

TIPS VENDOR AGREEMENT

Between Lexmark International, Inc. **and**
(Company Name)

THE INTERLOCAL PURCHASING SYSTEM (TIPS)

For

RFP 170904 Managed Print Services

General Information

The Vendor Agreement (“Agreement”) made and entered into by and between The Interlocal Purchasing System (hereinafter referred to as “TIPS” respectfully) a government cooperative purchasing program authorized by the Region 8 Education Service Center, having its principal place of business at 4845 US Hwy 271 North, Pittsburg, Texas 75686. This Agreement consists of the provisions set forth below, including provisions of all Attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any Attachment, the provisions set forth shall control.

The vendor Agreement shall include and incorporate by reference this Agreement, the terms and conditions, special terms and conditions, any agreed upon amendments, as well as all of the sections of the Solicitation (RFP, RCSP, RFQ) as posted, including any addenda and the awarded vendor’s proposal. Once signed, if an awarded vendor’s proposal varies or is unclear in any way from the TIPS Agreement, TIPS, at its sole discretion, will decide which provision will prevail. Other documents to be included are the awarded vendor’s proposals, task orders, purchase orders and any adjustments which have been issued. If deviations are submitted to TIPS by the proposing vendor as provided by and within the solicitation process, this Agreement may be amended to incorporate any agreed deviations.

The following pages will constitute the Agreement between the successful vendors(s) and TIPS.

Definitions

PURCHASE ORDER is the TIPS Member’s approval providing the authority to proceed with the negotiated delivery order under the Agreement. Special terms and conditions as agreed to between the vendor and TIPS Member should be added as addendums or deleted from the PO. Items such as certificate of insurance, bonding requirements, small or disadvantaged business goals are examples of possible addenda.

Terms and Conditions

Freight

If applicable, all quotes to Members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating "No Charge" or "\$0" or other similar indication. Shipping, delivery or freight charges shall be passed through at cost to the TIPS Member.

Customer Support

The Vendor shall provide timely and accurate customer support to TIPS Members. Vendors shall respond to such requests within one (1) working day after receipt of the request. Vendor shall provide training regarding products and services supplied by the Vendor unless otherwise clearly stated in writing at the time of purchase. (Unless training is a line item sold or packaged and must be purchased with product.)

Agreements

All Agreements and agreements between Vendors and TIPS Members shall strictly adhere to all applicable statutes and codes.

Agreements for purchase will normally be put into effect by means of a purchase order(s) or other similar document or contract executed by authorized agent(s) of the purchasing TIPS Member.

Davis Bacon Act requirements will be met for construction and/or repair of buildings unless otherwise agreed with the TIPS Member.

Tax exempt status

A taxable item sold, leased, rented to, stored, used, or consumed by any of the following governmental entities is exempted from the taxes imposed by this chapter: (1) the United States; (2) an unincorporated instrumentality of the United States; (3) a corporation that is an agency or instrumentality of the United States and is wholly owned by the United States or by another corporation wholly owned by the United States; (4) the State of Texas; (5) a Texas county, city, special district, or other political subdivision; or (6) a state, or a governmental unit of a state that borders Texas, but only to the extent that the other state or governmental unit exempts or does not impose a tax on similar sales of items to this state or a political subdivision of this state. Texas Tax Code § 151.309.

Assignments of Agreements

No assignment of Agreement may be made without the prior written approval of TIPS. Payment made by a TIPS Member can only be made to the awarded Vendor or vendor assigned dealer.

Disclosures

1. Vendor affirms that he/she has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.

2. Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with TIPS under a TIPS Agreement.
3. The vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

Renewal of Agreements

The Agreement with TIPS is for three (3) years with an option for renewal for additional one (1) consecutive year as provided in the related solicitation as specified on page one of this agreement. Total term of Agreement can be up to the number of years provided in the solicitation. The renewal option for the one additional year is at the agreement of the parties.

Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

NO AGREEMENT FOR GOODS OR SERVICES WITH A TIPS MEMBER BY THE AWARDED VENDOR NAMED IN THIS AGREEMENT THAT RESULTS FROM THE SOLICITATION AWARD NAMED IN THIS AGREEMENT, MAY INCORPORATE AN AUTOMATIC RENEWAL CLAUSE WITH WHICH THE TIPS MEMBER MUST COMPLY. ALL RENEWAL TERMS INCORPORATED IN AN AGREEMENT BY THE VENDOR WITH THE TIPS MEMBER SHALL ONLY BE VALID AND ENFORCEABLE WHEN THE VENDOR RECEIVES WRITTEN CONFIRMATION BY PURCHASE ORDER OR EXECUTED AGREEMENT ISSUED BY THE TIPS MEMBER FOR ANY RENEWAL PERIOD. THE PURPOSE OF THIS CLAUSE IS TO AVOID A TIPS MEMBER INADVERTENTLY RENEWING AN AGREEMENT DURING A PERIOD IN WHICH THE GOVERNING BODY OF THE TIPS MEMBER HAS NOT PROPERLY APPROPRIATED AND BUDGETED THE FUNDS TO SATISFY THE AGREEMENT RENEWAL. THIS TERM IS NOT NEGOTIABLE AND ANY AGREEMENT BETWEEN A TIPS MEMBER AND A TIPS AWARDED VENDOR WITH AN AUTOMATIC RENEWAL CLAUSE THAT CONFLICTS WITH THESE TERMS IS RENDERED VOID AND UNENFORCEABLE AS TO THE AUTOMATIC RENEWAL CLAUSE.

Shipments (If Applicable)

The Vendor shall ship ordered products within a commercially reasonable time after the receipt of the order. If a product cannot be shipped within that time, the Vendor shall notify TIPS and the TIPS Member as to why the product has not shipped and shall provide an estimated shipping date, if applicable. TIPS or the TIPS Member may cancel the order if estimated shipping time is not acceptable.

Invoices

The Vendor or, if applicable, the vendor assigned dealer shall submit invoices, to the TIPS Member. Each invoice shall include the TIPS Member's purchase order number. The shipment

tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request. The Vendor or vendor assigned dealer shall not invoice for partial shipments unless agreed to in writing in advance by TIPS or the TIPS Member.

Payments

The TIPS Member will make payments directly to the Vendor or vendor assigned dealer as agreed by the TIPS Member.

Pricing

The Vendor agrees to provide pricing to TIPS and TIPS Member entities that is at least equal to the lowest pricing available from the vendor to like cooperative purchasing customers in like situations and the pricing shall remain so throughout the duration of the Agreement. All pricing submitted to TIPS shall include the participation fee, as designated in the solicitation or as otherwise agreed in writing, to be remitted to TIPS by the Vendor. Vendor shall not show adding the fee to the invoice presented to TIPS Member customer. Failure to render the participation fee to TIPS shall constitute a breach of this agreement and shall be grounds for termination of this agreement and any other agreement held with TIPS.

Participation Fees

Fees for this award are 2%.

Vendor or vendor assigned dealer agrees to pay TIPS on a monthly scheduled report the participation fee for all Agreement sales to Tips Members utilizing a TIPS awarded contract. Vendor must login to the TIPS database and use the "Submission Report" section to report sales. The Vendor or vendor assigned dealers are responsible for keeping records of all sales that go through the TIPS Agreement. Failure to pay the participation fee will result in termination of Agreement. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

Indemnity

- 1. Indemnity for Personality Agreements.** Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees, from and against all claims and suits for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and attorney's fees, arising out of, or resulting from, Vendor's performance of this Agreement or sales made to TIPS Members under this agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, invitees, unless such claims are based in whole upon the negligent acts or omissions of the TIPS, TIPS Member(s), officers, employees, or agents. If based in part upon the negligent acts or omissions of the TIPS, TIPS Member(s), officers, employees, or agents, Vendor shall be responsible for their proportional share of the claim.

- 2. Indemnity for Performance Agreements.** The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and attorney's fees, arising out of, or resulting from, Vendor's work under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees, unless such claims are based in whole upon the negligent acts or omissions of the TIPS, TIPS Member(s), officers, employees, or agents. If based in part upon the negligent acts or omissions of the TIPS, TIPS Member(s), officers, employees, or agents, Vendor shall be responsible for their proportional share of the claim.

State of Texas Franchise Tax

By signature hereon, the bidder hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

Miscellaneous

Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items already on Agreement at any time.

Purchase Order Pricing/Product Deviation

If a deviation of agreed pricing/product on a purchase order from a TIPS Member pursuant to this Agreement occurs, TIPS shall be notified within 48 hours of receipt of order.

Termination for Convenience

TIPS reserves the right to terminate this agreement for cause or no cause for convenience with a thirty-day written notice. Termination for convenience is required under Federal Regulations 2 CFR part 200. All purchase orders presented to the Vendor by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded vendor may terminate the agreement with ninety (90) days written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686.

TIPS Member Purchasing Procedures

Purchase orders or their equal are issued by participating TIPS Member to the awarded vendor indicating on the PO "TIPS Agreement Number". Order is emailed to TIPS at tipspo@tips-usa.com.

- Awarded vendor delivers goods/services directly to the participating Member.
- Awarded vendor invoices the participating TIPS Member directly.
- Awarded vendor receives payment directly from the participating Member.
- Awarded vendor reports sales monthly to TIPS (unless prior arrangements have been made with TIPS to report otherwise).

Supplemental Agreements

The TIPS Member and awarded vendor may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this Agreement i.e. invoice requirements, ordering requirements, specialized delivery, etc. Any supplemental agreement developed as a result of this Agreement is exclusively between the participating entity and awarded vendor. TIPS, its agents, TIPS Members and employees shall not be made party to any claim for breach of such agreement.

INDEMNITY UNDER A SUPPLEMENTAL AGREEMENT:

ANY SUPPLEMENTAL AGREEMENT BETWEEN THE TIPS OR A TIPS MEMBER AND THE VENDOR THAT REQUIRES TIPS OR THE TIPS MEMBER TO INDEMNIFY ANY OTHER PARTY, EXCEPT TO THE EXTENT PERMITTED BY THE APPLICABLE CONSTITUTION, LAWS OR REGULATIONS OF THE JURISDICTION OF THE LOCATION OF THE TIPS MEMBER OR THE LOCATION OF THE PERFORMANCE OF THE CONTRACT UNDER THIS AGREEMENT, IS NOT PERMITTED UNDER THIS AGREEMENT AND RENDERS THE INDEMNITY REQUIREMENT NULL AND VOID AS IT APPLIES TO TIPS OR THE TIPS MEMBER'S RESPONSIBILITY TO INDEMNIFY ANY PARTY.

Licenses

Awarded vendor shall maintain, in current status, all federal, state and local licenses, bonds and permits required for the operation of the business conducted by awarded vendor. Awarded vendor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of services under the Agreement. TIPS reserves the right to stop work and/or cancel Agreement of any awarded vendor whose license(s) expire, lapse, are suspended or terminated.

