

TIPS VENDOR AGREEMENT (Part 2)

TIPS RCSP 240201 Renewable Energy and Solar Solutions (Part 2)

The following Vendor Agreement (“Agreement”) creates a legal agreement between The Interlocal Purchasing System (“TIPS”), a government purchasing cooperative and Department of Texas Region 8 Education Service Center and (INSERT ENTITY NAME):

Ameresco, Inc.

(ENTER ENTITY NAME]

its owners, agents, subsidiaries, and affiliates (together, “Vendor”) (individually, “Party”, and collectively the “Parties”) and this agreement shall exclusively govern the contractual relationship (“Agreement”) between the Parties for Part 2 of the related solicitation opportunity. If Vendor proposes and awarded on Part 1, a separate Part 1 Vendor Agreement shall control Part 1 terms.

TIPS, a governmental entity and a national purchasing cooperative seeks to provide a valuable and necessary solution to public entities and qualifying non-profits by performing the public procurement solicitation process and awarding compliant contracts to qualified vendors. Then, where the law of a customer’s jurisdiction allows, instead of public entities and qualifying non-profits expending time, money, and resources on the extensive public procurement process, the use of TIPS allows public entities to quickly select and purchase their preferred products or services from qualified, competitively evaluated vendors through cooperative purchasing.

1. **Purpose.** The purpose of this Agreement is to identify the terms and conditions of the relationship between TIPS and Vendor. Public entities and qualifying non-profits that properly join or utilize TIPS (“TIPS Members”) may elect to “piggyback” off of TIPS’ procurements and agreements where the laws of their jurisdiction allow. TIPS Members are not contractual parties to this Agreement although terms and conditions of this Agreement may ensure benefits to TIPS Members.
2. **Authority.** The Parties agree that the signatories below are individual authorized to enter into this Agreement on behalf of their entity and that they are acting under due and proper authority under applicable law.
3. **Definitions.**
 - a. **TIPS Pricing:** The specific pricing, coefficients, mark-ups, discounts, and other pricing terms and incentives which Vendor submitted and TIPS approved for each respective TIPS Contract awarded to Vendor and all permissible, subsequent pricing updates submitted by Vendor and accepted by TIPS, if any.
4. **Entire Agreement.** This Agreement resulted from TIPS posting a Part 2 “TIPS Solicitation” (RFP, RCSP, RFQ, or other) and Vendor submitting a proposal in response to that posted TIPS Solicitation for evaluation and award. The Parties agree that this Agreement consists of the provisions set forth herein and: (1) The Part 2 TIPS solicitation document resulting in this Agreement; (2) Any Part 2 addenda or clarifications issued in relation to the TIPS solicitation; (3) All Part 2 solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor’s entire Part 2 proposal response to the TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, pricing, accepted responses to questions, and accepted written clarifications of Vendor’s proposal, and; any properly included attachments to this Agreement. All documentation and information listed is hereby incorporated by reference as if set forth herein verbatim. In the event of conflict between the terms herein and one of the incorporated documents the terms and conditions herein shall control.
5. **Vendor’s Specific Warranties, Terms, and License Agreements.** Because TIPS serves public entities and non-profits throughout the nation all of which are subject to specific laws and policies of their jurisdiction, as a matter of standard practice, TIPS does not typically accept a Vendor’s specific “Sale Terms” (warranties, license agreements, master agreements, terms and conditions, etc.) on behalf of all TIPS Members. TIPS may permit Vendor to attach those to this Agreement to display to interested customers what terms may apply to their Supplemental Agreement with Vendor (if submitted by Vendor for that purpose). However, unless this term of the Agreement is negotiated and modified to state otherwise, those specific Sale Terms are not accepted by TIPS on behalf of all TIPS Members and each Member may choose whether to accept, negotiate, or reject those specific Sale Terms, which must be reflected in a separate agreement between Vendor and the Member in order to be effective.
6. **Vendor Identity and Contact Information.** It is Vendor’s sole responsibility to ensure that all identifying vendor information (name, EIN, d/b/a’s, etc.) and contact information is updated and current at all times within the TIPS eBid System and the TIPS Vendor Portal. It is Vendor’s sole responsibility to confirm that all e-correspondence issued from tips-usa.com, ionwave.net, and tipsconstruction.com

to Vendor's contacts are received and are not blocked by firewall or other technology security. Failure to permit receipt of correspondence from these domains and failure to keep vendor identity and contact information current at all times during the life of the contract may cause loss of TIPS Sales, accumulating TIPS fees, missed rebid opportunities, lapse of TIPS Contract(s), and unnecessary collection or legal actions against Vendor. It is no defense to any of the foregoing or any breach of this Agreement that Vendor was not receiving TIPS' electronic communications issued by TIPS to Vendor's listed contacts.

