(Company Name)

THE INTERLOCAL PURCHASING SYSTEM (TIPS), a Department of Texas Education Service Center Region 8 for TIPS RFP 191001 Heavy Duty Equipment

General Information

The Vendor Agreement ("Agreement") made and entered into by and between The Interlocal Purchasing System (hereinafter referred to as "TIPS" respectfully) a government cooperative purchasing program authorized by the Region 8 Education Service Center, having its principal place of business at 4845 US Hwy 271 North, Pittsburg, Texas 75686. This Agreement consists of the provisions set forth below, including provisions of all Attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any Attachment, the provisions set forth shall control unless otherwise agreed by the parties in writing and by signature and date on the attachment.

A Purchase Order, Agreement or Contract is the TIPS Member's approval providing the authority to proceed with the negotiated delivery order under the Agreement. Special terms and conditions as agreed between the Vendor and TIPS Member should be added as addendums to the Purchase Order, Agreement or Contract. Items such as certificate of insurance, bonding requirements, small or disadvantaged business goals are some, but not all, of the addendums possible.

Terms and Conditions

Freight

All quotes to members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating "No Charge" or "\$0", "included in price" or other similar indication. Otherwise, all shipping, freight or delivery charges shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

Warranty Conditions

All new supplies equipment and services shall include manufacturer's minimum standard warranty unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal category. All goods proposed and sold shall be new unless clearly stated in writing.

Customer Support

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed with the TIPS Member.

Agreements

Agreements for purchase will normally be put into effect by means of a purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion.

Tax exempt status

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

Assignments of Agreements

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

Disclosures

- Vendor and TIPS affirms that he/she or any authorized employees or agents has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

Term and Renewal of Agreements

The Agreement with TIPS is for three (3) years with an option for renewal for an additional one (1) consecutive year if both parties agree. TIPS may or may not exercise the one-year extension beyond the base three-year term and whether or not to offer the extension is at the sole discretion of TIPS. The scheduled Agreement termination date shall be the last date of the month of the last month of the agreement's legal effect. **Example:** *If the agreement is scheduled to end on May 23, the anniversary date of the award, it would actually be extended to May 31 in the last month of the last year the contract is active.*

Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

Shipments

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

Invoices

Each invoice or pay request shall include the TIPS Member's purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

Payments

The TIPS Member will make payments directly to the Vendor, the vendor assigned dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

Pricing

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

Participation Fees

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the RFP. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Vendor or vendor assigned dealer agrees to pay the participation fee for all Agreement sales to TIPS on a monthly scheduled report or as otherwise agreed by the parties. To report sales, login to the TIPS Vendor Portal and click on the PO's and Payments tab. Pages 3-7 of the Vendor Portal User Guide will walk you through the process of reporting sales to TIPS. Please refer to the TIPS Accounting FAQ's for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

Indemnity

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

State of Texas Franchise Tax

By signature hereon, the bidder hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

Miscellaneous

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

Purchase Order Pricing/Product Deviation

If a deviation of pricing/product on a purchase order or contract modification occurs between the Vendor and the TIPS Member, TIPS must be notified within five (5) business days of receipt of change order.

Termination for Convenience of TIPS Agreement Only

TIPS reserves the right to terminate this agreement for cause or no cause for convenience with a thirty (30) days prior written notice. Termination for convenience is conditionally required under Federal Regulations 2 CFR part 200 if the customer is using federal funds for the procurement. All purchase orders presented to the Vendor, but not fulfilled by the Vendor, by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

Usually, purchase orders or their equal are issued by participating TIPS Member to the awarded vendor and should indicate on the order that the purchase is per the applicable TIPS Agreement number. Orders are typically emailed to TIPS at tips@tips-usa.com.

The parties agree that either or both of them may file a copy of this paragraph with any court as written evidence of the knowing, voluntary and freely bargained for agreement between the parties irrevocably to waive any objections to venue or to convenience of forum. TIPS, or its representatives, reserves the right to inspect any project and audit the awarded Vendor's TIPS project files, documentation and correspondence related to the requesting TIPS Member's order. If there are confidentiality requirements by either party, TIPS shall comply to the extent permitted by law.

