Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. Agreements

Agreements for purchase will normally be put into effect by means of a purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion.

Tax exempt status

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

Assignments of Agreements

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

Disclosures

- Vendor and TIPS affirm that he/she, or any authorized employees or agents, has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

Term of Agreement and Renewals

The Agreement with TIPS is for approximately five (5) years with an option for renewal for an additional one (1) consecutive year. If TIPS offers the renewal extension year, the Vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded Vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base five-year term. Whether or not to offer the extension is at the sole discretion of TIPS.

“Start Date” for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement “term” calculation purposes only, the Agreement “start date” is the last day of the month that Award Notifications are anticipated as published in the Solicitation

Example: *If the anticipated award date published in the Solicitation is May 22, but extended negotiations delay award until June 27, The end date of the resulting initial “five-year” term Agreement, (which is subject to an extension(s)) will still be May 31, 2025.*

“Termination Date”: The scheduled Agreement “termination date” shall be the last day of the month of the month of the Original Solicitation’s Anticipated Award Date plus five years.

Example: *If the original term is approximately five years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original five-year term shall be May 31, 2025.*

Extensions: Any extensions of the original term shall begin on the next day after the day the original term expires.

Example Following the Previous Example: *If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2026.*

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

Shipments

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

Invoices

Each invoice or pay request shall include the TIPS Member's purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

Payments

The TIPS Member will make payments directly to the Vendor, the Vendor Assigned Dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

Pricing

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

Participation Fees and Reporting of Sales to TIPS by Vendor

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the Solicitation. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Fees are due on all TIPS purchases reported by either Vendor or Member. Fees are due to TIPS upon payment by the Member to the Vendor, Reseller or Vendor Assigned

Dealer. Vendor, Reseller or Vendor Assigned Dealer agrees that the participation fee is due to TIPS for all Agreement sales immediately upon receipt of payment including partial payment, from the Member Entity and must be paid to TIPS at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently, or as otherwise agreed by TIPS in writing and signed by an authorized signatory of TIPS. Thus, when an awarded Vendor, Reseller or Vendor Assigned Dealer receives any amount of payment, even partial payment, for a TIPS sale, the legally effective fee for that amount is immediately due to TIPS from the Vendor and fees due to TIPS should be paid at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently.

Reporting of Sales to TIPS by Vendor

Vendor is required to report all sales under the TIPS contract to TIPS. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract number on any communications and related sales documents exchanged with the TIPS Member entity. To report sales, the Vendor must login to the TIPS Vendor Portal online at https://www.tips-usa.com/vendors_form.cfm and click on the PO's and Payments tab. Pages 3-7 of the [Vendor Portal User Guide](#) will walk you through the process of reporting sales to TIPS. Please refer to the TIPS [Accounting FAQ's](#) for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. Any overpayment of participation fees to TIPS by a Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. It is the Vendor's responsibility to identify which sales are TIPS Agreement sales and pay the correct participation fee due for TIPS Agreement sales. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date of overpayment will be non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline to notify if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

Indemnity

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

State of Texas Franchise Tax

By signature hereon, the Vendor hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

Miscellaneous

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

Purchase Order Pricing/Product Deviation

If a deviation of pricing/product on a Purchase Order or contract modification occurs between the Vendor and the TIPS Member, TIPS must be notified within five (5) business days of receipt of change order.

Termination for Convenience of TIPS Agreement Only

All purchase orders presented to the Vendor, but not fulfilled by the Vendor, by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded Vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

Usually, purchase orders or their equal are issued by participating TIPS Member to the awarded vendor and should indicate on the order that the purchase is per the applicable TIPS Agreement Number. Orders are typically emailed to TIPS at tipspo@tips-usa.com.

Remember this is a MINIMUM discount percentage. So, be sure that the discount percentage inserted here can be applied to ANY OFFERING OF GOODS OR SERVICES THROUGHOUT THE LIFE OF THE CONTRACT

CAUTION: BE CERTAIN YOU CAN HONOR THIS MINIMUM DISCOUNT PERCENTAGE ON ANY OFFERED SERVICE OR GOOD NOW OR DURING THE LIFE OF THE CONTRACT.