7. **Initiation of TIPS Sales.** When a public entity initiates a purchase with Vendor, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Once verified, Vendor must include the TIPS Contract Number on all purchase communications and sales documents exchanged with the TIPS Member.
8. **TIPS Sales and Supplemental Agreements.** If awarded, when making a sale under this awarded contract, the terms of the specific TIPS order, including but not limited to: shipping, freight, insurance, delivery, fees, bonding, cost, delivery expectations and location, returns, refunds, terms, conditions, cancellations, defects, order assistance, etc., shall be controlled by the purchase agreement (Purchase Order, Contract, AIA Contract, Invoice, etc.) ("Supplemental Agreement" as used herein) entered into between the TIPS Member Customer and Vendor only. TIPS is not a party to any Supplemental Agreement. All Supplemental Agreements shall include Vendor's Name, as known to TIPS, and TIPS Contract Name and Number. Vendor accepts and understands that TIPS is not a legal party to TIPS Sales and Vendor is solely responsible for identifying fraud, mistakes, unacceptable terms, or misrepresentations for the specific order prior to accepting. Vendor agrees that any order issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. When Vendor accepts or fulfills an order, even when processed through TIPS, Vendor is representing that Vendor has carefully reviewed the order for legality, authenticity, and accuracy and TIPS shall not be liable or responsible for the same. In the event of a conflict between the terms of this TIPS Vendor Agreement and those contained in any Supplemental Agreement, the provisions set forth herein shall control unless otherwise agreed to and authorized by the Parties in writing within the Supplemental Agreement. The Supplemental Agreement shall dictate the scope of services, the project delivery expectations, the scheduling of projects and milestones, the support requirements, and all other terms applicable to the specific sale(s) between the Vendor and the TIPS Member.
9. **Right of Refusal.** Vendor has the right not to sell to a TIPS Member under the awarded agreement at Vendor's discretion unless otherwise required by law.
10. **Reporting TIPS Sales.** If awarded on this TIPS Contract, for the duration of the contract, Vendor shall provide a RS Means or Xactimate line-item estimates to TIPS for each anticipated TIPS project or sale. When a TIPS Member Customer seeks a quote or proposal for a TIPS sale, Vendor shall always supply a line-item estimate to TIPS for review and approval. If awarded, Vendor must report all TIPS Sales to TIPS. If a TIPS sale is initiated by Vendor receiving a TIPS Member's purchase order from TIPS directly, Vendor may consider that specific TIPS Sale reported. Otherwise, with the exception of TIPS Automated Vendors, who have signed an exclusive agreement with TIPS regarding reporting, all TIPS Sales must be reported to TIPS by either: (1) Emailing the line item quote and purchase order or similar purchase document (with Vendor's Name, as known to TIPS, the TIPS Contract Name and Number included, and authorized signatures on behalf of both the TIPS Member and Vendor) to TIPS at tipspo@tips-usa.com with "Confirmation Only" in the subject line of the email within three business days of Vendor's acceptance of the order, or; (2) Within 3 business days of the order being accepted by Vendor, Vendor must login to the TIPS Vendor Portal and successfully self-report all necessary sale information within the Vendor Portal and confirm that it shows up accurately on your current Vendor Portal statement. No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion. Please refer to the TIPS [Accounting FAQ's](#) for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com.
11. **TIPS Administration Fees.** The collection of administrative fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The administration fee ("TIPS Administration Fee") is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of the amount paid by the TIPS Member for each TIPS Sale, less shipping cost, bond cost, and taxes if applicable and identifiable, which is legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published in the corresponding solicitation and is incorporated herein by reference. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member, not on the Vendor's cost or on the amount for which the Vendor sold the item to a dealer or Authorized Reseller. Upon receipt of payment for a TIPS Sale, including partial payment (which renders TIPS Administration Fees immediately due), Vendor shall issue to TIPS the corresponding TIPS Administration Fee payment as soon as possible but not later than thirty-one calendar days following Vendor's receipt of payment. Vendor shall pay TIPS via check unless otherwise agreed to by the Parties in writing. Vendor shall include clear documentation with the issued payment dictating to which sale(s) the amount should be applied. Vendor may create a payment report within their TIPS Vendor Portal which is the preferred documentation dictating to which TIPS Sale(s) the amount

should be applied. Failure to pay all TIPS Administration Fees pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion as well as the initiation of collection and legal actions by TIPS against Vendor to the extent permitted by law. Any overpayment of participation fees to TIPS by Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date that TIPS received the payment will render the overpayment non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect TIPS Administration Fees due to TIPS pursuant to this Agreement.

- 12. Term of the Agreement.** If awarded, the resulting Agreement with TIPS is for approximately two years with an option for renewal for an additional three consecutive one-year terms. The three consecutive one-year renewals shall renew automatically annually, unless either Party notifies the other of its objection to a renewal. TIPS reserves the right to object to and refuse any or all of the three consecutive one-year renewals.

Actual Effective Date: Agreement is effective upon signature by authorized representatives of both Parties. The Effective Date does not affect the "Term Calculation Start Date."

Term Calculation Start Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, Vendor shall calculate the foregoing term as starting on the last day of the month that "Award Notifications" are anticipated as published in the Solicitation, regardless of the actual Effective Date.

Example of Term Calculation Start Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2023, but extended negotiations delay award until June 27, 2023 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2023 in this example.

Contract Expiration Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, the term expiration date shall be two-years from the Term Calculation Start Date.

Example of Contract Expiration Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2023, but extended negotiations delay award until June 27, 2023 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2023 and the Contract Expiration Date of the resulting initial "two-year" term, (which is subject to an extension(s)) will be May 31, 2025 in this example.

Option(s) for Renewal: Any option(s) for renewal shall begin on the Contract Expiration Date, or the date of the expiration of the prior renewal term where applicable, and continue for the duration specified for the renewal option herein.

Example of Option(s) for Renewal: In this example, if TIPS offers the first one-year renewal and the Contract Expiration Date is May 31, 2025, then the one-year renewal is effective from May 31, 2025 to May 31, 2026.

TIPS may offer to extend Vendor Agreements to the fullest extent the TIPS Solicitation resulting in this Agreement permits.

- 13. TIPS Pricing.** Vendor agrees and understands that for each TIPS Contract that it is awarded, Vendor submitted, agreed to, and received TIPS' approval for pricing, coefficients, mark-ups, discounts, and other pricing terms and incentives which make up Vendor's TIPS Pricing for that TIPS Contract ("TIPS Pricing"). Vendor confirms that Vendor will not add the TIPS Administration Fee as a charge or line-item in a TIPS Sale. Vendor hereby certifies that Vendor shall only offer goods and services through this TIPS Contract if those goods and services fall within the scope of the TIPS Contract and are priced according to Vendor's TIPS Pricing. TIPS reserves the right to review Vendor's proposals and quotes line-item by line-item to determine compliance. However, Vendor contractually agrees that all TIPS quotes and proposals shall be within the original terms of the Vendor's TIPS Pricing (scope, coefficients, percentage markups, and other pricing terms and incentives originally proposed by Vendor) such that TIPS may approve Vendor's quotes and proposals without additional vetting at TIPS discretion.

- 14. Indemnification of TIPS.** VENDOR AGREES TO INDEMNIFY, HOLD HARMLESS, AND DEFEND TIPS, TIPS MEMBERS, TIPS OFFICERS, TIPS EMPLOYEES, TIPS DIRECTORS, AND TIPS TRUSTEES (THE "TIPS INDEMNITEES") FROM AND AGAINST ALL CLAIMS AND SUITS BY THIRD-PARTIES FOR DAMAGES, INJURIES TO PERSONS (INCLUDING DEATH), PROPERTY DAMAGES, LOSSES, EXPENSES, FEES, INCLUDING COURT COSTS, REASONABLE ATTORNEY'S FEES, AND EXPERT FEES, TO THE EXTENT ARISING OUT OF OR RELATING TO BODILY INJURY OR DAMAGE TO PERSONAL PROPERTY CAUSED BY VENDOR'S NEGLIGENCE OR WILLFUL MISCONDUCT IN VENDOR'S PERFORMANCE UNDER THIS AGREEMENT (INCLUDING THE PERFORMANCE OF VENDOR'S OFFICERS, EMPLOYEES, AGENTS, AUTHORIZED RESELLERS, SUBCONTRACTORS, LICENSEES, OR INVITEES). NO LIMITATION OF

LIABILITY FOR DAMAGES AWARDED TO THIRD PARTIES FOR BODILY INJURY OR PROPERTY DAMAGE FOR WHICH VENDOR IS LIABLE PURSUANT TO THIS SECTION 14 ARE PERMITTED OR AGREED TO BY TIPS. APART FROM THIS INDEMNIFICATION PROVISION REQUIRING INDEMNIFICATION OF THE TIPS INDEMNITEES' ATTORNEY'S FEES AS SET FORTH ABOVE, RECOVERY OF ATTORNEYS' FEES BY THE PREVAILING PARTY IS AUTHORIZED ONLY IF AUTHORIZED BY TEX. EDUC. CODE § 44.032(F).