Novation

If awarded vendor sells or transfers all assets or the entire portion of the assets used to perform this Agreement, a successor in interest must guarantee to perform all obligations under this Agreement. TIPS reserves the right to accept or reject assignment of this agreement. A simple change of name agreement will not change the Agreement obligations of awarded vendor.

Site Requirements (Only when applicable to service or job)

Cleanup: Awarded vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by TIPS Member. Upon completion of work, the premises shall be left in good repair and an orderly, neat, clean and unobstructed condition.

Preparation: Awarded vendor shall not begin a project for which TIPS Member has not prepared the site, unless awarded vendor does the preparation work at no cost, or until TIPS Member includes the cost of site preparation in a purchase order.

Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

Registered sex offender restrictions: For work to be performed at schools, awarded vendor agrees that no employee of a sub-contractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or reasonably expected to be present. Awarded vendor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at the TIPS Member's discretion. Awarded vendor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

Safety measures: Awarded vendor shall take all reasonable precautions for the safety of employees on the worksite, and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Awarded vendor shall post warning signs against all hazards created by the operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

Smoking

Persons working under Agreement shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.

Invoices

The awarded vendor shall submit invoices to the TIPS Member clearly stating "Per TIPS Agreement". The shipment tracking number or other applicable pertinent information for verification shall be made available upon request.

Marketing

Subject to the terms and conditions of this Agreement, Lexmark grants to TIPS a non-exclusive, non-transferable, royalty-free license without the right to sublicense to (i) reproduce the Lexmark name and logo (collectively, the "Lexmark Trademarks") in connection with collateral advertising, marketing, selling or offering for sale Lexmarks' MPS services and associated imaging products (collectively, the "Lexmark Offerings"); and (ii) display the Lexmark Trademarks on Licensee's website in connection with the Lexmark Offerings. TIPS shall comply with any and all requirements established by Lexmark concerning the style, design, display, and use of the Lexmark Trademarks, and Lexmark shall be the sole judge of whether TIPS has met or is meeting the standards so established. Lexmark may, at any time, review TIPS's website and/or require TIPS to submit any and all advertising copy and other collateral bearing the Lexmark Trademarks to ensure the Lexmark Trademarks are being used in accordance with Lexmark's trademark guidelines and this Agreement, and TIPS shall immediately comply with all changes requested by Lexmark. TIPS shall not: (a) use the Lexmark Trademarks or any of its elements in connection with any search engine optimization or as part of any composite mark not approved in advance in writing by Lexmark; (b) challenge the validity or enforceability of the Lexmark Trademarks; (c) acquire any proprietary rights in the Lexmark Trademarks by reason of any activities under this Agreement or otherwise; or (d) use the Lexmark Trademarks in any manner which (i) could cause confusion as to the source of the Lexmark Offerings; (ii) is morally offensive or otherwise

objectionable to Lexmark; (iii) defames, tarnishes or otherwise damages the reputation of Lexmark or any of its suppliers or customers; (iv) disparages Lexmark or the Lexmark Offerings; or (v) violates any state, federal or foreign law or regulation. All uses of the Lexmark Trademarks by TIPS and any additional goodwill created thereby shall inure to the benefit of Lexmark, and TIPS's rights to use the Lexmark Trademarks shall cease immediately upon expiration or termination of this Agreement.

Survival Clause

All applicable software license agreements, warranties or service agreements that were entered into between Vendor and Customer under the terms and conditions of the Agreement shall survive the expiration or termination of the Agreement. All Orders, Purchase Orders issued or contracts executed by TIPS or a TIPS Member and accepted by the Vendor prior to the expiration or termination of this agreement, shall survive expiration or termination of the Agreement, subject to previously agreed terms and conditions agreed by the parties or as otherwise specified herein relating to termination of this agreement.

Legal obligations

It is the responding vendor's responsibility to be aware of and comply with all local, state and federal laws governing the sale of products/services identified in this RFP and any awarded Agreement thereof. Applicable laws and regulations must be followed even if not specifically identified herein.

Audit rights

Awarded Vendor shall, at their sole expense, maintain appropriate due diligence of all purchases made by TIPS Member that utilizes this Agreement. TIPS and Region 8 ESC each reserve the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of three (3) years from the effective date of termination. TIPS shall have authority to conduct random audits of Awarded Vendor's pricing that is offered to TIPS Members. Notwithstanding the foregoing, in the event that TIPS is made aware of any pricing being offered to eligible entities that is materially inconsistent with the pricing under this agreement, TIPS shall have the ability to conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 8 ESC or TIPS. TIPS shall bear the cost of such audit requested by TIPS, but all documents maintained by the vendor shall be produced and made available to TIPS or its agents at no cost.

Force Majeure

If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and fully particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

Acceptance of work by TIPS Member

When a Vendor performs services for a TIPS Member, the TIPS Member will inspect the work for acceptance under the scope and terms in the PO. The TIPS Member will request any corrective actions that are required. Upon completion of these actions and not before, the TIPS Member will be obligated to compensate the Vendor as agreed.

Support Requirements

If there is a dispute between the awarded vendor and TIPS Member, TIPS or its representatives will assist in conflict resolution or third party (mandatory mediation), if requested by either party. TIPS, or its representatives, reserves the right to inspect any project and audit the awarded vendors TIPS project files, documentation and correspondence. In the event mediation fails to bring the involved parties to compromise, all Parties reserve the right to pursue legal actions arising from this Agreement to the extent allowable under Governing Law and no binding arbitration shall be required by any party to a dispute arising out of this Agreement and Award of TIPS RFP 171104 Managed Print Services.

Bonding

Only when applicable, performance bonds and payment bonds will be required on construction or labor required jobs. Awarded vendor will meet the TIPS member's local and state purchasing requirements. Awarded vendors may need to provide additional capacity as jobs increase. Bonds will not require that a fee be paid to TIPS. The actual cost of the bond will be a pass through to the TIPS member and added to the purchase order or Agreement.

Incorporation of Solicitation

The TIPS Solicitation, Request for Proposals, Request for Qualifications or the Request for Competitive Sealed Proposals solicitation and all associated documents and forms made part of the solicitation process, including any addenda, that resulted in the execution of this agreement are hereby incorporated by reference into this agreement as if copied verbatim.

Scope of Services

The specific scope of work for each job shall be determined in advance and in writing between TIPS Member and Awarded vendor. It is okay if the TIPS member provides a general scope, but the awarded vendor should provide a written scope of work to the TIPS member as part of the proposal. Once the scope of the job is agreed to, the TIPS member will issue a PO and/or an Agreement with the estimate referenced as an attachment along with bond and any other special provisions agreed to for the TIPS member. If special terms and conditions other than those covered within this solicitation and awarded Agreements are required, they will be attached to the PO and shall take precedence over those in the base Agreement.

Project Delivery Order Procedures

The TIPS member having approved and signed an interlocal agreement, or other TIPS membership document, may make a request of the awarded vendor under this Agreement when the TIPS member has services that need to be undertaken. Notification may occur via phone, the web, email, fax, or in person.

Upon notification of a pending request, the awarded vendor shall make contact with the TIPS member as soon as possible, but must make contact with the TIPS member within two working days.

Scheduling of Construction Projects (when applicable)

Scheduling of projects (if applicable) will be accomplished when the TIPS member issues a purchase order that will serve as "the notice to proceed". The period for the delivery order will include the mobilization, materials purchase, installation and delivery, design, weather, and site cleanup and inspection. No additional claims may be made for delays as a result of these items. When the tasks have been completed the awarded vendor shall notify the client and have the TIPS member inspect the work for acceptance under the scope and terms in the PO. The TIPS member will issue in writing any corrective actions that are required. Upon completion of these items, the TIPS member will issue a completion notice and final payment will be issued.

Special Terms and Conditions

It is the intent of TIPS to Agreement with a reliable, high performance vendor to supply products and services to government and educational agencies. It is the experience of TIPS that the following procedures provide TIPS, the Vendor, and the participating agency the necessary support to facilitate a mutually beneficial relationship. The specific procedures will be negotiated with the successful vendor.

NEW STATUTORY REQUIREMENT EFFETIVE SEPTEMBER 1, 2017.

You certify that your company (1) does not boycott Israel; and (2) will not boycott Israel during the term of the Agreement. Texas governmental entities are prohibited from doing business with companies that fail to certify to this condition as required by Texas Government Code Sec. 2270.

You certify that your company is not listed on and we do not do business with companies that are on the Texas Comptroller of Public Accounts list of Designated Foreign Terrorists Organizations per Texas Gov't Code 2270.0153 found at <https://comptroller.texas.gov/purchasing/docs/foreign-terrorist.pdf>

- **Agreements:** All orders made by TIPS Members to the awarded vendor must be emailed to TIPS at tipspo@tips-usa.com. Should a TIPS Member send an order direct to vendor, it is the vendor's responsibility to forward the order to TIPS at the email above within three (3) business days and confirm its receipt with TIPS.
- **Promotion of Agreement:** It is agreed that Vendor will encourage all eligible entities to purchase from the TIPS Program. Encouraging entities to purchase directly from the Vendor and not through TIPS Agreement is a breach of this agreement terms and conditions and will result in termination and rescission of this agreement and removal of the Vendor from the TIPS Program.
- **Daily Order Confirmation:** All Agreement purchase orders will be approved daily by TIPS and sent to vendor. The vendor must confirm receipt of orders to the TIPS Member (customer) within two (2) business days.
- **Vendor custom website for TIPS:** If Vendor is hosting a custom TIPS Agreement catalog website, then any updated pricing must be posted by 1st of each month. Any increase in a "catalog" price, as defined herein, is not effective until it is published in the vendor's "catalog" as defined herein.
- **Back Ordered Products:** If product is not expected to ship within 7 business days, customer is to be notified within 24 hours of order receipt and appropriate action taken based on customer request.

1. By agreeing to the Attribute question #56, the vendor and prospective lower tier participant is providing the certification set out herein in accordance with these instructions.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and / or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participants," "person," "primary covered transaction," "principal," "proposal" and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this form that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction" without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this

transaction originated may pursue available remedies, including suspension and / or debarment.

56 Suspension or Debarment Certification

Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

By submitting this offer and certifying this section, this bidder:
Certifies that no suspension or debarment is in place, which would preclude receiving a federally funded contract as described above.

57 Non-Discrimination Statement and Certification

In accordance with Federal civil rights law, all U.S. Departments, including the U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.
Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.
To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at How to File a Program Discrimination Complaint and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.
(Title VI of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; the Age Discrimination Act of 1975; Title 7 CFR Parts 15, 15a, and 15b; the Americans with Disabilities Act; and FNS Instruction 113-1, Civil Rights Compliance and Enforcement – Nutrition Programs and Activities)
All U.S. Departments, including the USDA are equal opportunity provider, employer, and lender.

Not a negotiable term. Failure to agree will render your

proposal non-responsive and it will not be considered. I certify that in the performance of a contract with TIPS or its members, that our company will conform to the foregoing anti-discrimination statement and comply with the cited and all other applicable laws and regulations.