What is the MINIMUM percentage discount off of any item or service you offer to TIPS Members that is in your regular catalog (as defined in the solicitation specifications document), website, store or shelf pricing or when adding new goods or services to your offerings during the life of the contract? The resulting price of any goods or services Catalog list prices after this discount is applied is a ceiling on your pricing and not a floor because, in order to be more competitive in the individual circumstance, you may offer a larger discount depending on the items or services purchased and the quantity at time of sale.

Must answer with a number between 0% and 100%.

I agree that the fee shall not and will not be added by the Vendor as a separate line item on a TIPS member invoice, quote, proposal or any other written communications with the TIPS member.

38 Yes - No

Vendor agrees to remit to TIPS the required administration fee or, if resellers are named, Vendor agrees to guarantee the fee remittance by or for the reseller named by the vendor?

The ESC Region 8 and TIPS is a Texas Political Subdivision and a local governmental entity; therefore, is prohibited from indemnifying third parties pursuant to the Texas Constitution (Article 3, Section 52) except as specifically provided by law or as ordered by a court of competent jurisdiction. A provision in a contract to indemnify or hold a party harmless is a promise to pay for any expenses the indemnified party incurs, if a specified event occurs, such as breaching the terms of the contract or negligently performing duties under the contract. Article III, Section 49 of the Texas Constitution states that "no debt shall be created by or on behalf of the State ... " The Attorney General has counseled that a contractually imposed obligation of indemnity creates a "debt" in the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Contract clauses which require the System or institutions to indemnify must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas." Liquidated damages, attorney's fees, waiver of vendor's liability, and waiver of statutes of limitations clauses should also be deleted or qualified with "to the extent permitted by the Constitution and laws of State of Texas."

Introduction: Texas Education Code Chapter 22 requires entities that contract with school districts to provide services to obtain criminal history record information regarding covered employees. Contractors must certify to the district that they have complied. Covered employees with disqualifying criminal histories are prohibited from serving at a school district.

Definitions: Covered employees: Employees of a contractor or subcontractor who have or will have continuing duties related to the service to be performed at the District and have or will have direct contact with students. The District will be the final arbiter of what constitutes direct contact with students. Disqualifying criminal history: Any conviction or other criminal history information designated by the District, or one of the following offenses, if at the time of the offense, the victim was under 18 or enrolled in a public school:

(a) a felony offense under Title 5, Texas Penal Code; (b) an offense for which a defendant is required to register as a sex offender under Chapter 62, Texas Code of Criminal Procedure; or (c) an equivalent offense under federal law or the laws of another state.

I certify that:

NONE (Section A) of the employees of Contractor and any subcontractors are covered employees, as defined above. If this box is checked, I further certify that Contractor has taken precautions or imposed conditions to ensure that the employees of Contractor and any subcontractor will not become covered employees. Contractor will maintain these precautions or conditions throughout the time the contracted services are provided.

OR

SOME (Section B) or all of the employees of Contractor and any subcontractor are covered employees. If this box is checked, I further certify that:

(1) Contractor has obtained all required criminal history record information regarding its covered employees. None of the covered employees has a disqualifying criminal history.

(2) If Contractor receives information that a covered employee subsequently has a reported criminal history, Contractor will immediately remove the covered employee from contract duties and notify the District in writing within 3 business days.

(3) Upon request, Contractor will provide the District with the name and any other requested information of covered employees so that the District may obtain criminal history record information on the covered employees.

(4) If the District objects to the assignment of a covered employee on the basis of the covered employee's criminal history record information, Contractor agrees to discontinue using that covered employee to provide services at the District.

Noncompliance or misrepresentation regarding this certification may be grounds for contract termination.

8 **Texas Business and Commerce Code § 272 Requirements as of 9-1-2017**

SB 807 prohibits construction contracts to have provisions requiring the contract to be subject to the laws of another state, to be required to litigate the contract in another state, or to require arbitration in another state. A contract with such provisions is voidable. "Construction contracts" are for the design, construction, alteration, renovation, remodeling, or repair of any building or improvement to real property, or for furnishing materials or equipment for the project. The term also includes moving, demolition, or excavation. BY RESPONDING TO THIS SOLICITATION, AND WHEN APPLICABLE, THE PROPOSER AGREES TO COMPLY WITH THE TEXAS BUSINESS AND COMMERCE CODE § 272 WHEN EXECUTING CONTRACTS WITH TIPS MEMBERS THAT ARE TEXAS GOVERNMENT ENTITIES.