Texas Education Code Chapter 22 Contractor Certification for Contractor Employees

Introduction: Texas Education Code Chapter 22 requires entities that contract with school districts to provide services to obtain criminal history record information regarding covered employees. Contractors must certify to the district that they have complied. Covered employees with disqualifying criminal histories are prohibited from serving at a school district.

Definitions: Covered employees: Employees of a contractor or subcontractor who have or will have continuing duties related to the service to be performed at the District and have or will have direct contact with students. The District will be the final arbiter of what constitutes direct contact with students. Disqualifying criminal history: Any conviction or other criminal history information designated by the District, or one of the following offenses, if at the time of the offense, the victim was under 18 or enrolled in a public school:

(a) a felony offense under Title 5, Texas Penal Code; (b) an offense for which a defendant is required to register as a sex offender under Chapter 62, Texas Code of Criminal Procedure; or (c) an equivalent offense under federal law or the laws of another state.

I certify that:

NONE (Section A) of the employees of Contractor and any subcontractors are covered employees, as defined above. If this box is checked, I further certify that Contractor has taken precautions or imposed conditions to ensure that the employees of Contractor and any subcontractor will not become covered employees. Contractor will maintain these precautions or conditions throughout the time the contracted services are provided.

OR

SOME (Section B) or all of the employees of Contractor and any subcontractor are covered employees. If this box is checked, I further certify that:

(1) Contractor has obtained all required criminal history record information regarding its covered employees. None of the covered employees has a disqualifying criminal history.

(2) If Contractor receives information that a covered employee subsequently has a reported criminal history, Contractor will immediately remove the covered employee from contract duties and notify the District in writing within 3 business days.

(3) Upon request, Contractor will provide the District with the name and any other requested information of covered employees so that the District may obtain criminal history record information on the covered employees.

(4) If the District objects to the assignment of a covered employee on the basis of the covered employee's criminal history record information, Contractor agrees to discontinue using that covered employee to provide services at the District.

Noncompliance or misrepresentation regarding this certification may be grounds for contract termination.

The term also includes moving, demolition, or excavation. BY RESPONDING TO THIS SOLICITATION, AND WHEN APPLICABLE, THE PROPOSER AGREES TO COMPLY WITH THE TEXAS BUSINESS AND COMMERCE CODE § 272 WHEN EXECUTING CONTRACTS WITH TIPS MEMBERS THAT ARE TEXAS GOVERNMENT ENTITIES.

Required Confidentiality Claim Form

This completed form is required by TIPS. By submitting a response to this solicitation you agree to download from the “Attachments” section, complete according to the instructions on the form, then uploading the completed form, with any confidential attachments, if applicable, to the “Response Attachments” section titled “Confidentiality Form” in order to provide to TIPS the completed form titled, “CONFIDENTIALITY CLAIM FORM”. If you do not provide the form with your proposal, an award will not be made if your proposal is qualified for an award, until TIPS has an accurate, completed form from you.

Read the form carefully before completing and if you have any questions, email Rick Powell at TIPS at rick.powell@tjps-usa.com

85 Choice of Law clauses with TIPS Members

If the vendor is awarded a contract with TIPS under this solicitation, the vendor agrees to make any Choice of Law clauses in any contract or agreement entered into between the awarded vendor and with a TIPS member entity to read as follows: "Choice of law shall be the laws of the state where the customer resides" or words to that effect.

86 Venue of dispute resolution with a TIPS Member

In the event of litigation or use of any dispute resolution model when resolving disputes with a TIPS member entity as a result of a transaction between the vendor and TIPS or the TIPS member entity, the Venue for any litigation or other agreed upon model shall be in the state and county where the customer resides unless otherwise agreed by the parties at the time the dispute resolution model is decided by the parties.

