Overview

Elite Turf USA offers the only 100% recyclable synthetic turf system in the country. Our woven interlocked turf system has virtually no fiber loss, drains twice as fast as competitors, provides a 10 Year Warranty which is two years longer than the standard. We use a Recycled Plastic TPE infill that contains no heavy metals or carcinogens making it safer for your athletes. We also use a 20mm ProPlay pad to allow our fields to play firm but test soft. The Elite Turf USA POWER system scores off the charts in both playability and safety parameters based on third party sports testing data.