89 Choice of Law clauses with TIPS Members

If the vendor is awarded a contract with TIPS under this solicitation, the vendor agrees to make any Choice of Law clauses in any contract or agreement entered into between the awarded vendor and with a TIPS member entity to read as follows: "Choice of law shall be the laws of the state where the customer resides" or words to that effect.

90 Venue of dispute resolution with a TIPS Member

In the event of litigation or use of any dispute resolution model when resolving disputes with a TIPS member entity as a result of a transaction between the vendor and TIPS or the TIPS member entity, the Venue for any litigation or other agreed upon model shall be in the state and county where the customer resides unless otherwise agreed by the parties at the time the dispute resolution model is decided by the parties.

9 1 Automatic renewal of contracts or agreements with TIPS or a TIPS member entity
This clause **DOES NOT** prohibit multiyear contracts or agreements with TIPS member entities. Because TIPS and TIPS members are governmental entities subject to laws that control appropriations of funds during their fiscal years for contracts and agreements to provide goods and services, does the Vendor agree to limit any automatic renewal clauses of a contract or agreement executed as a result of this TIPS solicitation award to not longer than "month to month" and at the TIPS contracted rate.

9 2 Indemnity Limitation with TIPS Members
Texas and other states restrict by law or state Constitution the ability of a governmental entity to indemnify others. TIPS requires that any contract entered into between a vendor and TIPS or a TIPS Member as a result of an award under this Solicitation limit the requirement that the Customer indemnify the Vendor by either eliminating any such indemnity requirement clauses in any agreements, contracts or other binding documents **OR** by prefacing all indemnity clauses required of TIPS or the TIPS Member entity with the following: "To the extent permitted by the laws or the Constitution of the state where the customer resides, ".
Agreement is a required condition to award of a contract resulting from this Solicitation.

9 3 Arbitration Clauses
Except for certain circumstances, TIPS forbids a mandatory arbitration clause in any contract or agreement entered into between the awarded vendor with TIPS or a TIPS member entity. Does the vendor agree to exclude any arbitration requirement in any contracts or agreement entered into between TIPS or a TIPS member entity through an awarded contract with TIPS?

9 4 Required Vendor Sales Reporting
By responding to this Solicitation, you agree to report to TIPS all sales made under any awarded Agreement with TIPS. Vendor is required to report all sales under the TIPS contract to TIPS. If the TIPS Member entity requesting a price from the awarded Vendor requests the TIPS contract, Vendor must include the TIPS Contract number on any communications with the TIPS Member entity. If awarded, you will be provided access to the Vendor Portal. To report sales, login to the TIPS Vendor Portal and click on the PO's and Payments tab. Pages 3-7 of the **Vendor Portal User Guide** will walk you through the process of reporting sales to TIPS. Please refer to the TIPS **Accounting FAQ's** for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS.

9 5 Upload of Current W-9 Required

Consulting Engagements

(Presented in chronological order of start dates)

Design of a Multimedia Training Video

**A small training video company – Houston
July-August 2009**

Our client's customer was dissatisfied with an initial video training guide on the subject of Expert Knowledge Capture, but could not convey to the supplier what it wanted changed. We used our own knowledge and short interviews to refocus the deliverable, shortened it by a third, reordered the video clips, and created a new introduction. The result was much more effective and the customer was satisfied, subsequently ordering a shorter version demonstrating a specific technique, which we also helped design.

Software Roadmap for a Merged Product

**A clinical decision support software company –
Atlanta
August-September 2009**

This international supplier of a Clinical Decision Support System had never resolved the overlap between three software products resulting from acquisitions. The products had obsolete user interfaces, and the support workload stifled innovation.

Through an executive workshop, we helped them develop their business priorities about the product. Then we were called to conduct a follow-up exercise to define the new roadmap, which we did by interviewing the three development teams and constructing an objective set of requirements and a converged high-level product architecture.