87 Automatic renewal of contracts or agreements with TIPS or a TIPS member entity

This clause **DOES NOT** prohibit multiyear contracts or agreements with TIPS member entities. Because TIPS and TIPS members are governmental entities subject to laws that control appropriations of funds during their fiscal years for contracts and agreements to provide goods and services, does the Vendor agree to limit any automatic renewal clauses of a contract or agreement executed as a result of this TIPS solicitation award to not longer than "month to month" and at the TIPS contracted rate.

88 Indemnity Limitation with TIPS Members

Texas and other states restrict by law or state Constitution the ability of a governmental entity to indemnify others. TIPS requires that any contract entered into between a vendor and TIPS or a TIPS Member as a result of an award under this Solicitation limit the requirement that the Customer indemnify the Vendor by either eliminating any such indemnity requirement clauses in any agreements, contracts or other binding documents **OR** by prefacing all indemnity clauses required of TIPS or the TIPS Member entity with the following: "To the extent permitted by the laws or the Constitution of the state where the customer resides, ".

Agreement is a required condition to award of a contract resulting from this Solicitation.

89 Arbitration Clauses

Except for certain circumstances, TIPS forbids a mandatory arbitration clause in any contract or agreement entered into between the awarded vendor with TIPS or a TIPS member entity. Does the vendor agree to exclude any arbitration requirement in any contracts or agreement entered into between TIPS or a TIPS member entity through an awarded contract with TIPS?

In a world where comfort, reliability, performance and respect for the environment are the minimum requirement today, the new MC 210 sets new standards in urban cleanliness...

- A pure and functional design...
- A comfortable and spacious cab...
- Useful and intuitive technologies...
- Enhanced performance...
- Dedicated and tailor-made cleaning solutions...
- An environmentally-friendly approach...

Our new AZURA and AZURA FLEX sweeping solutions offer all this!

FUNCTIONAL DESIGN

The characteristic curves of the previous generation have gone; the new AZURA MC 210 sports a modern urban design which enhances the image of cleanliness. With its extra-compact dimensions, this sweeper blends into the urban environment.

- Streamlined style
- Relevant volumes
- A cab which combines design and practicality

COMFORT

360° view

The passenger compartment of the new AZURA MC 210 makes its mark with its extra-high and extra-low windscreen, with its glass-panelled side doors, panoramic and wide-angle mirrors, rear-view quarter panels, floor window, suction nozzle and rear view cameras.

At the wheel, you are completely in control of your environment and enjoy a dominant position and an unsurpassed 360° view.

Luxury driving

Space has been freed up, giving the driver and passenger an extra 20% of room. The passenger compartment has been de-cluttered for greater comfort. The driving position can be adjusted to all body shapes thanks to the enhanced cab, and a wide range of seat and steering column settings.

These excellent ergonomics thus reduce joint and muscle tension. Combined with a calm environment, the overall feeling is one of well-being.

360° view with rear view camera

Designed for on-board comfort

You can now perform your sweeping tasks in a first-class environment thanks to the quality control equipment and a dashboard designed to optimise organisation at the driving position :

- Standard automatic air conditioning
- Foot-level heating
- Driver and passenger suspended seats with multiple settings and 3-point seatbelts
- Passenger foot-rest
- MP3-SD-USB Bluetooth radio with hands-free kit
- 12V plug with smartphone compartment
- Cup holder
- Rear view camera
- Suction nozzle camera

USEFUL TECHNOLOGY

A user-friendly, intuitive screen

Ergonomically built into the middle of the dashboard, the 7-inch multi-function colour screen with quality graphics can accompany you whilst operating the sweeper, and even afterwards.

The screen offers a number of services and promotes a dialogue between the machine and the operator, offers easier and quick maintenance for technicians and better monitoring of daily operation for managers.

- Real-time surveillance of active functions,
- Log book to access useful operational data (hours worked, distances travelled, average consumption, etc.),
- An integrated diagnostic help tool,
- A function to extract operational data and to update via USB stick,
- A PDF file reader.