- 15. Indemnification and Assumption of Risk – Vendor Data.** VENDOR AGREES THAT IT IS VOLUNTARILY PROVIDING DATA (INCLUDING BUT NOT LIMITED TO: VENDOR INFORMATION, VENDOR DOCUMENTATION, VENDOR'S PROPOSALS, VENDOR PRICING SUBMITTED OR PROVIDED TO TIPS, TIPS CONTRACT DOCUMENTS, TIPS CORRESPONDENCE, VENDOR LOGOS AND IMAGES, VENDOR'S CONTACT INFORMATION, VENDOR'S BROCHURES AND COMMERCIAL INFORMATION, VENDOR'S FINANCIAL INFORMATION, VENDOR'S CERTIFICATIONS, AND ANY OTHER VENDOR INFORMATION OR DOCUMENTATION, INCLUDING WITHOUT LIMITATION SOFTWARE AND SOURCE CODE UTILIZED BY VENDOR, SUBMITTED TO TIPS BY VENDOR AND ITS AGENTS) ("VENDOR DATA") TO TIPS. FOR THE SAKE OF CLARITY, AND WITHOUT LIMITING THE BREADTH OF THE INDEMNITY OBLIGATIONS IN SECTION 14 ABOVE, VENDOR AGREES TO PROTECT, INDEMNIFY, AND HOLD THE TIPS INDEMNITEES HARMLESS FROM AND AGAINST ANY AND ALL THIRD PARTY CLAIMS AND RESULTING LOSSES, CLAIMS, ACTIONS, DEMANDS, ALLEGATIONS, SUITS, JUDGMENTS, COSTS, EXPENSES, FEES, INCLUDING COURT COSTS, REASONABLE ATTORNEY'S FEES, AND EXPERT FEES AND ALL OTHER LIABILITY OF ANY NATURE WHATSOEVER ARISING OUT OF OR RELATING TO: (I) ANY UNAUTHORIZED, NEGLIGENT OR WRONGFUL USE OF, OR CYBER DATA BREACH INCIDENT AND VIRUSES OR OTHER CORRUPTING AGENTS BY VENDOR INVOLVING, VENDOR'S DATA, PRICING, AND INFORMATION, COMPUTERS, OR OTHER HARDWARE OR SOFTWARE SYSTEMS, AND; (II) ALLEGATIONS OR CLAIMS THAT ANY VENDOR DATA INFRINGES ON THE INTELLECTUAL PROPERTY RIGHTS OF A THIRD-PARTY OR VENDOR.
- 16. Intellectual Property Indemnification by Vendor. Procedures Related to Indemnification.** In the event that an indemnity obligation arises, Vendor shall pay all amounts set forth in Section 14 and 15 above (including any settlements) and control the legal defense to such claim or cause of action, including without limitation attorney selection, strategy, discovery, trial, appeal, and settlement, and TIPS shall, at Vendor's cost and expense (with respect to reasonable out of pocket costs and expenses incurred by TIPS which shall be reimbursed to TIPS by Vendor), provide all commercially reasonable assistance requested by Vendor. In controlling any defense, Vendor shall ensure that all assertions of governmental immunity and all applicable pleas and defenses shall be promptly asserted.
- 17. Indemnity for Underlying Sales and Supplemental Agreements.** As between Vendor and TIPS, Vendor shall be solely responsible for any customer claims or any disputes arising out of TIPS Sales or any Supplemental Agreement as if sold in the open-market. The Parties agree that TIPS shall not be liable for any claims arising out of Vendor's TIPS Sales or Supplemental Agreements, including but not limited to: allegations of product defect or insufficiency, allegations of service defect or insufficiency, allegations regarding delivery defect or insufficiency, allegations of fraud or misrepresentation, allegations regarding pricing or amounts owed for TIPS sales, and/or allegations regarding payment, over-payment, under-payment, or non-payment for TIPS Sales. Vendor acknowledges that TIPS is not a dealer, subcontractor, agent, or reseller of Vendor's goods and services and shall not be responsible for any claims arising out of alleged insufficiencies or defects in Vendor's goods and services, should any arise.
- 18.** Notwithstanding anything to the contrary in this Agreement, Vendor's liability to TIPS shall be limited to unmitigable direct damages actually incurred by TIPS with respect to any and all claims arising out of the performance or nonperformance of Vendor's obligations under this Agreement and shall not in total exceed the amounts paid under this Agreement. Nothing in this Agreement limits Vendor's liability to a TIPS Member that contracts with Vendor for services unless otherwise agreed by the TIPS Member and Vendor. NEITHER TIPS NOR VENDOR, NOR THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, ADVISERS, REPRESENTATIVES, AFFILIATES, OR SUCCESSOR OR ASSIGNS WILL BE LIABLE TO THE OTHER PARTY FOR ANY INDIRECT, CONSEQUENTIAL, SPECIAL, OR PUNITIVE DAMAGES FOR ANY ACTIONS RESULTING FROM OR ARISING OUT OF THIS AGREEMENT OR ANY ORDER, WHETHER BASED ON CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, PROFESSIONAL LIABILITY, CONTRIBUTION, OR OTHERWISE. NOTHING IN THIS AGREEMENT LIMITS VENDOR'S LIABILITY TO A TIPS MEMBER THAT CONTRACTS WITH VENDOR FOR SERVICES UNLESS OTHERWISE AGREED BY THE TIPS MEMBER AND VENDOR.
- 19. Confidentiality of Vendor Data.** Vendor understands and agrees that by signing this Agreement, all Vendor Data is hereby released to TIPS, TIPS Members, and TIPS third-party administrators to effectuate Vendor's TIPS Contract except as provided for herein. The Parties agree that Vendor Data is accessible by all TIPS Members as if submitted directly to that TIPS Member Customer for purchase consideration. If Vendor otherwise considers any portion of Vendor's Data to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code (the "Public Information Act") or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form which is required to be submitted as part