61	2 CFR PART 200 Clean Air Act	Yes
62	2 CFR PART 200 Byrd Anti-Lobbying Amendment	Yes
63	2 CFR PART 200 Federal Rule	Yes

Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Pursuant to the Clean Air Act, et al above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members requires that the proposer certify that during the term of an award by the ESC Region 8 and TIPS Members resulting from this procurement process the vendor agrees to comply with all of the above regulations, including all of the terms listed and referenced therein. Does vendor agree?

Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members requires the proposer certify that during the term and during the life of any contract with ESC Region 8 and TIPS Members resulting from this procurement process the vendor certifies to the terms included or referenced herein. Does vendor agree?

Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of \$100,000) Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members requires the proposer certify that in performance of the contracts, subcontracts, and subgrants of amounts in excess of \$100,000, the vendor will be in compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). Does vendor certify that it is in compliance with the Clean Air Act?

64	2 CFR PART 200 Procurement of Recovered Materials	<p>A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.</p> <p>Does vendor certify that it is in compliance with the Solid Waste Disposal Act as described above?</p>	Yes
65	Indemnification	<p>The ESC Region 8 and TIPS is a Texas Political Subdivision and a local governmental entity; therefore, is prohibited from indemnifying third parties pursuant to the Texas Constitution (Article 3, Section 52) except as specifically provided by law or as ordered by a court of competent jurisdiction. A provision in a contract to indemnify or hold a party harmless is a promise to pay for any expenses the indemnified party incurs, if a specified event occurs, such as breaching the terms of the contract or negligently performing duties under the contract. Article III, Section 49 of the Texas Constitution states that "no debt shall be created by or on behalf of the State ... " The Attorney General has counseled that a contractually imposed obligation of indemnity creates a "debt" in the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Contract clauses which require the System or institutions to indemnify must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas." Liquidated damages, attorney's fees, waiver of vendor's liability, and waiver of statutes of limitations clauses should also be deleted or qualified with "to the extent permitted by the Constitution and laws of State of Texas."</p> <p>Not a negotiable term. Failure to agree will render your proposal non-responsive and it will not be considered. Do you agree to these terms?</p>	Yes

66 Remedies	<p>The parties shall be entitled to exercise any right or remedy available to it either at law or in equity, subject to the choice of law, venue and service of process clauses limitations agreed herein. Nothing in this agreement shall commit the TIPS to an arbitration resolution of any disagreement under any circumstances. Any Claim arising out of or related to the Contract, except for those specifically waived under the terms of the Contract, may, after denial of the Board of Directors, be subject to mediation at the request of either party. Any issues not resolved hereunder must be referred to non-binding mediation to be conducted by a mutually agreed upon mediator as a prerequisite to the filing of any lawsuit over such issue(s). The parties shall share the mediator's fee and any associated filing fee equally. Mediation shall be held in Camp or Titus County, Texas. Agreements reached in mediation shall be reduced to writing, and will be subject to the approval by the District's Board of Directors, signed by the Parties if approved by the Board of Directors, and, if signed, shall thereafter be enforceable as provided by the laws of the State of Texas.</p> <p>Do you agree to these terms?</p>	Yes, I Agree

81 Solicitation Exceptions/Deviations Explanation	<p>If the bidder intends to deviate from the General Conditions Standard Terms and Conditions or Item Specifications listed in this proposal invitation, all such deviations must be listed on this attribute, with complete and detailed conditions and information included or attached.</p> <p>TIPS will consider any deviations in its proposal award decisions, and TIPS reserves the right to accept or reject any bid based upon any deviations indicated below or in any attachments or inclusions.</p> <p>In the absence of any deviation entry on this attribute, the proposer assures TIPS of their full compliance with the Standard Terms and Conditions, Item Specifications, and all other information contained in this Solicitation.</p>	Not applicable.
82 Agreement Deviation/Compliance	Does the vendor agree with the language in the Vendor Agreement?	No

If the proposing Vendor desires to deviate from the Vendor Agreement language, all such deviations must be listed on this attribute, with complete and detailed conditions and information included. TIPS will consider any deviations in its proposal award decisions, and TIPS reserves the right to accept or reject any proposal based upon any deviations indicated below. In the absence of any deviation entry on this attribute, the proposer assures TIPS of their full compliance with the Vendor Agreement.

Lexmark's exception to the TIPS Vendor Contract:

- Indemnity: Lexmark requests this section be modified as follows:

- Indemnity for Personality Agreements: Lexmark requests that the Indemnity for Personality Contracts be deleted from the agreement in its entirety.

- Indemnity for Performance Agreements: Lexmark requests this section be modified as follows:

"The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all third-party claims and suits for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and attorney's fees, to the extent caused by Vendor's work under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees."

Lexmark requests a reciprocal clause.

- Termination for Convenience: Lexmark requests the following addition to this section:

"The parties acknowledge that Vendor will incur significant upfront costs as a result of deployment of services to TIPS Members. The parties further acknowledge that such costs have been included in the Minimum Monthly Pages to be billed to TIPS Member and are expected to be recovered over the Term of the Agreement. TIPS Members obligations with respect to repayment of such costs for deployed the services is absolute, unconditional and noncancelable. In the event this agreement, or a TIPS Member purchase order, is terminated for convenience, Vendor has the right to receive cancellation ceiling costs associated with devices delivered prior to the termination notice."

- Support Requirements: Lexmark requests the following addition to this section:

"In the event mediation fails to bring the involved parties to compromise, Lexmark reserves the right to pursue legal actions arising from this

Agreement to the extent allowable under Governing Law."

- Marketing: Lexmark requests the following modification to this section: "Any use of the Lexmark International, Inc. name and logo must have prior written approval from Lexmark International, Inc."

84 Texas Business and Commerce Code § 272
Requirements as of 9-1-2017

SB 807 prohibits construction contracts to have provisions requiring the contract to be subject to the laws of another state, to be required to litigate the contract in another state, or to require arbitration in another state. A contract with such provisions is voidable. Under this new statute, a "construction contract" includes contracts, subcontracts, or agreements with (among others) architects, engineers, contractors, construction managers, equipment lessors, or materials suppliers. "Construction contracts" are for the design, construction, alteration, renovation, remodeling, or repair of any building or improvement to real property, or for furnishing materials or equipment for the project. The term also includes moving, demolition, or excavation. BY RESPONDING TO THIS SOLICITATION, PROPOSER AGREES TO COMPLY WITH THE TEXAS BUSINESS AND COMMERCE CODE § 272 WHEN EXECUTING CONTRACTS WITH TIPS MEMBERS THAT ARE TEXAS GOVERNMENT ENTITIES.

Certification Regarding Lobbying

Applicable to Grants, Subgrants, Cooperative Agreements, and Contracts Exceeding \$100,000 in Federal Funds.

Submission of this certification is a prerequisite for making or entering into this transaction and is imposed by section 1352, Title 31, U.S. Code. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered subawards exceeding \$100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

FELONY CONVICTION NOTICE

FOR RESPONSE TO TIPS SOLICITATION

Statutory citation covering notification of criminal history of contractor is found in the Texas Education Code #44.034. Following is an example of a felony conviction notice:

State of Texas Legislative Senate Bill No. 1, Section 44.034, Notification of Criminal History, Subsection (a), states "a person or business entity that enters into a contract with a school district must give advance notice to the district if the person or an owner or operator of the business entity has been convicted of a felony. The notice must include a general description of the conduct resulting in the conviction of a felony." Subsection (b) states "a school district may terminate a contract with a person or business entity if the district determines that the person or business entity failed to give notice as required by Subsection (a) or misrepresented the conduct resulting in the conviction. The district must compensate the person or business entity for services performed before the termination of the contract."

Warranty Offerings

Warranty Support Options

Lexmark is committed to delivering fast problem resolution and personalized support to get your printers back on the job as quickly as possible. We offer a variety of customizable service plans to help meet your business's unique needs. From basic service coverage to comprehensive support, Lexmark offers a range of plans to meet the specific demands of your output environment and reduce costly printer downtime.

Extended warranties and warranty upgrades that provide additional years of coverage to your standard Lexmark warranty are available to help decrease your business downtime and protect your investment.

Upgrade & Extended Limited Warranty Offerings

Exchange Service

Exchange Service allows the customer to receive a refurbished product in return for a product that has been deemed faulty by a Lexmark technical support representative to require service under the applicable limited warranty.

If the Customer chooses to use Exchange Service, an exchange product will be shipped by Lexmark to the Customer. At Lexmark's option, the Customer may be asked to return the faulty product to Lexmark. The Lexmark technical support representative will provide information on how to package and return the faulty product to Lexmark. Exchange Service is not available for products that have been defaced, altered, or damaged beyond repair.

At Lexmark's discretion, exchange products may be new, refurbished, or may be another new or repaired product of equal or greater capabilities. The exchange product assumes the remainder of the Warranty or Extended Limited Warranty of the returned product.

For certain models, Lexmark will attempt to repair and return the defective product to the customer. If this option is available and the Customer chooses this option, the Customer will be responsible for properly packing the product and taking it to the Lexmark designated carrier. Lexmark will provide packing materials upon request if the original packaging materials are no longer available. The Customer is responsible for any damage resulting from the improper packing of a product sent to Lexmark. Please contact Lexmark to determine if this repair and return option is available for your product model. If the returned product cannot be repaired using commercially reasonable efforts, Lexmark at its discretion may provide a new, refurbished or repaired replacement product.

Onsite Service

Onsite Service is provided at the Customer's business or home location during the contracted Principal Period of Maintenance (PPM). Next-business-day service will generally be provided within the contracted Onsite Service response time, if the call is dispatched by 5:00 p.m. customer local time, provided the service location is within a 50 mile radius of a Lexmark Authorized Service Provider (LASP). For each of the following conditions, add one (1) business day to the contracted Onsite Service response time: 1) Service locations beyond 50 miles from LASP; 2) Service in Hawaii and Alaska.

Onsite Service is not available for all products or products that have been defaced, altered, or damaged beyond repair. Please contact Lexmark to determine if this option is available for your product model.

Extended Warranty Terms & Conditions

The terms and conditions of Lexmark Extended Warranty service, including Exchange service, On-site Repair and Upgrades, apply to products for which Lexmark has issued a Certificate of Registration for Lexmark Extended Warranty service, provided that the product was originally purchased, for business or individual use, from Lexmark, or a Lexmark Remarketer. Coverage is provided in the United States and Puerto Rico. (Payment terms are net thirty (30) days and payment must be received within thirty (30) days of invoice date). The coverage period is as shown on the applicable Certificate of Registration for Extended Warranty service for each covered product. Extended Warranty service does not cover products that have been defaced, altered, or damaged beyond repair.

If the covered product includes options, those options are covered during the term of the Extended Warranty, only when installed on the product for which they were designed. To obtain service for an option covered under Extended Warranty service, it may be necessary to present the option with the entire product.