Intuitive work controls

The AZURA MC 210 features new and innovative work controls, managed by CANBus. This technology, used in our equipment for 10 years, has been redesigned to revolutionise your sweeping approach thanks to its ease of use.

The new **keypads** have short pressure buttons with backlit display, each one representing a function symbolised by an icon and a colour code. Utilising this technology, you can activate and deactivate the sweeping mode simply by pressing the **Start & Sweep** button.

The single multi-function joystick allows the driver to control movements more accurately. This technology is focused on the operator's needs.

PERFORMANCE

Quality is apparent in the details. The predecessor offered unrivalled performance on all fields; the AZURA MC 210 exceeds the qualities which made the previous generation so successful.

Innovative PPS sweeping system

The innovative **Push and Pull System** offers multiple fields of application thanks to its integrated searching system. Its independent control of the brushes provides advantages similar to a three-brush solution (handling, access to remote areas, etc.).

The brushes are mounted on a rotary cylinders – patented technology – which increases the sweeping system's functionality and its operating potential and makes it possible to reach a maximum sweeping range of 2450 mm.

Optimised power at low speed

Thanks to the new hydraulic system with dedicated functions, an extra-wide reinforced suction nozzle and large-diameter high-resistance direct suction pipe, suction power is improved by nearly 10% at low speed and the cooling capacity is enhanced to guarantee suitability for all environments.

A manoeuvrability in line with the demands of the city

With its extra-compact dimensions, small rear overhang, 2 or 4 wheel steering in sweeping mode and an optimised turning radius, the AZURA MC 210 can easily negotiate obstacles and can be manoeuvred with great agility through narrow streets. The urban environment is definitely its favourite playground.

In travel mode, the **Auto-Steer** function, which automatically realigns the rear axle, allows the operator to stay focused on his task and to quickly and safely get from one working zone to another.

Proven chassis

A large capacity stainless steel 4016 hopper, reinforced chassis, resized rear axle with safe load capacity of 3.5 tonnes and 16-inch premium wheels offer **payload capacities of + 400 kg.**

In the city, no task is too challenging

The AZURA FLEX is the essence of flexibility; being the 5-in-1 tool-sweeper version of the AZURA.

Designed to be in action all year round thanks to its remarkable performance and flexibility, it will meet all your needs in terms of urban viability in all seasons, more than any other solution.

With the standard front arrangement, it becomes a three-brush sweeping solution, a mechanical weeding solution, a brushing/scouring, washing or snow removal solution.

It takes less than 5 minutes to install the different tools. It is therefore easy for the operator and doesn't require specific machines for the various tasks.

- **A third robust and efficient brush** for an even better performance. For mechanical weeding operations, treatment of cluttered or inaccessible zones, this solution will appeal to you due to its extended efficiency and speed.

3 SOLUTIONS FOR WINTER VIABILITY

- A 200-litre salt spreader with direct spreading or circular gritter disc - the dosage is set in the cab (optional) via a control unit.
- Rotating snow removal brush installed at the front of the AZURA FLEX. This acts in addition to the spreader at the rear to carry out efficient and complete snow removal from the road and sidewalks.
- A robust snow removal blade for easy snow removal thanks to hydraulic adjustment of the blade left and right.

- An innovative brushing and scouring unit comprising 3 brushes, combined with a system for collecting waste water will allow you to renovate any type of porous or smooth floor (paving stones, marble, natural stone, etc.). Thanks to its integrated detergent tank fitted with a precise dosing system, all you will leave behind is a genuine impression of cleanliness.

- A washing kit, fitted with high-pressure pump, front-installed removable cleaning spray-bar with two side jets and a nozzle coupled with an automatic hose reel, will be essential for your washing operations.

ENVIRONMENTALLY RESPONSIBLE

The AZURA MC 210 thinks of tomorrow, now

Offering a clean environment every day is the basis of our activity. Our eco-responsible approach ensures well-being and comfort for operators and residents.