of Vendor's proposal resulting in this Agreement and incorporated by reference. The Confidentiality Claim Form included in Vendor's proposal and incorporated herein by reference is the sole indicator of whether Vendor considers any Vendor Data confidential in the event TIPS receives a Public Information Request. If TIPS receives a request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor Data deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required by law, including Attorney General determination and opinion. In the event that TIPS receives a written request for information pursuant to the Public Information Act that affects Vendor's interest in any information or data furnished to TIPS by Vendor, and TIPS requests an opinion from the Attorney General, Vendor may, at its own option and expense, prepare comments and submit information directly to the Attorney General stating why the requested information is exempt from disclosure pursuant to the requirements of the Public Information Act. Vendor is solely responsible for submitting the memorandum brief and information to the Attorney General within the time period prescribed by the Public Information Act. Notwithstanding any other information provided in this solicitation or Vendor designation of certain Vendor Data as confidential or proprietary, Vendor's acceptance of this TIPS Vendor Agreement constitutes Vendor's consent to the disclosure of Vendor's Data, including any information deemed confidential or proprietary, to TIPS Members or as ordered by a Court or government agency, including without limitation the Texas Attorney General. Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation by TIPS Members or as required by law.

20. Vendor's Subcontractors. TIPS recognizes that many vendors operate in the open market through the use of subcontractors. For that reason, TIPS permits Vendor to utilize subcontractors as authorized and permitted by the TIPS Member Customer. However, all purchase documents must include: (1) Vendor's Name, as known to TIPS, and; (2) Vendor's TIPS Contract Name and Number under which it is making the TIPS Sale. Vendor must report the sale pursuant to the terms herein and Vendor agrees that it is legally responsible for all reporting and fee payment as described herein for TIPS Sales even when subcontractors are utilized. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member to Vendor. The Parties intend that Vendor shall be responsible and for actions of subcontractors during a TIPS Sale. Vendor agrees that it is voluntarily authorizing subcontractors and in doing so, Vendor agrees that it is doing so at its own risk and agrees to protect, indemnify, and hold TIPS harmless in accordance with Sections 14-17 above related to subcontractor TIPS Sales made pursuant to this Agreement or purporting to be made pursuant to this Agreement that may be asserted against Vendor whether rightfully brought or otherwise. The Parties further agree that it is no defense to Vendor's breach of this Agreement that a subcontractor caused Vendor of breach this Agreement.

21. Circumvention of TIPS Sales. When a public entity initiates a purchase with Vendor, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Any request for quote, customer communication, or customer purchase initiated through or referencing a TIPS Contract shall be completed through TIPS pursuant to this Agreement. Any encouragement or participation by Vendor in circumventing a TIPS sale being completed may result in immediate termination of Vendor's TIPS Contract(s) for cause as well as preclusion from future TIPS opportunities at TIPS sole discretion.

22. State of Texas Franchise Tax. By signature hereon, Vendor hereby certifies that Vendor is not currently delinquent in the payment of any franchise taxes owed to the State of Texas under Chapter 171 of the Texas Tax Code.

23. Termination.

- A) Termination for Convenience. TIPS may, by written notice to Vendor, terminate this Agreement for convenience, in whole or in part, at any time by giving thirty (30) days' written notice to Vendor of such termination, and specifying the effective date thereof.
- B) Termination for Cause. If Vendor fails to materially perform pursuant to the terms of this Agreement, TIPS shall provide written notice to Vendor specifying the default. If Vendor does not cure such default within thirty (30) days, TIPS may terminate this Agreement, in whole or in part, for cause. If TIPS terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience.
- C) Vendor's Termination. If TIPS fails to materially perform pursuant to the terms of this Agreement, Vendor shall provide written notice to TIPS specifying the default ("Notice of Default"). If TIPS does not cure such default within thirty (30) days, Vendor may terminate this Agreement, in whole or in part, for cause. If TIPS terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience.

- D) Upon termination, all TIPS Sale orders previously accepted by Vendor shall be fulfilled and Vendor shall be paid for all TIPS Sales executed pursuant to the applicable terms. All TIPS Sale orders presented to Vendor but not fulfilled by Vendor, prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. TIPS shall submit to Vendor an invoice for any outstanding TIPS Administration Fees and approved expenses and Vendor shall pay such fees and expenses within 30 calendar days of receipt of such valid TIPS invoice. Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS' sole discretion and that any Vendor may be removed from the TIPS program at any time with or without cause. This termination clause does not affect TIPS Sales Supplemental Agreements pursuant to this term regarding termination and the Survival Clause term
- E) Vendor hereby waives any and all claims for damages, including, but not limited, to consequential damages or lost profits, that might arise from TIPS' act of terminating this Agreement.