If the Customer sells a covered product before the Extended Warranty service expires, the warranty coverage may be transferred to the new owner by submitting written notification from the original owner to Lexmark at:

Lexmark International, Inc.
Lexmark Service, Dept. 331A/002-1
740 West New Circle Road
Lexington, Kentucky 40550

Lexmark Extended Warranty service is not a guarantee of uninterrupted or error-free use of a product. Extended Warranty service does not include repair of failures caused by: misuse, neglect, accident, modification, unauthorized attachments, disaster, operation outside the specified operating environment or beyond the limits of the product's duty cycle, improper maintenance by the Customer, use of media outside of Lexmark specifications, failure caused by service of the product by non-authorized servicers, or failure caused by a product, including non-genuine supply products or non-genuine service parts. Next Business Day service does not guarantee a specific service performance metric. Lexmark does not warrant the durability or longevity of prints produced by any product.

Consumable and Repair Parts

Consumable Parts require periodic replacement based on printer usage in order to maintain optimum performance of the product. Maintenance kits and other consumable parts are available from Lexmark for certain models. Some products display a maintenance reminder message at specified intervals based on pages printed. If required, product documentation directs the customer to install a maintenance kit or to contact a service representative for kit installation. Maintenance kits and other consumable parts are available at an additional charge to the customer. These parts are outside the scope of both the Lexmark Base Warranty and Extended Warranty offerings. Installation of maintenance kit components is generally the Customer's responsibility. If, however, a particular maintenance kit is not considered "Customer replaceable" by Lexmark, installation service will be included in the Extended Warranty. Lexmark is not responsible for failures caused by a Customer's failure to timely install maintenance kits.

Repair parts will be furnished on an exchange basis and may be new, equivalent to new or reconditioned. All returned parts and products become the property of Lexmark.

Limitation of Liability

The Customer's sole remedy under the terms and conditions of this Warranty Service is set forth in this section. For any claim concerning performance or nonperformance of Lexmark, or a Lexmark Remarketer, for a covered

product under the terms and conditions of Lexmark Warranty Service, the Customer may recover actual damages up to the limits set forth in the following paragraph.

Lexmark's liability for actual damage from any cause whatsoever will be limited to the greater of 1) \$5000 or 2) the amount you paid for the product that caused the damage. This limitation of liability will not apply to claims for bodily injury, or damage to real property or tangible personal property for which Lexmark is legally liable. In no event will either party be liable for any damage caused by the other party's failure to fulfill its responsibilities under these terms and conditions. In no event will either party be liable for any lost profits, lost savings, incidental damage, or other economic consequential damages. This is true even if the other party is advised of the possibility of such damages.

THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE WARRANTY AGAINST INFRINGEMENT AND THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. All warranties are limited in duration to the coverage period. No warranties, expressed or implied, will apply after this period. Lexmark may modify these terms and conditions at any time by either providing the customer with written notice or posting such revised terms on www.lexmark.com. Such revised terms shall be effective thirty days from the date of such written notice or posting.

Payment / Cancellation

This Extended Warranty contract will void if payment is not received by Lexmark within thirty (30) days of invoice. If the Customer makes payment to a reseller, the payment must be received by Lexmark within thirty (30) days of invoice in order for the Customer to receive uninterrupted service. Lexmark may terminate Extended Warranty coverage at any time for non-payment. The Customer or Lexmark may terminate the Extended Warranty coverage at any time with three (3) months prior written notice or Lexmark may post an end of service notification on www.lexmark.com. If Extended Warranty coverage is canceled in accordance with these terms, Lexmark will refund to the customer the remaining portion of the warranty price paid on a prorated basis after the notification period.

Additional Rights

Some states do not allow limitations on how long an implied service lasts, or do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in the terms and conditions of this Warranty Service may not apply.

This Warranty Service gives the Customer certain legal rights. The Customer may also have other legal rights which vary from state to state.

Extended Warranty Descriptions

Exchange Service

If the customer purchases Lexmark's Exchange Extended Warranty, defective printers covered under the warranty will be replaced with an exchange product from Lexmark. The exchange printer will be sent via next business day transportation (where available) for most laser printers and 3-5 day transportation for inkjet printers and consumer laser printers. (See documentation for specific details for your product model.) Unless specified by Lexmark, the Customer is required to return the defective product to Lexmark, in which case, the Customer must pack the product using the packing materials from the exchange product, attach the prepaid return shipping label, and deliver the packaged product to Lexmark's designated shipper. Failure to return the defective product within five (5) business days of the Customer's receipt of the exchange product will result in a Customer charge for the full price of the exchange product. The returned product becomes the property of Lexmark. At Lexmark's option, exchange products may be new, repaired, or may be a different model of new or repaired product of equal or greater capabilities. The exchange product becomes the property of the Customer when the defective product is received by Lexmark, at which time the exchange product assumes the remainder of the Extended Warranty from the defective product. The returned product must not be encumbered.

On-site Service

If the customer purchases Lexmark's On-site Extended Warranty, On-site service is provided at the Customer's business or home location. Next Business Day service will generally be provided if the request for service is

business or home location. Next business day service will generally be provided if the request for service is received by 5:00 p.m., Customer local time, if the service location is within a 50 mile radius of a Lexmark Authorized Service Center (LASC) and overnight (A.M.) Lexmark parts delivery is available to the service location. One (1) additional business day may be required for service locations more than 50 miles from LASC and two (2) additional business days may be required for service in Hawaii and Alaska. Lexmark On-site Extended Warranty service is not available for all products. Please contact Lexmark or review your product documentation to determine if this option is available for your product model.

Repair and Return Service

Certain models are eligible for repair and return of the defective product. If this option is available and the Customer chooses this option, the Customer is responsible for properly packing the product and delivering the product to the Lexmark designated carrier. Lexmark will provide packing materials if the original packing materials are no longer available. The Customer is responsible for any damage resulting from the Customer's improper packing of a product sent to Lexmark. Contact Lexmark to determine if this Repair and Return option is available for your product model. The Repair and Return option generally provides for repair of the product and return to the Customer within 5-7 business days. If a returned product cannot be repaired using commercially reasonable efforts, Lexmark at its discretion may provide a new, refurbished or repaired replacement product.

Lexmark Managed Print Services (MPS)

No output strategy. No operational efficiency.

Businesses still depend on paper to serve customers, run supply chains, care for patients, open new accounts and all the other activities that drive performance and growth.

To move and use that paper-based information, organizations rely on processes and people. When these are aligned and efficient, your entire business benefits through faster turnaround, better decisions and responsive customer service.

Lexmark Managed Print Services connects print, process and people to drive productivity and performance.

It creates environments for business growth and customer satisfaction through:

- ▶ Infrastructure optimization
- ▶ Proactive management
- ▶ Streamlined business processes

Credibility established by our track record

Lexmark has been at the forefront of MPS for over a dozen years. We bring you a rich portfolio of award-winning multifunction devices, industry-specific software and highly skilled experts.

Our customer loyalty is solid, with a renewal rate of 96% for the last five years, and one of the greatest percentages of large customers of any MPS provider.

"Lexmark has the longest history of providing specific horizontal and vertical business solutions, backed by a vertically aligned organization, a mature global infrastructure, and a focus on execution excellence."

IDC MarketScape: Worldwide Managed Print and Document Services

2014 Hardcopy Vendor Assessment

Lexmark global MPS leadership has been recognized again and again by respected analysts like Gartner, Forrester, IDC and Quocirca.

Global and industry experience

From the beginning, Lexmark MPS has been geared to the significant challenges of managing complex, distributed environments, unlike other providers who adopted that approach later. Distributed landscapes are more challenging, because they involve thousands of devices across many locations.

With thousands of successful engagements, we understand your challenges at all levels, from front line to back office. We are proud to call nine of the top ten global retailers and nine of the top ten global banks our customers.*

Other markets we serve include:

- ▶ Healthcare
- ▶ Insurance
- ▶ Manufacturing
- ▶ Education
- ▶ Government

*Global Retailers and Global Commercial and Savings Banks are based upon revenue according to 2014 Global 500.

It's not just about printers: It's process, productivity, people and performance

Best practices MPS is not just about copiers and printers; it's really about your people. True MPS focuses on what your teams need to become more productive.

Turn information into insight

You can't fix or manage what you don't understand. You need more information about your fleet. The challenge comes down to capturing data, and when it comes to large device fleets, that's not a job to tackle on your own.

Lexmark MPS solutions capture information to help run your business more efficiently and effectively.

You gain:

- ▶ Visibility into output costs and volumes
- ▶ More efficient management of your fleet
- ▶ Proactive, economical consumables management
- ▶ Insight to improve manual and digital processes
- ▶ Industry-specific solutions to optimize workflow
- ▶ Single system for visibility and control to manage costs and increase uptime
- ▶ Proactive online monitoring and integrated help desk capabilities

Unmanaged fleets won't run efficiently

One of the most obvious problems of unmanaged output is cost. Printers are the single most unaudited business expense, and most businesses don't know what they spend on print. If you don't understand what you're spending, there's no way to evaluate the wisdom of the expense or figure out how to spend more wisely.

Printing costs are an often overlooked, misunderstood business expense, but an unmanaged output fleet also causes other problems:

- ▶ No standardization or best practices
- ▶ Hundreds or even thousands of devices with multiple vendors, models and contracts
- ▶ Desktop devices everywhere, but many not networked and shared
- ▶ "Consumables chaos" from unmanaged inventories
- ▶ Skilled IT staff distracted by printer support calls

Plan for maximum MPS value—we do

Don't underestimate the full scope and value Lexmark Managed Print Services offers. Otherwise, you end up with short-term savings, but miss out on maximizing long-term sustainable cost reductions and so much more. Consider the rewards of proactive services and business process optimization from the start. We do.

We use a progressive strategy to take you from cost reduction to business optimization and future flexibility. Lexmark "best practices" MPS:

- ▶ Goes beyond cost reduction and device consolidation to better manage information across your organization.
- ▶ Gives you a foundation for continued productivity improvements and process optimization.
- ▶ Turns device fleets into productivity tools for better information access and more efficient processes.
- ▶ Helps employees get more work done with fewer bottlenecks and more time for customers and business.

Potential savings over 30%

The more you engage with Lexmark Managed Print Services, the more value you gain. We start with assessments to understand your current state and map your path to industry best practices. As you go from infrastructure optimization to streamlined business processes, you'll see greater savings and productivity. Customers could save upwards of 30% by following the Lexmark approach to enterprise MPS strategy.