An eco-efficient working mode

The new AZURA MC 210 has three pre-defined working speeds to handle the different sweeping tasks which the operator encounters daily: an **EcoMode**, a standard mode and a **BoostMode** limited to 10 minutes of use.

EcoMode

80% of common sweeping tasks are handled with EcoMode.

Activation of this working mode leads to:

- Up to 50% fuel savings compared to an intensive working mode,
- Less noise pollution,
- Preserving the lifetime of your sweeper.

Reducing clean water consumption

Thanks to the option of recycling waste water re-injected into the suction nozzle, added to a precise and proportional dose of clean water sprayed onto the brushes and in the nozzle, you can significantly reduce your clean water requirements.

3 stars in the EU United PM10 test

The MC 210 reached the maximum score in the standardised EU United PM 10 test. This is the guarantee of choosing a sweeper with the lowest release of airborne particulates!

Recyclable sweepers

Constructed from 90% steel, cast iron, aluminium, copper and glass, the mechanical and hydraulic components of the MC 210 platform are entirely recyclable. The plastic parts are also able to be recycled by specialists.

EURO 6

Latest-generation clean engines

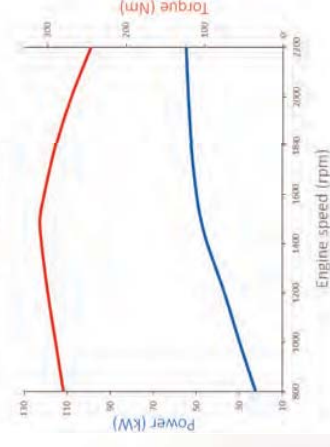

MATHIEU offers two engines in compliance with EURO 6 and TIER IV road standards, which largely reduce particle and nitrogen oxide emissions thanks to new aftertreatment equipment.

VM R754 EU6

KUBOTA V3800-CR-T-E4

-20% fuel consumption

The new pre-defined working speeds coupled with the new engines allow for fuel savings of up to 20%.

-20% CO2 emissions

Thanks to the reduced fuel requirement, the CO2 rate is significantly reduced.

Low noise pollution

Thanks to the effi-silence technology, reduced-noise engines and the selection of quality sound-proofing materials, the sweepers' level of acoustic power and pressure has been reduced.

RAVO 5 iSeries

50
YEARS
RAVO
1964 ♦ 2014

50 YEARS OF EXPERIENCE PASSIONATE ABOUT SWEEPING

Since we invented the pure vacuum compact street sweeper 50 years ago over 15,000 RAVO have been sold to customers all over the world. These customers include cities like Rome, Barcelona, Portland, Dubai, Montreal, Washington DC, Bordeaux, Berlin and Amsterdam to name a few. All these cities have chosen, and keep on choosing RAVO because of our commitment to build the greatest sweeper in the world.

Whether it is about the possible uptime of over 95% or the potential 42% fuel savings compared to a truck mounted sweeper, we deliver on all levels. And that attitude has made the RAVO 5 iSeries sweeper into what it is today: World's most sold sweeper.

RAVO goes back a long way in North America. It was in 1983 that the first RAVO was sold to a municipality of Hilton NY, many machines followed soon after. Since 2009 RAVO has become part of the family owned FAYAT Group (parent of BOMAG and Cedar Rapids) and we have set our focus on North America once more.

In North America we have established a growing network of well recognized distributors and have service technicians on the ground who are there to assist you and give you all the backup you need so you can focus on what you are good at: keeping your roads clean.

DESIGNED TO PERFORM THE RAVO 5 iSERIES

SETTING NEW STANDARDS

With a choice between Tier 3 and Tier 4 final engines, a new attractive cabin interior design and a state of the art intelligent sweeper monitoring system the new 5 iSeries sets the new benchmark in sweeping.

The unmatched performance is the result of a pure vacuum suction line combined with RAVO's unique broom system.

Spring or Autumn, sand with pine needles or leaves, ring roads or bicycle lanes, smooth tarmac or cobblestones, the 5 iSeries will clean every street in one pass. Storing all debris in its spacious 6.5 cubic yard stainless steel hopper with an unrivaled compaction rate.