- 24. **Survival Clause.** It is the intent of the Parties that this Agreement and procurement method applies to any TIPS Sale made during the life of this Agreement even if made on or near the Contract Expiration Date as defined herein. Thus, all TIPS Sales, including but not limited to: leases, service agreements, license agreements, open purchase orders, warranties, and contracts, even if they extend months or years past the TIPS Contract Expiration Date, shall survive the expiration or termination of this Agreement subject to the terms and conditions of the Supplemental Agreement between Customer and Vendor or unless otherwise specified herein.
- 25. **Audit Rights.** Due to transparency statutes and public accountability requirements of TIPS and TIPS Members, Vendor shall at their sole expense, maintain documentation of all TIPS Sales for a period of three years from the time of the TIPS Sale. In order to ensure and confirm compliance with this agreement, TIPS shall have authority to conduct audits of Vendor's TIPS Pricing or TIPS Sales with thirty-days' notice unless the audit is ordered by a Court Order or by a Government Agency with authority to do so without said notice. Notwithstanding the foregoing, in the event that TIPS is made aware of any pricing being offered to eligible entities that is materially inconsistent with Vendor's TIPS Pricing, TIPS shall have the ability to conduct the audit internally or may engage a third-party auditing firm to investigate any possible non-compliant conduct or may terminate the Agreement according to the terms of this Agreement. TIPS agrees not to perform a random audit OF the TIPS transaction documentation more than once per calendar year, but reserves the right to audit for just cause or as required by any governmental agency or court with regulatory authority over TIPS or the TIPS Member. These audit rights shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. Any such audit shall be performed at TIPS' sole cost and expense, at Vendor's offices during Vendor's normal working hours. The requested materials shall be made available for TIPS' inspection and review, but shall not be copied by TIPS or removed from Vendor's offices.
- 26. **Conflicts of Interest.** The Parties confirm that they have not offered, given, or accepted, nor intend to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, service to the other in connection with this Agreement. Vendor affirms that, to the best of Vendor's knowledge, this Agreement has been arrived at independently, and is awarded without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement. Vendor agrees that it has disclosed any necessary affiliations with Region 8 Education Service Center and the TIPS Department, if any, through the Conflict of Interest attachment provided in the solicitation resulting in this Agreement.
- 27. **Volume of TIPS Sales.** Nothing in this Agreement or any TIPS communication may be construed as a guarantee that TIPS or TIPS Members will submit any TIPS orders to Vendor at any time.
- 28. **Compliance with the Law.** The Parties agree to comply fully with all applicable federal, state, and local statutes, ordinances, rules, and regulations applicable to their entity in connection with the programs contemplated under this Agreement.
- 29. **Severability.** If any term(s) or provision(s) of this Agreement are held by a court of competent jurisdiction to be invalid, void, or unenforceable, then such term(s) or provision(s) shall be deemed restated to reflect the original intention of the Parties as nearly as possible in accordance with applicable law and the remainder of this Agreement, and the remainder of the provisions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated, unless such holding causes the obligations of the Parties hereto to be impossible to perform or shall render the terms of this Agreement to be inconsistent with the intent of the Parties hereto.
- 30. **Force Majeure.** If by reason of causes beyond its control ("Force Majeure"), including but not limited to an act of God, strikes, lockouts or other industrial disturbances, acts of public enemies, acts of terrorism, epidemic, pandemic, orders or restraints of any kind of the government of the United States or any state or any of their departments agencies or officials or any other civil governmental, military or judicial authority, war, blockage, insurrection, riot, sudden action of the elements, fire, explosion, flood, earthquake, storms,

drought, landslide, or explosion or nuclear emergency, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement (other than payment obligations) through no fault of its own then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon. Upon delivering such notice, the obligation of the affected party, so far as it is affected by such Force Majeure as described, shall be suspended during the continuance of the inability then claimed but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch. In addition, the Term, at Vendor's option, shall be extended for a period equal to the number of days that the Force Majeure prevented the non-performing party from performing. Any decision by the TIPS Member to close or change the use of the facilities or scope Items at the property shall not constitute a Force Majeure excusing the TIPS Member's performance under this Agreement. In the event that Vendor's obligations are suspended by reason of Force Majeure, the terms of the TIPS Sale Supplemental Agreement shall control Vendor's failure to fulfill as a result of a Force Majeure event.

31. Immunity. Vendor agrees that nothing in this Agreement shall be construed as a waiver of sovereign or government immunity; nor constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department. The failure to enforce, or any delay in the enforcement of, any privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department under this Agreement or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel.

32. Insurance Requirements. Vendor agrees to maintain the following minimum insurance requirements for the duration of this Agreement. All policies held by Vendor to adhere to this term shall be written by a carrier with a financial size category of VII and at least a rating of "A-" by A.M. Best Key Rating Guide. Any immunity available to TIPS or TIPS Members shall not be used as a defense by the contractor's insurance policy. "Claims made" policies will not be accepted. Vendor's required minimum coverage shall not be suspended, voided, cancelled, non-renewed or reduced in coverage or in limits unless replaced by a policy that provides the minimum required coverage except after thirty (30) days prior written notice by certified mail, return receipt requested has been given to TIPS or the TIPS Member if a project or pending delivery of an order is ongoing. Upon request, certified copies of all insurance policies shall be furnished to the TIPS or the TIPS Member. 35. Headings. The paragraph headings contained in this Agreement are included solely for convenience of reference and shall not in any way affect the meaning or interpretation of any of the provisions of this Agreement.

36. Choice of Law and Venue. This Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Texas. Any proceeding, claim, action, or alternative dispute resolution arising out of or relating to this Agreement or involving TIPS shall be brought in a State Court of competent jurisdiction in Camp County, Texas, or if Federal Court is legally required, a Federal Court of competent jurisdiction in the Eastern District of Texas, and each of the Parties irrevocably submits to the exclusive jurisdiction of said court in any such proceeding, waives any objection it may now or hereafter have to venue or to convenience of forum, agrees that all claims in respect of the proceeding shall be heard and determined only in any such court, and agrees not to bring any proceeding arising out of or relating to this procurement process or any contract resulting from or and contemplated transaction in any other court. The Parties agree that either or both of them may file a copy of this paragraph with any court as written evidence of the knowing, voluntary and freely bargained for agreement between the Parties irrevocably to waive any objections to venue or to convenience of forum.

- 37. Relationship of the Parties.** Nothing contained in this Agreement shall be construed to make one Party an agent of the other Party nor shall either party have any authority to bind the other in any respect, unless expressly authorized by the other party in writing. The Parties are independent contractors and nothing in this Agreement creates a relationship of employment, trust, agency or partnership between them.
- 38. Assignment.** No assignment of this Agreement or of any duty or obligation of performance hereunder, shall be made in whole or in part by a Party hereto without the prior written consent of the other Party. Written consent of TIPS shall not be unreasonably withheld.
- 39. Minimum Condition and Warranty Requirements for TIPS Sales.** All goods quoted or sold through a TIPS Sale shall be new unless clearly stated otherwise in writing. All new goods and services shall include the applicable manufacturers minimum standard warranty unless otherwise agreed to in the Supplemental Agreement. EXCEPT AS EXPRESSLY SET FORTH HEREIN OR AN EXHIBIT ATTACHED HERETO, VENDOR HAS MADE AND MAKES NO REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED (INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE) WITH RESPECT TO THE ANY GOODS OR SERVICES.
- 40. Minimum Customer Support Requirements for TIPS Sales.** Vendor shall provide timely and commercially reasonable support for TIPS Sales or as agreed to in the applicable Supplemental Agreement.
- 41. Minimum Shipping Requirements for TIPS Sales.** Vendor shall ship, deliver, or provide ordered goods and services within a commercially reasonable time after acceptance of the order. If a delay in delivery is anticipated, Vendor shall notify the TIPS Member as to why delivery is delayed and provide an updated estimated time for completion. The TIPS Member may cancel the order if the delay is not commercially acceptable or not consistent with the Supplemental Agreement applicable to the order.
- 42. Minimum Vendor License Requirements.** Vendor shall maintain, in current status, all federal, state, and local licenses, bonds and permits required for the operation of the business conducted by Vendor. Vendor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of goods or services under the TIPS Agreement. TIPS and TIPS Members reserve the right to stop work and/or cancel a TIPS Sale or terminate this or any TIPS Sale Supplemental Agreement involving Vendor if Vendor's license(s) required to perform under this Agreement or under the specific TIPS Sale have expired, lapsed, are suspended or terminated subject to a 30-day cure period unless prohibited by applicable statute or regulation.
- 43. Minimum Vendor Legal Requirements.** Vendor shall remain aware of and comply with this Agreement and all local, state, and federal laws governing the sale of products/services offered by Vendor under this contract. Such applicable laws, ordinances, and policies must be complied with even if not specified herein.
- 44. Minimum Site Requirements for TIPS Sales (when applicable to TIPS Sale).**

