Overview

RSS is a former roofing manufacturer's representative with over 40 years experience in building envelope construction. We continue to hold the TIPS-USA Trades, Labor & Materials Part 1 and Part 2 contract. However, since TIPS is a multi-source awarded contract, RSS can assist you with procuring ANY item that requires materials and/or labor with ANY manufacturer and/or contractor. The fact that we are no longer a manufacturers representative is a plus for you since we are not biased by specific manufacturers. In addition, we are not a contractor.

We are simply here to assist you with the procurement process from a neutral perspective.

We can recommend contractors we have worked with previously, or we can help your preferred contractor(s) become a TIPS vendor.