Smart sustainability

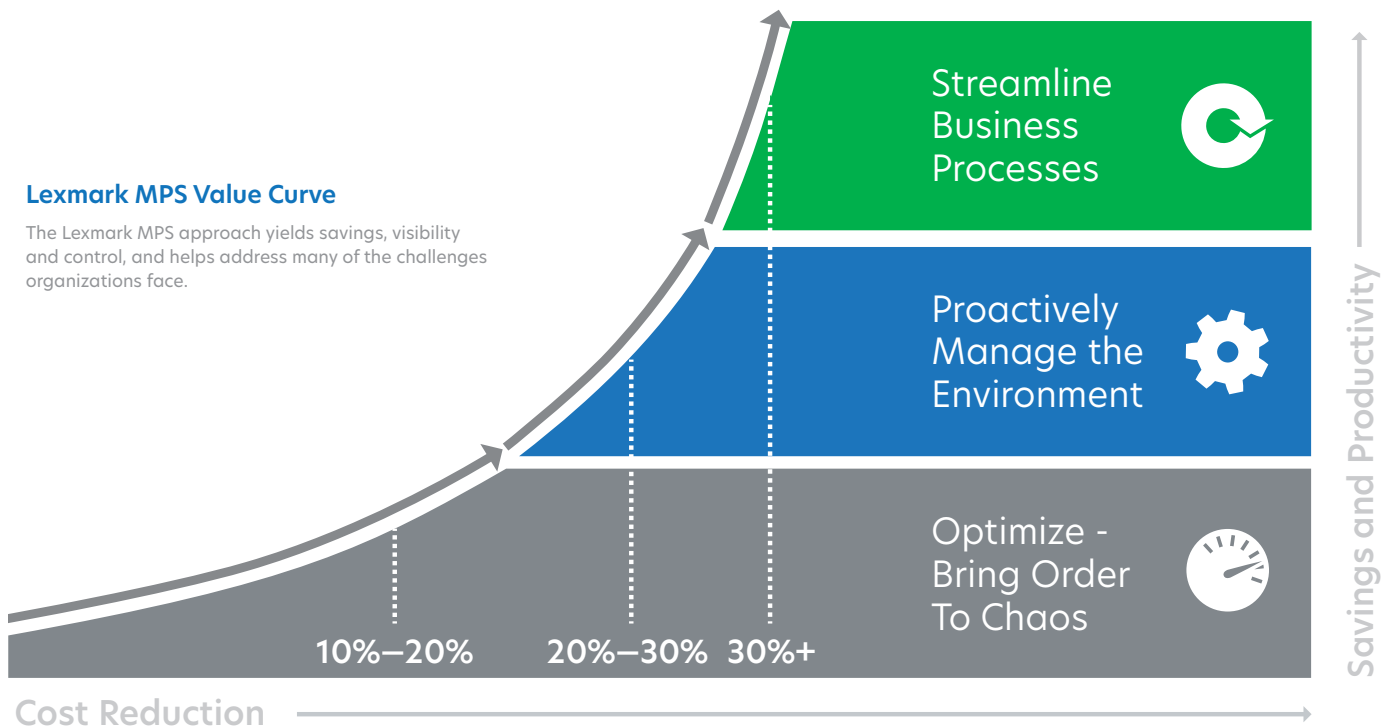

Organizations across all industries are challenged to bring more sustainable business practices to a world dominated by paper. MPS can help here, too. Reduced print volume and more efficient infrastructure contribute to your sustainability and corporate social responsibility.

Transform manual processes: From hours to minutes

With MPS, multifunction fleet devices become productivity tools for better information access and more productive processes. Your fleet of MPS assets becomes the foundation for process and workflow improvements that move content from paper to digital to "useable." Information can be captured and channeled automatically into your existing business systems. You can align workflow from back office to front office to better serve customers. Manual paper-based processes can be automated, cutting costs and mistakes. What took hours or days gets done much faster. As a result, employees have more time for customers and business.

Lexmark MPS Value Curve

The Lexmark MPS approach yields savings, visibility and control, and helps address many of the challenges organizations face.

Technology independence

Our unique capabilities translate into world-class, no-worries MPS. Because we own our technology, we can help you faster. Our software works seamlessly with our hardware to deliver industry-specific solutions and process improvements across your enterprise. We use automation and analysis—not manual labor—to proactively manage distributed fleets. With smart devices and a single system view of your fleet, we will help you achieve remarkable results. Lexmark smart MFPs provide a foundation for industry-specific solutions that lead to greater efficiency, and we bring you only the best. Buyers Lab named Lexmark monochrome MFP models as top systems in five categories.

Best practices. Best choice.

Our customers say we manage their enterprise fleet assets better than anyone else. We can do the same for you. Contact us to talk about your problems and goals. We'll take you from "best guess" fleet management to best practices managed print services.

Lexmark Print Management

With Lexmark Print Management you can optimize your network printing and create an information edge with a solution that you can deploy on-premises, in a serverless environment through the cloud, or in a serverless environment.

Secure and convenient print release

Flexible. Release your print jobs from any enabled device.

Secure. Authenticate yourself at the device to print your documents.

Mobile. Submit jobs to your queue from a smartphone or tablet.

Powerful tracking, accounting and reporting

Comprehensive. Track all activity across your network environment.

Accurate. Easily calculate costs using detailed activity reports.

Cost-effective. Manage costs and reduce waste with print quotas.

Print release

Lexmark Print Management gives you the latitude to send documents from your computer, tablet, smartphone,¹ or even a web portal², and to print them on any enabled³ printer or Multifunction product (MFP). Instead of “pushing” your documents to a designated print device—where the pages sit out in public view until you retrieve them—you “pull” them down from the print queue when you log in or swipe your ID card at the printer. Instead of being tethered to a single device, you can release your print job from a printer that is most convenient to you or from one with the features or capabilities that fit your needs.

Features

1. **Pull printing and access control:** Holds your print jobs in a server queue or on your workstation until an authorized user selects the documents to print while present at the device.
2. **Mobile printing:** Provides a complete mobile printing system, enabling you to submit jobs to your print queue from any smartphone or mobile device including Android® or iOS devices.
3. **ID card support:** Integrate card readers with your devices for quick and easy user access. Users can authenticate at the print device using the same card they use to access work facilities.
4. **Automatic user registration:** Self-registers users, eliminating the need for an administrator to manually enter badge numbers.
5. **Session-based login:** Allows you to perform multiple output tasks without having to swipe your card or log in again.
6. **Print preview²:** Let's you view each page of your document, change print options, and select specific pages to print.
7. **Print and keep:** Allows you to keep your documents in the queue so you can print it again later.
8. **Print job delegation:** Let's you assign a delegate to log in and print documents that are in your queue.
9. **Online queue management²:** Allows you access the web portal to drag files from your document folders and drop them directly into your queue. Also, you can delete documents from your queue or change print settings.
10. **Purge timeouts:** Let's you automatically delete documents in your queue after a predetermined period.

Four ways to send files to your print release queue

Lexmark mobile printing app (Android and iOS)

With the Lexmark Mobile Printing App⁶ downloaded to your Android or iOS smartphone or tablet, you can select a file to print and the print job will be sent directly to your print queue.

1. Using the send or share function, choose Lexmark Mobile Printing and select the number of copies, pages per side, duplex on/off, or color on/off.
2. To release your print jobs, go to any solution-enabled printer within your corporate network, enter your passcode or swipe your ID card, and select the documents you want to print.⁵

Mobile email submission

Lexmark Print Management can be configured⁶ to print from any email-enabled mobile device by simply attaching the document to an email. No driver or application is required.

1. Send the email to your corporate Lexmark Print Management email account. The email and any attachments are converted and held in your print queue.
2. To release print jobs, go to any solution-enabled printer and enter your credentials or swipe your ID card, and then select the documents you want to print.⁵

File > print (with driver)

1. With the Lexmark Universal Print Driver⁴ installed on your computer or laptop, you can print from any application using the File > Print command (Ctrl + P or Command - P) as you normally would.
2. Your document is sent to the print release queue.
3. To release your print jobs, go to any enabled printer, enter your credentials or swipe your ID card, and select the documents you want to print.

File > upload (without driver)²

1. Log into the web portal⁴ to access your print queue. Documents can be added to your print queue by simply dragging and dropping them into the print queue.
2. To release your print jobs, go to any enabled printer or MFP. Enter your credentials or swipe your ID card, and select the documents you want to print.

Submit via AirPrint™

1. Submit files to your print release queue using the native print features of iOS.

Document accounting

Optimize the efficiency of your output environment with powerful tracking and reporting software. Throughout the day, Lexmark Print Management monitors output activity on your printing and imaging devices, plus collects detailed information on usage, devices or user/device groups. Your organization now has the data it needs to modify printing habits, better manage assets, and reduce costs and waste.

Features

- ▶ **Print, copy and scan tracking:** Track all printing, copying and scanning across your enterprise to drive proactive management and data-driven decision making.
- ▶ **Application tracking:** Track activity performed through embedded applications. You can track copies made using the standard copy function as well as those made through Eco-Copy or Card Copy, giving you a complete accounting of your output environment.
- ▶ **User quotas:** Apply user quotas for print and copy. Limits can be set for total impressions and color. Users can easily track their quota status at the printing device.
- ▶ **Administrative reporting:** Select from a variety of summary reports and view by user/user group or device/device group and date range. Apply reporting filters to view activity by a specific interest area such as color or duplex. View reports online or export the data to .CSV format for additional analysis.

Deployment options

In choosing technology to make your organization run more efficiently, two qualities demand attention: flexibility and scalability. Lexmark enterprise solutions are designed to adapt to virtually any environment and to expand quickly to users across your organization. This flexible and scalable approach also applies to the way we deliver solutions such as Lexmark Print Management.

You can deploy and administer Lexmark Print Management in a traditional fashion by purchasing licenses upfront and internally supporting and managing the software and associated infrastructure. Or you can purchase the solution and support on a subscription basis—as Software as a Service. Perhaps a combination of the two would work best. Lexmark deployment experts will help you choose the model that meets your requirements, maximizing the effectiveness of your output environment.

Software as a Service (SaaS)

- ▶ Lexmark-managed
- ▶ Pay per user
- ▶ Lower operating expense
- ▶ Redundant servers
- ▶ Fast and easy to scale globally

Your organization accesses the solution on a subscription basis. Lexmark manages and operates the system, along with the associated infrastructure, in our secure data center. This option enables you to maintain focus on your business, while Lexmark manages your Print Release solution.

Traditional (On-premises)

- ▶ Self-managed
- ▶ Purchase and own
- ▶ Low capital expense
- ▶ IT managed backup
- ▶ Ongoing systems support

With the traditional approach, your organization licenses the solution upfront and deploys it on your premises. Your organization is responsible for providing the necessary support to manage and operate the associated infrastructure, such as server hardware and software.

Serverless

- ▶ Self-managed
- ▶ Purchase and own
- ▶ Elimination of print servers
- ▶ Uniform configuration

Lexmark Print Management Serverless Print Release builds on the value of the standard print release concept by making it possible to print without print servers and, in many cases, without any servers at all. With LPM Serverless Print Release, print jobs aren't routed through a print server and then on to a centralized network queue, as with traditional print servers. Instead, the print job is captured, encrypted, and stored locally on the user's PC until they arrive at the printer and authenticate. From there, the desired jobs are routed directly to the printer. This means you can reduce the cost and complexity of the print infrastructure by repurposing or eliminating print servers all while making your print process more efficient and secure.