Cleanup: When performing work on site at a TIPS Member's property, Vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by the TIPS Member or as agreed by the parties. Upon completion of work, the premises shall be left in good repair and an orderly, neat, clean and unobstructed condition.

Preparation: Vendor shall not begin a project for which a TIPS Member has not prepared the site, unless Vendor does the preparation work at no cost, or until TIPS Member includes the cost of site preparation in the TIPS Sale Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

Registered Sex Offender Restrictions: For work to be performed at schools, Vendor agrees that no employee of Vendor or a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are, or reasonably expected to be, present unless otherwise agreed by the TIPS Member. Vendor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the TIPS Sale at the TIPS Member's discretion. Vendor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

Safety Measures: Vendor shall take all reasonable precautions for the safety of employees on the worksite, and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Vendor shall post warning signs against all hazards created by the operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

Smoking: Persons working under Agreement shall adhere to the TIPS Member's or local smoking statutes, codes, ordinances, and policies.

- 45. Wage Rates:** TIPS Member Customers often have to designate either Davis Bacon Act wage rates or similar wage rates for their construction contracts. The RS Means Unit Price Book accounts for local wage rates and the contractor must comply with RS Means and any additional wage rate requirements of the TIPS Member Customer.
- 46. Engineering and Architectural Services:** It is impermissible in Texas and some other jurisdictions for engineering and architectural services (A&E) to be procured or provided through an interlocal cooperative contract such as this one. The TIPS Member Customer, if required by law, must engage independent A&E providers according to the laws of their jurisdiction.
- 47. Payment for TIPS Sales.** TIPS Members may make payments for TIPS Sales directly to Vendor, or as otherwise agreed to in the applicable Supplemental Agreement after receipt of the invoice and in compliance with applicable payment statutes. Regardless of how payment is issued or received for a TIPS Sale, Vendor is responsible for all reporting and TIPS Administration Fee payment requirements as stated herein.
- 48. Marketing.** Vendor agrees to allow TIPS to use their name and logo within the TIPS website, database, marketing materials, and advertisements unless Vendor negotiates this term to include a specific acceptable-use directive. Any use of TIPS' name and logo or any form of publicity, inclusive of press release, regarding this Agreement by Vendor must have prior approval from TIPS which will not be unreasonably withheld. Request may be made by email to tips@tips-usa.com. For marketing efforts directed to TIPS Members, Vendor must request and execute a separate Joint Marketing Disclaimer, at marketing@tips-usa.com, before TIPS can release contact information for TIPS Member entities for the purpose of marketing your TIPS contract(s). Vendor must adhere to strict Marketing Requirements once a disclaimer is executed. The Joint Marketing Disclaimer is a supplemental agreement specific to joint marketing efforts and has no effect on the terms of the TIPS Vendor Agreement. Vendor agrees that any images, photos, writing, audio, clip art, music, or any other intellectual property ("Property") or Vendor Data utilized, provided, or approved by Vendor during the course of the joint marketing efforts are either the exclusive property of Vendor, or Vendor has all necessary rights, license, and permissions to utilize said Property in the joint marketing efforts. Vendor agrees that they shall indemnify and hold harmless TIPS and its employees, officers, agents, representatives, contractors, assignees, designees, and TIPS Members from any and all claims, damages, and judgments involving infringement of patent, copyright, trade secrets, trade or services marks, and any other intellectual or intangible property rights and/or claims arising from the Vendor's (including Vendor's officers', employees', agents', Authorized Resellers', subcontractors', licensees', or invitees') unauthorized use or distribution of Vendor Data and Property.
- 49. Tax Exempt Status of TIPS Members.** Most TIPS Members are tax exempt entities and the laws and regulations applicable to the specific TIPS Member customer shall control.
- 50. Automatic Renewal Limitation for TIPS Sales.** No TIPS Sale may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated into a TIPS Sale Supplemental Agreement shall only be valid and enforceable when Vendor received written confirmation of acceptance of the renewal term from the TIPS Member for the specific renewal term. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. Any TIPS Sale Supplemental Agreement containing an "Automatic Renewal" clause that conflicts with these terms is rendered void and unenforceable.
- 51. Choice of Law Limitation for TIPS Sales.** Vendor agrees that if any "Choice of Law" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Choice of Law" applicable to the TIPS Sale agreement/contract between Vendor and TIPS Member shall be the state where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Choice of Law" clause that conflicts with these terms is rendered void and unenforceable.
- 52. Venue Limitation for TIPS Sales.** Vendor agrees that if any "Venue" provision is included in any TIPS Sale Agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Venue" for any litigation or alternative dispute resolution shall be in the state and county where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Venue" clause that conflicts with these terms is rendered void and unenforceable.
- 53. Indemnity Limitation for TIPS Sales.** Texas and other jurisdictions ("Non-Indemnity Jurisdictions") restrict the ability of governmental entities to indemnify others. Vendor agrees that if any "Indemnity" provision which requires the TIPS Member to indemnify Vendor is included in any TIPS sales agreement/contract between Vendor and a TIPS Member for a project located in a Non-Indemnify Jurisdiction, that clause must either be stricken or qualified by including that such indemnity is only permitted, "to the extent permitted by the laws and constitution of [Name of Non-Indemnity Jurisdiction]" unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing an "Indemnity" clause that conflicts with these terms is rendered void and unenforceable.

54. Arbitration Limitation for TIPS Sales. Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause may not require that the arbitration is mandatory or binding. Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause provides for only voluntary and non-binding arbitration unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Arbitration" clause that conflicts with these terms is rendered void and unenforceable.