Every RAVO is standard equipped with:

- An ergonomically designed cabin with adjustable steering column, dashboard and arm rest

- Rear view and suction mouth camera
- Air conditioning
- Air ride operator seat
- Stainless steel hopper with a volume up to 6.5 cu yd.
- Loading capacity of 12,125 lbs.
- Extreme manoeuvrability with a turning circle of only 199 inch.(curb to curb)
- RAVO's unique pulled broom system:
 - Constant brush pressure extends the broom life with 50%
 - Maintenance friendly: no greasing points.
- One engine powers all: fuel savings up to 42%
- Hydraulic front suspension with automatic levelling system
- Linde hydraulics
- Only 15 greasing points on the whole machine.

THE NEW ISYSTEM: INTELLIGENCE MEETS CONVENIENCE

At RAVO we continuously improve and develop our products. The new RAVO intelligent electronic monitoring system, which we named the iSystem, is an excellent example of our latest innovation. It has been specially developed to be in full control of your sweeper.

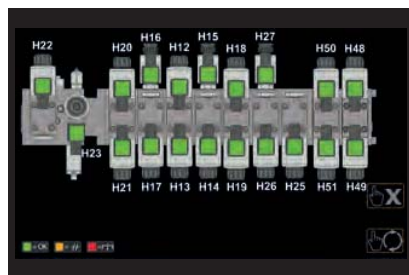

This new & robust control system has been exhaustively tested to meet the high RAVO standards. The use of nodes guarantees stability and the built-in LCD screen enables you to check the electrical & hydraulic system.

This system will ease maintenance of your machine by informing you the status of the functionalities of your sweeper.

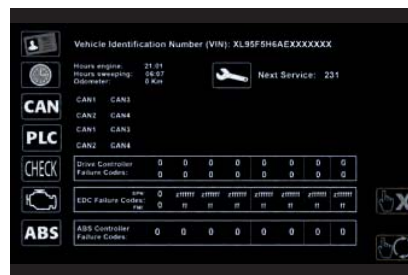

At one glance you can view all functions of the sweeper. Via the various available screens you can for example keep track of your sweeping and engine hours, service intervals or check your hydraulic system, lights, gauges, various pressure and voltage levels, etc.

RAVO 5 iSeries, INNOVATION KEEPS YOU GOING

A VERSATILE PERFORMER

For those who need specific requirements RAVO offers a range of options to customize your RAVO 5 iSeries. Below are some examples of the available options.

Container dump

This option allows you to dump your debris directly into a container and has a dumping height of 5 ft. 5in

Third brush/Weed cutter

The third brush increases the sweeping range of the RAVO 5 iSeries. This option enables drivers to clean pavements and road gutters more efficiently. When used in combination with the weed cutter brush, it is extremely suitable for the environmental friendly removal of weeds. This option can be equipped with a 'quick release' feature, which allows quick removal or installation of the third brush.

Heavy duty package

Equip your sweeper with a coated suction line to extend its lifetime when working under the heaviest conditions.

High pressure water pump

The high pressure water pump feature is perfect for quickly cleaning the inside of the container, brush and suction system or street furniture.

Brush angle adjustment

With the brush angle adjustment you can position the brushes into the optimal angle to sweep gutters, which makes sweeping more efficient.

Independent brush lifting

The independent brush lifting enables you to reduce brush wear and achieve a longer lifetime of the brushes.

Swasher installation

Sweep and spray roads and pavements in just one go. The pressurized swasher allows sweeping crews to clean the most difficult reachable places, street furniture and traffic signs. Various configurations in terms of water pressure, water tanks and pumps are available.

Water recycling

This option doubles your action radius and reduces dust emission at the same time.

Wander hose

The wander hose is perfect for sucking up leaves and for emptying gutters and waste bins.

Silent package

The silent package reduces the noise level of the RAVO 5 iSeries by 15%. The package includes special software, sound absorbing materials and special silent brushes.
