Overview

LIVVGreen is a distributor of cloud based Air-Processors, a Hi-Efficiency HVAC control system that monitors the unique performance capabilities of each rooftop unit and maximizes performance based on real-time conditions.

UVC air purification process: Hospital proven, UVC technology, deactivates and destroys 99.99% of remaining airborne contaminants. In a small way we are turning your facility into an operating room.

Duritex™ Filters: Merv 13 filters treated with Duritex™ to actively kill/remove ultra-fine particles, including viruses, bacteria, allergens and other pollutants.

The liability of having employees' handling unsafe used and contaminated filter media is a real health and safety problem waiting to happen. Duritex™ Filters solves this liability issue both safely and cost effectively.