In Witness Whereof, the parties hereto, each acting under due and proper authority, have signed this Agreement.

Title: Renewable Energy and Solar Solutions (2 Part with JOC)
Type: Request for Proposal
Issue Date: 2/1/2024
Deadline: 3/15/2024 03:00 PM (CT)

Notes: This is a solicitation issued by The Interlocal Purchasing System (TIPS), a department of Texas Region 8 Education Service Center. It is an Indefinite Delivery, Indefinite Quantity ("IDIQ") solicitation. It will result in contracts that provide, through adoption/"piggyback" an indefinite quantity of supplies/services, during a fixed period of time, to TIPS public entity and qualifying non-profit "TIPS Members" throughout the nation. Thus, there is no specific project or scope of work to review. Rather this solicitation is issued as a prospective award for utilization when any TIPS Member needs the goods or services offered during the life of the agreement.

This is a two part solicitation. Part 1 is solicited for TIPS sales that are not considered a "public work" construction project. Part 1 permits the sale of goods and non-construction/non-"public work" services such as maintenance and minor repairs. Part 2 Job Order Contract (JOC) is solicited for projects considered by your TIPS Member Customers to be a "public work" construction project. The determination of whether or not a TIPS sale amounts to a "public work" construction project requiring a Part 2 JOC contract is made by the TIPS Member Customer at the time of each TIPS sale. Thus, Vendors are encouraged to respond to both Parts 1 and 2 in case your TIPS Member Customers require that a sale be made under one Part or the other. However, responding to both Parts is not required.

This solicitation is NOT seeking, and is specifically EXCLUDING, offerings that amount to statutory Energy Savings Performance Contracts, as governed in Texas by Texas Local Government Code § 302 or Texas Education Code § 44.901. Statutory Energy Savings Performance Contract must be procured according to TEXAS GOVERNMENT CODE §2254.004 and are specifically excluded herein.

IF YOU CURRENTLY HOLD TIPS CONTRACT 21030101 AND/OR 21030102 RENEWABLE ENERGY AND SOLAR SOLUTIONS PART 1 AND/OR PART 2 ("21030101 AND/OR 21030102"), PLEASE REVIEW THIS SOLICITATION WHICH INCLUDES CATEGORY-SPECIFIC UPDATES THAT MAY BE BENEFICIAL TO YOU. IF AFTER REVIEW, YOU DETERMINE THAT YOU ARE SATISFIED WITH YOUR EXISTING 21030101 AND/OR 21030102, THERE IS NO NEED TO RESPOND TO THIS SOLICITATION UNLESS YOU WISH TO REPLACE THE EXISTING CONTRACT(S) OR ARE SEEKING A PART THAT YOU DO NOT ALREADY HAVE. (EXAMPLE: YOU HAVE PART 1 AND ARE NOW SEEKING PART 2).

IF YOU HOLD 21030101 AND/OR 21030102 AND YOU CHOOSE TO RESPOND TO THE SAME PART 1/PART 2 VERSION HEREIN, YOUR EXISTING TIPS 21030101 AND/OR 21030102 CONTRACT WILL BE TERMINATED AND REPLACED BY THE NEW PART 1 OR PART 2 OF THIS CONTRACT.

ALSO IF YOU HOLD ANY TIPS CONTRACT OTHER THAN 21030101 AND/OR 21030102 WHICH COVERS ALL OF YOUR RENEWABLE/SOLAR OFFERINGS AND YOU ARE SATISFIED WITH IT, THERE IS NO NEED TO RESPOND TO THIS SOLICITATION UNLESS YOU PREFER TO HOLD BOTH CONTRACTS.

5 **Certification Regarding Entire TIPS Agreement for Part 1 and Part 2 Contracts**

This is a two part solicitation. Part 1 is solicited for TIPS sales that are not considered a "public work" construction project. Part 1 permits the sale of goods and non-construction/non-"public work" services such as maintenance and minor repairs. Part 2 Job Order Contract (JOC) is solicited for projects considered by your TIPS Member Customers to be a "public work" construction project. The determination of whether or not a TIPS sale amounts to a "public work" construction project requiring a Part 2 JOC contract is made by the TIPS Member Customer at the time of each TIPS sale. Thus, Vendors are encouraged to respond to both Parts 1 and 2 in case your TIPS Member Customers require that a sale be made under one Part or the other. However, responding to both Parts is not required. If Vendor responds and is awarded to both Parts, Vendor will have one contract for Part 1 and a separate contract for Part 2.

Vendor agrees that, if awarded, Vendor's final TIPS Contract(s), for either Part 1, Part 2, or both Parts, will consist of the provisions set forth in the corresponding finalized TIPS Vendor Agreement, Vendor's responses to these attribute questions, and: (1) The TIPS solicitation document resulting in the Agreement; (2) Any addenda or clarifications issued in relation to the corresponding TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire proposal response to the corresponding TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, accepted pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to the TIPS Contract.

6** Minimum Percentage Discount Offered to TIPS Members on all Part 1 Goods and Services (READ CAREFULLY)

Please read thoroughly and carefully as an error on your response can render your Part 1 contract award unusable. If you are not proposing on Part 1, you must still respond to proceed but it will not apply to you unless you decide to propose and are awarded on Part 1.

TIPS Members often turn to TIPS Contracts for ease of use and to receive discounted pricing.

If awarded on Part 1, what is the minimum percentage discount that you can offer TIPS Members off of all Part 1 goods and service pricing (whether offered through Pricing Form 1, Pricing Form 2, or in another accepted format) that you offer? Only limited goods/services specifically identified and excluded from this discount in Vendor's original proposal may be excluded from this discount.

Vendor must respond with a percentage from 0%-100%. The percentage discount that you input below will be applied to your Part 1 "Catalog Pricing", as defined in the solicitation, for all TIPS Sales made during the life of the contract. You cannot alter this percentage discount once the solicitation legally closes. You will always be required to discount every TIPS Sale by the percentage included below with the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal. If you add goods or services to your "Catalog Pricing" during the life of the contract, you will be required to sell those new items with this discount applied.

Example: In this example, you enter a 10% minimum percentage discount below. In year-one of your TIPS Contract, your published Part 1 "Catalog Pricing" (website/store/published pricing) for "Material A" is \$100 and for "Material A Maintenance Service" is \$100. In this example, you must sell those items under the Part 1 TIPS Contract at the proposed 10% discounted price of: "Material A" - \$90, "Material A Maintenance Service" - \$90. In year two of your TIPS Contract, you update your Part 1 "Catalog Pricing" with the market. You add "Material B" to your "Catalog Pricing" for \$200 and have increased the price of "Material A" to \$110 and the price of "Material A Maintenance Service" to \$110. In this example, after the Part 1 "Catalog Pricing" update, you must still sell those items under the Part 1 TIPS Contract at the proposed 10% discounted price of: "Material A" - \$99, "Material A Maintenance Service" - \$99, and "Material B" - \$180.00.