Enterprise Tagging Study and Roadmap

**An oilfield services company – Houston
September-October and December 2009**

This large company initially asked for an evaluation of "behind-the-firewall" tagging systems in order to select a product or specify the requirements to develop one.

We repositioned the study, in agreement with some concerned stakeholders, to first look for case studies and evidence of benefits. We demonstrated that it was neither judicious to develop new software, nor possible to select a viable stand-alone tool in the current state of the market. We created a roadmap based on developing a taxonomy, and evaluating how Office 2010 and SharePoint 2010 might meet the company's need.

Technology & Competitive Watch Strategy

**A chemical gases company – Paris, France
May 2010, Sep.-Nov. 2010, and April 2011**

We first advised the client on the concept of communities of practice.

Later on, we investigated for them how to use this concept to revive a stalled "active intelligence" program. We identified the dysfunctions and misconceptions that were preventing progress and proposed steps, including the creation of real communities of practice, using better collaboration tools, to enlist the company's experts in the evaluation of technology and business news.

Finally, several months later, we researched collaboration software and delivered a tutorial and supporting materials.

Architecture-Driven IT Roadmap (1)

**Marketing company – Raleigh, NC and Denver, CO
August-September 2010**

This client, having accumulated 170 business requirements through a thorough stakeholder interview process, needed guidance to develop an IT roadmap that would satisfy the requirements. The Enterprise Architect's knowledge of EA frameworks (Zachman, TOGAF) didn't directly lead to a practical course of action. Through an intense series of work sessions (18 work days over a five-week period), we helped the CIO of the company, the business systems manager, and the Enterprise Architect define a complete roadmap with traceability from the requirements to the business processes, the systems, the architecture, and the technology.

Company "Alumni" Group Management

**An Oilfield Services company – Paris
March 2011—ongoing**

This client had launched in 2005 a Web site to connect its ex-employees to the company and to each other. Due to the rapid adoption of social and professional networks since then, the strategy of having a private Web site for this purpose was no longer adequate; adoption and interest were falling off. We proposed to switch to a LinkedIn group and put in place strong governance and frequent discussion triggers. Under our guidance, the group grew from 6,000 to 34,000 members in 5 years.

Enterprise Taxonomy Development

**An Oilfield Services company – Houston
July 2011 to July 2012**

We picked up a slow-moving enterprise taxonomy development process at this client. We restructured the taxonomy, expanded it to cover the functions of the company that had not been involved, selected a software tool to manage the resulting structure (7000 terms), and resolved alignment issues with an enterprise portal, a technical best practices query system, and SharePoint.

Recommendations on ERP Adoption

**A private university – Universidad Regiomontana,
Monterrey, Mexico
November 2011 to February 2012**

This private university, lured by a steep university discount, had started a deployment of SAP's ERP system that was not going well. We assessed the key issues of alignment and communication with the business, lack of understanding of the priority business processes, insufficient resources, service provider competence, etc., and presented recommendations to the CIO and the Board of the university.

Innovative Conference Facilitation

**Co-sponsors of SPE Intelligent Energy 2012 –
Utrecht, Netherlands
December 2011 to April 2012**

We used modern collaboration and multimedia technologies to create innovative opening and closing session materials for the audience. This included video interviews of experts prior to the conference, as well as on-site interviews of conference participants, with a team of 8 students acting as video reporters. We also set up and moderated a Wiki for remote participants.

Algorithm Performance Study

**A Financial Software-as-a-Service Startup
January-February 2012 and January 2013**

Our client was unhappy with the performance of a program they were offering to their users. We reviewed the algorithm itself (a complex mathematical problem) and documented its theoretical complexity as well as heuristics to reduce the computing time. We also found an error in the software written by a third party.

After using our results to commission some changes, the client came back and asked us to reimplement the software in a different language, solving additional issues in the process.

Technology “Book of Knowledge”

**An oilfield services company – Houston
July-August 2012**

The client wanted to organize knowledge bases concerning specific technology themes on which broadly disseminated experts held the knowledge. They had jumped immediately to the search for a tool. We showed that they needed to define a process and a community-based organization of their experts, and to improve the governance of their research themes. Then, they could then use any number of tools, including some they already had, to facilitate the knowledge crowdsourcing. We proposed a common table of contents for the various “books of knowledge” on each theme.