Features overview

You choose. We deliver.

Lexmark Print Management delivers a new level of flexibility to your enterprise. With this solution—deployed On-premises, or as hosted software—your organization can create a secure, shared printing and imaging environment with enduring benefits.

- ▶ Reduce printing costs and shrink carbon footprint
- ▶ Strengthen access controls, security and compliance
- ▶ Give users the power to print from mobile devices
- ▶ Track activity and increase user accountability
- ▶ Add redundancy, ensuring printer availability
- ▶ Provide flexibility to deploy on-premises or as software as a service
- ▶ Introduce new functionality in a timely, cost-effective manner

Lexmark Solutions for K-12 School Districts

Lexmark solutions for K-12 school districts provide innovative document management, capture and workflow products that seamlessly integrate with your student information, administrative, human resources and other business systems. Powerful solutions like Perceptive Content instantly deliver the supporting documents your school district needs to effectively recruit and manage teachers, provide timely service to students, parents and employees and quickly complete daily tasks. Used by organizations worldwide, Lexmark solutions are certified by the most important people of all – our customers.

Improve Productivity and Student Service

Managing too much paperwork inhibits the ability of school districts to effectively serve students, parents and employees and complete daily tasks on time. Lexmark solutions for education, including Perceptive Content, help schools overcome the time, financial and productivity costs associated with cumbersome paper processes.

Seamless integration with business systems in every department provides users with a direct connection to the supporting information they need to do their jobs well. An intuitive design tool allows administrators to map more efficient workflow that speeds student-focused and back office functions.

Timely implementation and the simplicity of Perceptive Content allow users to get up and running quickly. In addition, hands-on training equips customers to manage their document management projects in-house, minimizing total cost of ownership (TCO) even further. Increased productivity, faster student service and reduced overhead are just some of the ways this solution delivers a solid return on investment (ROI) to school districts.

Human Resources

Perceptive Content puts the resumes, credentials, applications and other recruitment documents you need to quickly hire the best candidates just a click away. Seamless integration with HR and payroll systems gives your HR team a direct path to complete personnel records, facilitating timelier benefits and payroll information updates, responses to employee inquiries and completion of other processes.

Financial and Procurement Services

Replacing paper-based processes with automated Perceptive Workflow expedites invoice and PO approval, allowing your organization to take advantage of early payment vendor discounts. Perceptive Content reduces many of the manual tasks associated with paper-based processes, boosting staff productivity.

Curriculum and Instruction

Maintain accurate records of curriculum plans for each school throughout the district and monitor adherence. Easily gather and provide required information when requested to expedite accreditation.

Student Information System

Provide employees district-wide with immediate access to attendance reports, transfer forms and other supporting data from SIS screens. By connecting teachers, counselors and administrative staff with students' complete educational histories, Perceptive Content helps school districts deliver quality service and informed educational guidance.

Special Education

Store evaluations, medical records and correspondence in a secure student eFolder that is accessible instantly. Easily print documents to answer requests from parents and state Department of Education entities.

Supporting Regulatory Compliance

Perceptive Content helps school districts satisfy the requirements of HIPAA and other federal and state mandates. Strong security features such as document-, user- and drawer-level privileges protect confidential information and routing documents electronically minimizes document loss.

Benefits to All Departments

Perceptive Content is enterprise-ready, easily scaling to School Board/Superintendent, Extracurricular Activities and other departments. New users quickly embrace the simplicity of the solution, and with WebNow, the browser-based companion to Perceptive Content, employees in remote locations manage documents as if they're in the office.

Others Promise, Lexmark Delivers.

Integrate With All Your Applications

Perceptive Content and WebNow integrate with all your existing applications, regardless of manufacturer or platform, providing direct access to scanned and other electronic documents.

Eliminate Costly Programming

Perceptive Content eliminates the cost of deployment and long-term maintenance of complicated programmatic integration and accommodates upgrades to your applications without additional financial investment.

Leverage Existing Infrastructure

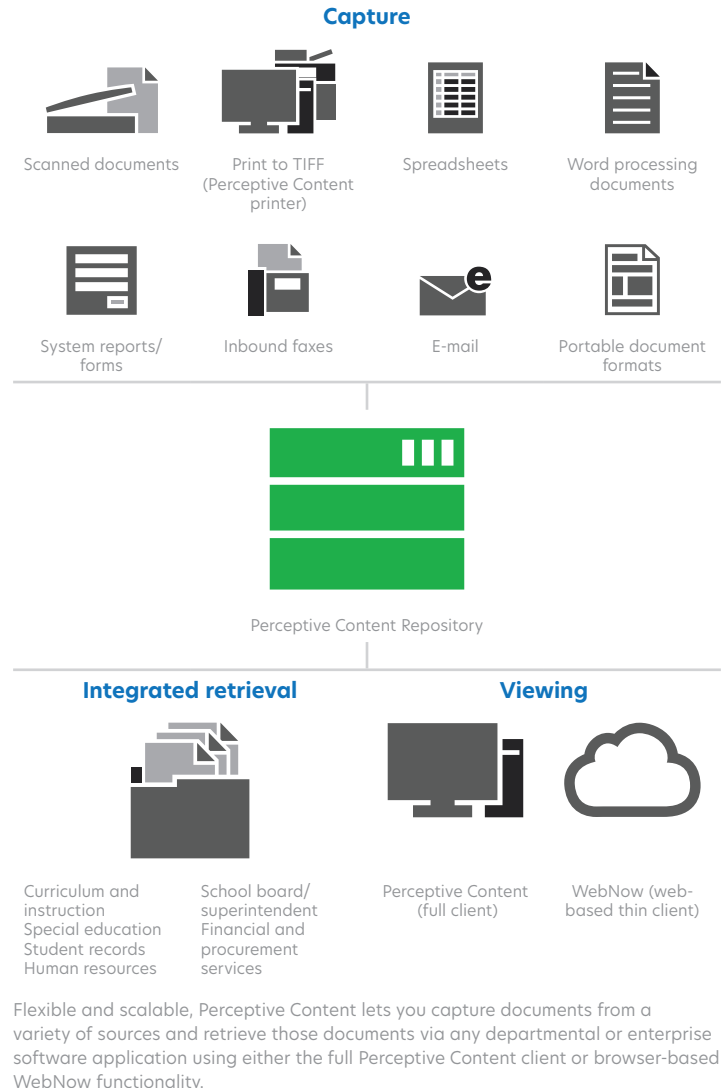

Perceptive Content effectively leverages your existing investment in applications, operating system, database and networking infrastructure.

Automate Your Business Workflow

Create workflow solutions that speed document-centric tasks. With one click, your staff completes processing activities, answers inquiries and resolves discrepancies in real time. These new efficiencies let you reallocate resources to other areas of your business.

Make Better Decisions

Remove obstacles to effective decision-making by electronically accessing documents at the point of need. Double-check the accuracy of transaction information or collaborate with colleagues using simultaneous document views, all while maintaining proper security levels to reinforce your compliance initiatives.

The solution is accessible from virtually any web browser on PCs, Macs and tablets, with nothing to install and no IT resources required. It also adheres to a full spectrum of security standards for a safer, more productive education environment.

Test Answer Sheets

Create personalized answer sheets with multiple choice questions, math grids and subjective questions for essays or write-in responses. You can also quickly design generic answer sheets with bubble-in student ID grids tailored for larger classes.

Grade Processing and Tracking

Automatic processing is handled in the cloud once tests are received from the Lexmark MFP. After the grading process, exception-based workflow occurs so teachers can review blank answers, resolve multiple responses and make corrections before grades are finalized.

Advanced Grading Capabilities

The solution allows for more than one correct response and sets question points for correct, incorrect and blank answers. Educators can set a test benchmark to quickly see which students achieve the desired score, and the solution provides scores on specific learning objectives or standards in addition to the overall test.

Integration

Users can quickly export raw data from CSV, Excel, Access and more to other formats for easy import into analysis applications. The solution also imports rosters listing student, teacher, class and test information for fast identification and tracking.

Reporting tools for clear, actionable information

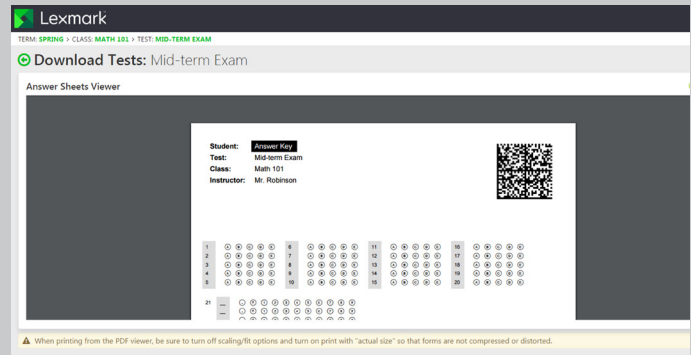

This powerful solution provides a variety of reporting options that can help educators close learning gaps through data-driven interventions. Reports include:

- ▶ Student Statistics Report
- ▶ Test Analysis Report
- ▶ Student Response Report
- ▶ Class Learning Objectives Report
- ▶ Student Achievement Report
- ▶ Condensed Test Report
- ▶ Item Analysis Report
- ▶ Student Grade Report
- ▶ Student Test Report
- ▶ Test Statistics Report
- ▶ Test Item Statistics Report

Solutions for education

With the Testing Assistant, assessment tasks can be automated so educators spend less time on manual tasks and more time supporting students. Here's how it works:

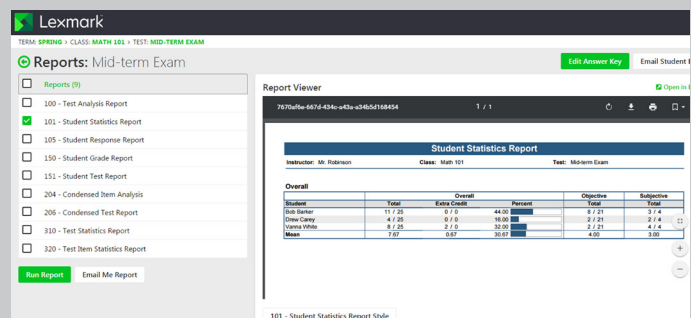

1 Create and print custom answer sheets

2 Send completed tests to the cloud from a Lexmark MFP

3 Grade, report and manage tests for all students and classes

Fast and Affordable Testing Assistant

Lexmark Testing Assistant offers public and private institutions an affordable, hassle-free way to implement a Lexmark MFP-based assessment solution.

With the solution, you will:

- ▶ Save teachers time by eliminating manual grading
- ▶ Reduce expenses by creating personalized answer sheets, with no special paper required
- ▶ Deliver powerful functionality with easy-to-learn web interface available from most web browsers
- ▶ Provide comprehensive test analysis with built-in grading reports that show performance on tests

Accessibility at Lexmark

Lexmark is committed to developing products, solutions and services that optimize the productivity of our customers with varying levels of abilities.

