Overview

We work hard to add new products that exceed customer expectations. Fomcore was launched late in 2016 to service the commercial/educational segment. We are a locally owned and operated company and pride ourselves in being a leader in the industry when it comes to functional style, durability, flexibility, and customer service.

Our product offerings provide beautiful solutions for classroom, media center, lounge and reception areas that are built to hold up to high use. Fomcore's seating lines are made from single-cut foam components to provide a more sustainable and cost-effective solution for any facility. We have hundreds of color options in fabrics and vinyl for our customers to choose from to give them exactly what they are looking for. We coordinate directly with dealers nationwide and can get you in contact with a soft seating specialist in your area.