Taxonomy Coaching and ECM Strategy

**A health insurance cooperative – Hawaii
August 2012—January 2015**

For this client, we provided research and remote coaching of the document management and taxonomy team, including reviews and suggestions about the actual contents of the enterprise taxonomy. We then helped the client develop its Electronic Content Management (CMS) strategy. Toward the end of the project, we also provided advice on potential electronic signature solutions.

Software Platform Assessment

**An oilfield services company – Houston, Calgary
October-November 2012**

This client’s fledgling internal software department had a mixed history. One of its internal clients was considering buying a competitor’s product instead of relying on the internal provider. As part of their decision process, they wanted an independent assessment of the software development process, solution architecture, and the code itself. We formed a team of three experts, performed a broad assessment and made concrete and sometimes major recommendations regarding software process, technical debt reduction, and agile adoption.

Transformation Working Group Support

**A financial institution – Mexico City
February-June 2013**

As part of its IT transformation efforts, aimed at resolving the misalignment between IT and the business, this client formed four working groups to study necessary changes in the areas of IT skills, process, products, and client relationship.

We reviewed and critiqued the work of these groups, and advised the client to use a much more agile method, deploying incremental changes rapidly instead of conducting long series of meetings that only produced PowerPoint decks, and to make the working group efforts more transparent to the employees in order to elicit feedback.

IT Architecture and Process Assessment

**A health insurance provider – Ontario, Canada
April 2013**

This company wanted to extend its IT systems to its “ecosystem” of providers and customers. They needed to assess whether their complex legacy architecture would be able to “scale out” to this greater scope.

We were part of a team of 3 experts who evaluated the architecture and processes and recommended changes. The deficiencies we pointed out were not readily accepted by the client, but we found a way to report our findings honestly while wording them in an acceptable manner to them.

Data Visualization Product Research

**The World Trade Organization – Geneva
April 2013**

The WTO’s statisticians produce country-specific economic assessments containing many graphs and charts, and were unhappy with the quality of the output. For them, we studied the market and compared options that include stand-alone products, technical document editing packages, software platforms to create ad hoc reports, and the option of outsourcing the production of the charts.

Media Monitoring Service Selection **An oilfield services company – Houston** **October 2013**

This company used multiple suppliers to monitor the news mentioning them or their industry in print, Web, broadcast and social media. This required managing and renewing five separate contracts, and aggregating multiple redundant streams of alerts in order to synthesize the coverage.

We managed the issuance of an RFP and the evaluation of responses to form a recommendation for a streamlined and better integrated set of sources.

Security in the “Internet of Things” **A startup security supplier – San Francisco Area** **September 2013—ongoing**

We initially conducted a short study to advise this stealth-mode startup about the system architectures suitable to manage certain security aspects of a novel product for securing “Internet of Things” devices. Subsequently, we were retained to provide ongoing advice about the application of their technology to the Oil & Gas industry.

Collaboration Requirements Study **The Statistics Research and Education Center of the Mexican federal government** **October 2013**

As part of a multi-disciplinary team, we recommended state-of-the-art designs and IT systems for their new building in Mexico City to facilitate collaboration.

The study was later extended to advise the CIO on several aspects of his IT roadmap, including the use of massive open online courses (MOOCs) to disseminate the institute’s results to the public.

Architecture-Driven IT Roadmap (2) **Mexican Ministry of Education** **March-April 2014**

We examined the needs for information systems to support the management of student, teacher and school records. We proposed an enterprise architecture, a methodology to create a roadmap of projects, and partially populated the roadmap for the client.

Architecture-Driven IT Roadmap (3) **National Institute for Educational Assessment – Mexico City, May 2014—ongoing**

This new agency, created as a result of education reforms, needed to develop from scratch a comprehensive set of IT solutions to develop, administer and analyze tests at the national level while meeting strict “transparency” (i.e., anti-corruption) criteria.

We developed their architectural approach, studied the requirements of multiple systems, and conducted numerous workshops to develop the solution and information architectures. We also advised several units on knowledge management strategies and the creation of communities of practice.

