analytics • Analytics assessment • Data strategy development • Data management platform assessment and selection • Data usage and visualization • Data integration and quality