Operating multifunction products (MFPs) with a physical, sensory or cognitive challenge can be frustrating and unproductive – yet millions of workers face this situation every day. To succeed, users require more than a company's commitment to accessibility; they need flexible solutions that adapt to a user's unique needs and capabilities.

Lexmark can help. We understand the specific needs of people with varying levels of abilities. The Lexmark Accessibility Council seeks input from customers with disabilities to better understand their unique requirements. We visit our customers to discuss how our printing and software solutions can increase productivity in the workplace. We also meet with them to see how they currently use Lexmark solutions and to hear their ideas and suggestions for future solutions applications.

The Lexmark Accessibility Council has also established external relationships with accessible design experts and accessibility analysts, such as the American Foundation for the Blind (AFB), the American Printing House for the Blind (APH), and Bluegrass Council of the Blind (BCB). We draw on their insights to improve the design of future products and solutions. The result is innovative accommodations that make it easier to use our systems and address a variety of accessibility regulations and guidelines, including Section 508 and EN 301549.

By empowering employees with the tools they need to get the job done, you'll benefit from higher retention rates, lower turnover costs and increased productivity.

Innovative solutions for users with impairments

Lexmark Voice Guidance

Individuals with varying levels of abilities can interact with many Lexmark smart MFPs and printers in a convenient and effective way using the Lexmark Voice Guidance. With this feature, users can hear voice guidance prompts through the smart MFP or printer's built-in

speakers or a user-provided headset. When activated, Voice Guidance gives select Lexmark smart MFPs and e-Task printers additional functionality specified in the US Section 508 Refresh and European standard EN 301549.

Lexmark Accessibility Solution

With Lexmark's innovative software, devices with touch screens are no longer limiting to users with impairments. The optional Lexmark Accessibility Solution is our web-based software that allows users to initiate copy, fax, email and scan jobs directly from their computer, tablet or mobile device as an alternative to the MFP touch screen.

Lexmark Accessibility Solution is designed to work with a wide range of assistive technology, including screen magnifiers and screen readers, allowing customers with varying levels of abilities to work independently. At the MFP, the user only needs to interact with the tactilely discernible numerical keypad to complete the task at hand.

Lexmark Accessibility Speech Solution

The optional Lexmark Accessibility Speech Solution complements the Lexmark Accessibility Solution by providing audio feedback messages played over the printer's speaker to easily communicate status to the user. Read the Accessibility Solution and Accessibility Speech brochure to learn more.

With Lexmark Accessibility Solutions and Accessibility Speech Solution:

- ▶ Users achieve increased productivity when using the MFP
- ▶ Users can resolve many output issues on their own
- ▶ Administrators can choose from three sets of audio messages to tailor the MFP to the customer environment
- ▶ Administrators can record and load alternative voice files in any language or dialect

Lexmark hardware features

Lexmark believes that improving product usability for those with varying levels of abilities creates a better user experience for all our customers. Accessibility is a key objective in every phase of the development process, and Lexmark has defined processes and methodologies to ensure our products and solutions are accessible. Your input has helped identify product design changes, as well as standard product features, that work together to enhance accessibility for every customer.

These capabilities are included in many Lexmark products:

Adjustable display

Users can tilt the display to optimize the viewing angle.

Lexmark Embedded Solutions Framework (eSF) application platform

A variety of solutions are supported by voice guidance, including Scan Center, Secure Held Jobs and Forms and Favorites.

Tactilely discernible numeric keypad with on-device guidance

Raised and outlined buttons with tactile imprints help orient visually impaired users, while large, high-contrast icons, focus cursor and voice prompts guide users to perform common tasks using swipe navigation.

Accessible height and reach

Applying universal design principles helps accommodate the height, reach and force needs of users.

Headphone jack and volume controls

Workers can listen privately to voice prompts using the headphone jack.

Paper tray adjustments

Users can adjust paper size in the automatic document feeder and paper trays with a fingertip.

Magnification

Users with limited vision can magnify the user interface display by 200%.

Lexmark Accessibility Solution

Users can create job tickets with their computer or smartphone while using assistive technology, such as the JAWS® screen reader. When they enter a shortcut on the printer's accessible numeric keypad, their job is released.

Full-spectrum security

Malicious security attacks and inadvertent vulnerabilities can lead to costly compliance breaches and business-disrupting data loss. They can also take a human toll in frustration, loss of privacy, negative financial consequences and wasted time.

Securing an enterprise environment is complex and requires a comprehensive understanding of software, hardware, network architecture, the content traveling on the network, human factors, and each organization's specific security vulnerabilities and goals. And it requires expert knowledge and practical experience to translate theoretical security concepts into secure products and services.

Lexmark security ecosystem

Lexmark understands the multi-faceted reality of security threats and responds with a holistic, systematic approach that encompasses the device, the fleet and the whole network infrastructure.

Security by design

That's why Lexmark doesn't treat security as an afterthought or optional feature, but as an integral design and engineering goal, embedded in all our products and services.

Our understanding of network environments and relevant security threats, particularly in relation to printing, gives us the know-how to create unique solutions that secure your data in every possible way—a capability we've proven by working and overcoming security challenges in some of the most highly regulated organizations and industries on earth.

And our expertise pays off in concrete ways whether you manage your own printing infrastructure or rely on Lexmark Managed Print Services.

Keys to product security

- ▶ Secure access
- ▶ Network security
- ▶ Document security
- ▶ Secure remote management
- ▶ Security Solutions
- ▶ Hard disk security
- ▶ Standards and certifications

Embedded security features and architecture

Security is built into every Lexmark product, with standard security features appropriate to each product's intended use and available options to fulfill special requirements. Our comprehensive approach to product security covers a full spectrum of security capabilities.

- ▶ **Secure access** features restrict who can use your devices and what they can do.
- ▶ **Network security** features protect devices from unauthorized access over network interfaces.
- ▶ **Document security** features keep your documents—whether physical or virtual—out of the wrong hands or views.
- ▶ **Secure remote management** provides a wide range of tools and device capabilities to effectively manage a fleet of networked laser printers and multifunction products.
- ▶ **Security solutions** enhance the security of Lexmark devices and your environment by meeting specific objectives like print release¹, automatic security certificate and Secure Content Monitor.
- ▶ **Hard disk security** protects Lexmark printers and multifunction products that contain internal hard disks with a virtual shield to keep your organization's secrets.
- ▶ **Encrypted and signed firmware** ensures that only firmware created by Lexmark's systems can be installed on our devices.
- ▶ **Secure boot technology** validates that the firmware installed on the printer is genuine Lexmark firmware. Should non-genuine firmware be detected, users receive notification.
- ▶ **Continuous verification** ensures the firmware has not been tampered with during operation.

And we've proven our security expertise by meeting stringent government and industry standards and certifications, including Common Criteria and FIPS.

The security ecosystem: Security and Managed Print Services (MPS)

While our embedded security features and product architecture help Lexmark smart MFPs lead the industry in defending your organization, consider the advantages of Lexmark Managed Print Services (MPS) as both a strategic information platform emphasizing security at every level:

Holistic approach—In the assessment, design and delivery of MPS, we utilize a proven methodology that focuses on security as a critical component of infrastructure optimization, proactive services and business optimization.

Expertise—Our security consultants and specialists work to develop policies and practices focused on output security in your unique environment, helping you to not just meet your specific goals, but get through the often-challenging change management curve.

Continuous monitoring—Our MPS tools and systems continuously monitor a deployed fleet, giving you not just security policy control, but enhanced visibility and alerts to events affecting the fleet.

Technology ownership—Lexmark owns all our core technology across services, solutions, software, hardware and firmware—the only MPS provider that does. Therefore, we can help ensure high security levels across all deployed solutions. That technology seamlessness reduces the risk of security holes between different platforms and technologies.

So Lexmark Managed Print Services are more than built around a smart MFP ecosystem. They actually form a security ecosystem.

Lexmark ISS Software Catalog

Enhance your customer's business with solutions that trim costs, save time and reduce errors in their document processes. When you pair award-winning Lexmark hardware and innovative solutions software, the combination is extremely powerful. You'll unleash greater efficiency and productivity, accelerate paper and energy savings, and reap the benefits of streamlined workflows.

Smart MFP ecosystem

In an ecosystem, things work in concert to ensure efficient processes. In the business environment, people, technology and information also form an ecosystem, where information exists in both structured and unstructured forms. And the center of this ecosystem is the smart MFP, the connection point between digital and printed information.

The Lexmark smart MFP ecosystem isn't a product, but a set of technologies and capabilities enabled by every Lexmark smart MFP—even the one you already own. Together with your IT infrastructure and applications, it improves the operation of everyday tasks and processes through smart capabilities. And it simplifies the challenge of managing an ever-changing business and technical environment.

The Lexmark smart MFP ecosystem brings together hardware, software, tools and services to help drive your business forward.

Device management

Lexmark understands that doing more in less time is hard. And it's even harder without the right tools. That's why we offer software to help you monitor and manage your fleet, run your output environment more efficiently, and even improve business processes through customized capture and workflow solutions.

Device management solutions

- ▶ **Markvision Enterprise:** Lexmark Markvision Enterprise is free, browser-based software that gives you complete visibility into your entire fleet of network printers and multifunction devices, regardless of manufacturer. The advanced, yet easy-to-use toolset helps you realize a fast return on your printing device investment, while reducing the burden on your IT staff.

- ▶ **Lexmark Document Distributor:** Lexmark Document Distributor is a framework for paper and electronic document capture, processing and routing that works with your multifunction products (MFPs). Document Distributor provides the foundation to create customized scan solutions tailored to individual business processes.
- ▶ **Device Deployment Utility:** Device Deployment Utility is a tool allowing users to deploy solutions, licenses, firmware, settings files, and other configuration options to the device.

Tools & Frameworks

Lexmark offers a variety of tools & frameworks for paper and electronic document capture, processing and routing that works with your multifunction products (MFPs). They provide the foundation to create solutions tailored to your business processes, including custom business rules that dynamically prompt for metadata, make logical decisions and automatically route a document to the correct destination.

- ▶ **Document Producer:** Lexmark Document Producer is a server-based electronic-forms application used to merge variable data with standard forms. After merging data, the resulting form can be printed, sent as an attachment to an e-mail message, or saved to a file on the network.
- ▶ **Forms Composer:** This design tool includes an easy-to-use GUI interface that enables the user to create forms for printer-based and server-based technologies, and map data into the forms.

Lexmark Print Management

Lexmark Print Management gives you the latitude to send documents from your computer, tablet, smartphone¹, or even a web portal², and to print them on any enabled³ printer or multifunction product (MFP). Instead of “pushing” your documents to a designated print device—where the pages sit out in public view until you retrieve them—you “pull” them down from the print queue when you log in or swipe your ID card at the printer. Instead of being tethered to a single device, you can release your print job from a printer that is most convenient to you or from one with the features or capabilities that fit your needs.