Energy Domain Consulting **Object Management Group (OMG) and Industrial Internet Consortium (IIC), May 2015—ongoing**

These two consortia wish to expand their activities in the Oil & Gas sector. We continuously provide insights into the requirements of the industry, report on trends detected at industry conferences, and provide contacts with prospective members, whom we also educate on what the OMG and IIC are offering.

Software Selection for Publication Review and Approval **An oilfield services company, Dec. 2015-Jan. 2016**

We studied the potential solutions, both cloud-based and on-premises, to replace a legacy system used by employees to submit manuscripts to publi-

cation and conferences, and by management to review those submissions. The existing system had various shortcomings and we offered a choice of a fit-for-purpose cloud-based manuscript review system, or a more generic Sharepoint-based workflow management system that could be run in-house.

Strategic Business Development Consulting

A global system integrator – Asia/US/Canada

January 2017—ongoing

For this multinational system integrator in growth phase (500 people with a base in India and teams in China, Korea, Canada and the US) we established contacts in the Industrial IoT world and we provide strategic advice on how to position their services, especially in the Oil & Gas industry. We are on an indefinite retainer fee-based consulting contract.

Strategic IT Consulting

A financial services startup – Houston, Tex.

January 2017—ongoing

Preparing for the launch of its first prototype, this one-person startup asked to consult on various aspects of its processes and products, including a capability map, process maps, sourcing of contractors and interns, and generally reviewing their plans and providing 360-degree advice. We also provide contacts with potential partner.

Executive Reports

(These are reports paid by clients. See Claude Baudoin's bibliography for other papers and articles.)

“Enterprise Architecture at 23”

Cutter Consortium – Arlington, Mass.

February 2010

This 30-page report presents the state and directions of EA and gives CIOs and business executives pragmatic recommendations to apply frameworks such as TOGAF, incorporating business process management, SOA, Master Data Management, and cloud solutions.

“Business Process Management Glossary”

Cutter Consortium – Arlington, Mass.

June 2010 and April 2013

Having identified that there was not a high-quality glossary of BPM concepts available, we proposed and delivered a 20-page glossary, first published in 2010, which is being updated and republished in 2013.

“Social Media and the Enterprise”

Cutter Consortium – Arlington, Mass.

February 2011

This 31-page report presents scenarios for the adoption of social media in business. It addresses the issues (and the hype over some of these issues) and describes examples of successful usage.

A Product Architecture Brief

A networking equipment supplier – San Jose, Calif.

April-June 2011

Preparing for the launch of a software product, the client found that their technical writers could not deliver a strategic architecture white paper for a CIO-level audience. We interviewed product managers and architects and wrote a 26-page paper.

Training

Knowledge Management Course

**Network for Excellence in Training (NExT) –
Calgary, August 2013**

Our KM course is an intense, 4-day event covering all the aspects of knowledge identification, retention and sharing in an organization. It covers such topics as taxonomy, the psychological and institutional barriers to KM, the creation and nurturing of Communities of Practice, and the way social media technology is changing knowledge management.

Technology Training for Sales

**An IT services company – Mexico City
January-April 2014**

This IT services company had been doing traditional “body shopping” services – renting out programmers and project managers to clients. In order to expand into new services, the key account managers needed to be retrained. We performed the requirements study, developed the program, and provided two day-long workshops, one on IT innovation and one on Cloud Computing.

Social, Mobile, Analytics and the Cloud

**A large bank – Mexico City
August 2014**

This half-day workshop was put together to educate key business and IT personnel of the bank on the impact of the “SMAC” technologies (social, mobile, analytics and cloud) on their business. We focused in particular on the new expectations that users have about accessibility and ease of use, the way negative social feedback can impact a business, the risks related to privacy, and the new digital data stream opportunities that a business can leverage.

Key IT Concepts for non-IT Executives

**A major retail company – Monterrey, Mexico
December 2015**

This company’s CFO assumed the supervision of the IT group without prior exposure to IT strategy. We constructed a two-day high-intensity interactive course that covered the principles of enterprise architecture, strategic planning, agile project management, enterprise applications, IT sourcing, cloud computing, IT service management, and IT innovation.
