## Welcome to the Dynamic Small Business Search

All search form hotlinks open a new browser window.

All form fields that require typing in data have "tooltips" with data format information.

## Search Guidance

### NEW FEATURES FOR MOBILE USERS:

Phone number hotlinks can be used to dial the number on mobile phones.  
Address hotlinks can be used to show the address in Google Maps.

**This is generally a self-certifying database. The SBA does not make any representation as to the accuracy of any of the data included, other than certifications relating to 8(a) Business Development, HUBZone or Small Disadvantaged Business status. The SBA strongly recommends that contracting officers diligently review a bidder's small business self-certification before awarding a contract.**

## Search Results Display Options

### Search Results Display Options

Maximum number of profiles to be returned at a time:

Show All ▼

Note: "Show All" shows as many profiles as you're allowed to receive, which may increase that limit to 5000. But due to a database restriction, adding "one-to-many" fields to the profile list (next item), lowers the limit to 1000. Choosing HTML Import format, below, automatically sets "Show All".

Show the following fields in the profile list:

Name and Trade Name of Firm; Contact; Address and City, State Zip; Capabilities Narrative; E-mail Address

Edit the columns to be displayed

Font Size (these usually affect all formats except HTML Import as text):