Lexmark Print Management is available via three distinct deployment options:

Traditional (On-premises)

- ▶ Self-managed
- ▶ Purchase and own
- ▶ Low capital expense
- ▶ IT managed backup
- ▶ Ongoing systems support

With the traditional approach, your organization licenses the solution upfront and deploys it on your premises. Your organization is responsible for providing the necessary support to manage and operate the associated infrastructure, such as server hardware and software.

Software as a Service (SaaS)

- ▶ Lexmark-managed
- ▶ Pay per user
- ▶ Lower operating expense
- ▶ Redundant servers
- ▶ Fast and easy to scale globally

Your organization accesses the solution on a subscription basis. Lexmark manages and operates the system, along with the associated infrastructure, in our secure data center. This option enables you to maintain focus on your business, while Lexmark manages your Print Release solution.

Serverless

- ▶ Self-managed
- ▶ Purchase and own
- ▶ Elimination of print servers
- ▶ Uniform configuration

Lexmark Print Management Serverless Print Release builds on the value of the standard print release concept by making it possible to print without print servers and, in many cases, without any servers at all. With LPM Serverless Print Release, print jobs aren't routed through a print server and then on to a centralized network queue, as with traditional print servers. Instead, the print job is captured, encrypted, and stored locally on the user's PC until they arrive at the printer and authenticate. From there, the desired jobs are routed directly to the printer. This means you can reduce the cost and complexity of the print infrastructure by repurposing or eliminating print servers all while making your print process more efficient and secure.

¹ Sending a print job from the Lexmark Mobile Printing App requires iPhone® 3G or newer, devices running iOS 4.2 or later, or Android® devices running version 2.1 or newer.

² Currently available only through Software as a Service (SaaS) deployment.

³ Lexmark Embedded Solutions Framework supported print devices or non-Lexmark PCL/PostScript printers equipped with a card reader and connected through a Lexmark Print Release Appliance.

Mobile print solutions

Mobile computing has become pervasive. It's a state of always-on, barrier-free connectedness that entertains, enlightens and helps people get their work done faster. However, users need the ability to print any file from a mobile device the same way they print from their PCs, from using point and click options to easily finding a printer and getting quality output with every job.

AirPrint is a mobile printing solution included with Apple iOS v 4.2 and later versions that delivers a simple, direct print experience on a local network without the need to install a print driver. Lexmark offers an extensive list of AirPrint-certified devices as well as the first AirPrint-certified print management solution.

Google Cloud Print is a built-in print capability on Android devices and Chromebooks that enables a driverless direct print experience on a local network, as well as printing via the cloud to a cloud-connected print device. Lexmark provides a broad selection of devices that are certified as Google Cloud Print Ready to ensure a seamless printing experience.

The Mopria Alliance (Mopria) is a non-profit membership organization of leading global technology companies with the goal of providing simple wireless printing from smartphones, tablets and other mobile devices. As an executive member of this alliance, Lexmark is uniquely positioned to deliver devices certified to meet the standards as defined by the organization.

Windows 10 Mobile unifies the Windows desktop, tablet and phone operating systems into a single OS, allowing the phone to share many of the same features as the desktop system. Lexmark offers an extensive selection of devices that support Windows 10 Mobile.

In addition, Lexmark designs solutions to address the specific challenges of printing from any mobile device on an enterprise network.

- ▶ **Lexmark Mobile Print:** Lexmark Mobile Print app for iOS and Android devices provides a simple and consistent user experience for printing from mobile devices in an enterprise environment. Users can quickly send jobs to their Lexmark Print Management queue and release the job at any device, or manually add specific printers for direct printing of many common file types. NFC tap to print is also supported from Android on certain Wi-Fi-enabled smart MFPs.
- ▶ **Lexmark Print Service plug-in:** The Lexmark Print Service plug-in for Android allows users to print to a Lexmark Print Management queue or directly to a printer from within any app that supports printing. This speeds print jobs and eliminates the need for users to share content between apps before printing.
- ▶ **Lexmark Print Management:** Lexmark Print Management provides the most comprehensive solution to enable printing from mobile devices in an enterprise environment. Users can print via several flexible methods to a centralized print queue, then authenticate and release the job at any connected printer.

Device-based software

Our smart MFP capture technology collects and routes your documents and data intelligently—extracting, organizing and sharing information with the people, systems and processes that need it most. Discover how Lexmark's capture software fuels your routines with the right information.

Accessibility Solution

Allows users with disabilities to set up copy, fax, email, FTP and scan jobs directly from their workstation rather than requiring use of the MFP touch-screen display.

Accessibility Speech

Allows users to hear messages related to the status of the device. User-specific messages can be loaded to override default messages, allowing for full customization of the experience for each user.

AccuRead Automate

Enable a smart MFP to capture, automatically classify and route documents, while extracting key information for file naming and indexing.

AccuRead OCR

Create searchable or editable files (searchable PDF, RTF, TXT) on a Lexmark solutions-capable MFP.

Address Book

Allows users to manage the device's internally stored user data, contacts, and scan destinations (if supported applications are installed) from the device's e-Task touch screen interface, as well as from the embedded web server.

Background & Idle Screen

Allows you to change the background image that displays on the device's home screen and the images that display when the device is in idle or standby mode.

Barcode Discovery

Create templates to enable bar code reading in Scan Center Premium, Scan to Network Premium and Solutions Composer.

Card Authentication

Keep devices and documents secure by requiring user authentication by ID card or security badge. Secure and compatible with Active Directory and other directory server platforms.

Card Copy

Copy both sides of an ID or credit card onto a single page. This solution captures an image of each side of the card, then enlarges the images and assembles them into a one-page file for printing, emailing or routing to a network location.

Customer Support

Allows users to report issues with their printer to the dealer from whom it was originally purchased or to an internal help desk. Information can be emailed or printed.

Device Quotas

Allows Administrators to configure user quotas for print, scan, copy and outbound fax for up to 250 individual users. Track usage, display quota-related alerts on the touch screen and trigger email alerts at selected thresholds. An icon on the printer touch screen allows users to view information about their quotas and current usage.

Display Customization

Customize an MFP screen with custom images that can be displayed as a slide show, displayed as wallpaper or used as a screensaver.

Downtime Reports

Gives you 24/7 access to critical documents and reports, even if your IT system fails or the network goes down. As documents are updated throughout the day, they are streamed to your Lexmark printer or MFP and stored on the secure hard disk. During a downtime event, simply tap the touch screen, choose a folder and select the documents you need to print.

Eco-Copy

Set copy defaults such as duplex printing, paper saver and darkness setting to reduce paper and toner usage and optimize energy efficiency. Users can be restricted from changing these settings.

Eco-Settings

Easily configure the default settings to manage energy consumption, toner and paper usage to reduce the environmental impact of the device.

Lexmark Embedded Document Accounting Solution For User Level Tracking

Integrate printers and smart MFPs with Pharos Blueprint software to facilitate document accounting of copy, email and fax transactions and enable secure print release.

Lexmark Embedded Document Accounting Solution for UniPrint

Integrate printers and smart MFPs with Pharos UniPrint software to facilitate document accounting of copy, e-mail and fax transactions and enable secure print release.

Email Size Limiter

Limit maximum email attachment size per destination, define up to 10 destinations, capture an image of a hardcopy document, break the document into single pages, attach all pages to a single email or attach one page per email.

Email to Self

Prevent users from sending unauthorized information directly from the MFP to any e-mail address other than their own. Works with Microsoft Active Directory, making it easy for administrators to enable user authentication at the device.

Fax Forward

Capture an analog fax from the MFP and route it to a predetermined file share or e-mail address destination.

Fax over IP

Lexmark's Fax Over IP application doesn't require a separate analog fax line or a fax card/modem to send and receive faxes over VOIP systems. Instead, faxes are sent directly from the MFP through the IP network.

Forms and Favorites

Create bookmarks to image-based forms that reside on a server anywhere on the Internet and print the images on demand at any time.

Google Cloud Print

Enable your Lexmark printer or MFP to print via the Google Cloud Print experience.

Google Drive

Browse your Google Drive and print on demand or scan (MFP) using the device touch screen.

Hard Disk Monitor

Hard Disk Monitor checks if a hard disk is installed when the user turns on the printer.

Interact for Lexmark

Scan and index documents from your smart MFP to Perceptive Content. Documents are accessible and actionable within your ERP and other core applications.

Multi Send

Captures and routes a document to multiple destinations simultaneously. Documents can be routed to email, network folders, FTP sites or a remote Lexmark printer.

MyShortcut

Lets each person create personalized shortcuts for their frequent copy, fax and email tasks. Lets you name your shortcut and choose the icon. Saves your document settings, email addresses and phone numbers so you don't have to re-enter them.

Physician Orders Routing

Allows nursing staff and clinicians to securely route physician orders and automatically separate STAT and normal orders with the touch of an icon.

Print from SharePoint

Print documents directly from Microsoft SharePoint® content management software on your Lexmark device.

QR Code Generator

Create a Quick Response (QR) code embedded with the device's IP address and install the two-dimensional QR code on the touch screen.

RegisterMe

Authenticate against an LDAP server and register the associated identification card on a Document Accounting server.

Remote Copy

Scan a document on the host MFP and route it to another device to print. For example, you could scan a color document on a monochrome MFP and print it on a color device. Or you could scan a document on the host and print it on a device equipped with advanced finishing capabilities, such as hole punching or booklet folding.

Scan Center

Scan a document once and automatically route the image to one or more selectable destinations.

Scan Center - Premium

Plug-in for Scan Center that allows you to create custom prompts, custom file names and up to 500 scan destinations.

Scan to Hard Disk

Scan to, print from and browse documents on the MFP hard disk.

Scan to Network

Lets you capture a digital image of a hardcopy document and route the file to a shared network folder. You can preview the first page, rescan the document if necessary, and print a confirmation page with delivery status and time.

Scan to Network Premium

The premium version of Lexmark Scan to Network provides advanced imaging, indexing, page management and notification features. You can optimize image quality with automated preview and cleanup tools; add or remove pages; remove blank pages to reduce file size; and index the file through on-screen prompts, bar code capability or a combination of both.

Scan to RightFax

Scan documents from a smart MFP to your RightFax server, allowing you to fax from any networked MFP.

Scan to SharePoint

Scan documents directly from a smart MFP into Microsoft SharePoint® content management software.

Secure Held Print Jobs

Prevent the accidental exposure of sensitive or confidential business information by holding jobs at the device until an authorized user releases the job for printing.

Shortcut Center

Create personalized copy, fax and email shortcuts on the touch screen to simplify common tasks.

Showroom

Allows standard image files, such as GIF, JPG and PNG, to be run as a timed slideshow on the touch-screen display. Simply touch the icon and the display transforms into a creative advertising medium, teaching tool or message board.

Smart Card Authentication

Lexmark Smart Card Authentication is a comprehensive collection of apps for implementing secure smart card authentication on Lexmark printing and imaging devices.

Solution Composer

Solution Composer lets you build custom workflow solutions for Lexmark multifunction products (MFPs) running the Solution Composer Agent.
