Overview

Inception Lighting's Color Changing, "Cloud" Controlled, LED architectural accent lighting is a high-tech, cost-efficient, perennial solution to the troublesome annual problem of installing, maintaining, and changing holiday and event lights in a Commercial, School, or Municipal setting. Our sophisticated product takes exterior lighting to a whole new level with a near-infinite variety of color-changing lighting schemes and easy-to-use "Cloud" control technology. You can create the perfect ambiance year-round without detracting from your building's exterior. During the day our product looks like decorative molding, designed to line the top edge of a structure. At night our product provides bright, color-changing lighting that communicates a holiday celebration or special occasion.