With the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal, if you cannot honor the discount on all Part 1 goods and items now included or which may be added in the future with certainty, then you should offer a lesser discount percentage below.

If awarded on Part 1, what is the minimum percentage discount that you can offer TIPS Members off of all Part 1 goods and service pricing (whether offered through Pricing Form 1, Pricing Form 2, or in another accepted format) that you offer?

**3
7** Honoring Vendor's Part 1 Minimum Percentage Discount

Vendor is asked in these Attribute Questions to provide a Minimum Percentage Discount offered to TIPS Members on all Part 1 goods and services sold under the TIPS Contract. If proposing on Part 1, points will be assigned for your response and scoring of your Part 1 proposal will be affected. On your Part 1 evaluation, a "YES" answer will be awarded the maximum 10 points and a "NO" answer will be awarded 0 points. If you are not proposing on Part 1, you must still answer to proceed but this term will not apply to you or affect your scoring unless you decide to propose and are awarded on Part 1.

If awarded on Part 1, does Vendor agree to honor the Minimum Percentage Discount off of their TIPS "Catalog Pricing" that Vendor proposed for all TIPS Sales made for the duration of the TIPS Contract?

3

Volume and Additional Discounts

In addition to the Part 1 Minimum Percentage Discount proposed herein, does Vendor ever expect and intend to offer additional, greater, or volume discounts to TIPS Members?

If proposing on Part 1, point(s) may be assigned for your response in the Part 1 category of "Pricing" during scoring and evaluation. If you are not proposing on Part 1, you must respond to proceed but no points will be assigned for your response.

Part 1 "Catalog Pricing" and Pricing Requirements

This is a requirement of the Part 1 TIPS Contract and is non-negotiable. If you are not proposing on Part 1, you must still agree to proceed but it will not apply to you unless you decide to propose and are awarded on Part 1.

In this solicitation and resulting contract, Part 1 "Catalog Pricing" shall be defined as:

"The then available list of goods or services, in the most current listing regardless of date, that takes the form of a catalog, price list, price schedule, shelf-price or other viewable format that:

- A. is regularly maintained by the manufacturer or Vendor of an item; and
- B. is either published or otherwise available for review by TIPS or a customer during the purchase process;
- C. to which the Minimum Percentage Discount proposed by the proposing Vendor may be applied.

If awarded on Part 1 of this TIPS Contract, for the duration of the contract, Vendor agrees to provide, upon request, their then current "Catalog Pricing." Or, in limited circumstances where Vendor has proposed the Percentage Mark-Up method of pricing in this proposal, proof of Vendor's "cost" may be accepted by TIPS in place of catalog pricing.

REQUIRED FOR PART 2 - Vendor's Regular Hours RS Means Coefficient

What is Vendor's Regular Hours RS Means Coefficient? **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

The RS Means Price Book is a unit price book adjusted for different geographic areas by using the City Cost Index for each location. You may visit <https://www.rsmeans.com> for more information.

You must review the TIPS Part 2 RS Means JOC Pricing Explanation & Rubric under the "Attachments" tab prior to responding herein.

To propose the RS Means Price Book pricing exactly, Vendor would insert a 1.0 as their Regular Hours RS Means Coefficient below, to propose a 5% discount off of the RS Means Price Book Vendor would insert a .95 as their Regular Hours RS Means Coefficient below. To see the full scoring rubric and use TIPS scoring calculator, please view the TIPS RS Means JOC Pricing Explanation & Rubric under the "Attachments" tab.

Insert Vendor's Regular Hours RS Means Coefficient below. **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

4
1 **REQUIRED FOR PART 2 - Vendor's After-Hours RS Means Coefficient**

What is Vendor's After-Hours RS Means Coefficient? **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

The RS Means Price Book is a unit price book adjusted for different geographic areas by using the City Cost Index for each location. You may visit <https://www.rsmeans.com> for more information.

You must review the TIPS Part 2 RS Means JOC Pricing Explanation & Rubric under the "Attachments" tab prior to responding herein.

The most common After-Hours RS Means Coefficient is "time-and-a-half" of the standard RS Means Unit Price Book. For example, if Vendor's Regular Hours Coefficient above is .95, Vendor would assert an After-Hours RS Means Coefficient of 1.45 for "time-and-a-half" pricing. To see the full scoring rubric and use TIPS scoring calculator, please view the TIPS RS Means JOC Pricing Explanation & Rubric under the "Attachments" tab.

Insert Vendor's After-Hours RS Means Coefficient below. **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

4
2 **REQUIRED FOR PART 2 - Vendor's Percentage Markup of Items not Pre-Priced within the RS Means Price Book**

Here, Vendor must enter a percentage, not a coefficient. **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

If Vendor sells items which cannot be found in the RS Means Price Book, at what Percentage Markup does Vendor agree to sell those Non Pre-Priced items? This is a maximum Percentage Markup and Vendor may always offer customers a lesser markup.

Example: In this example, Vendor is selling a project to a TIPS Member school district and some of the contract pricing for special materials cannot be verified because it cannot be found in the RS Means Price book. Vendor may sell those specialty items to the Member this percentage markup from cost. In this example, if one of the specialty items cost Vendor \$100 from the manufacturer and Vendor proposed a Percentage Markup of 30% here, then Vendor could sell the item to the TIPS Customer for \$130.00 or less in this example.

Vendor must provide TIPS with manufacturer documentation reflecting the cost of any non pre-priced item at the time of the TIPS sale so that TIPS can verify that the proposed percentage markup is being honored.

What is Vendor's Percentage Markup of items not Pre-Priced within the RS Means Price Book? **If you do not intend to propose on Part 2, you may enter a "0" in order to continue.**

REQUIRED FOR PART 2 - TIPS Pricing and Line Item Estimate Pricing Requirements

This is a requirement of the Part 2 TIPS Contract and is non-negotiable. If you are not proposing on Part 2, you must still agree to proceed but it will not apply to you unless you decide to propose and are awarded on Part 2.

Vendor must respond to the required pricing attributes above seeking RS Means coefficients and a percentage markup if seeking to propose on Part 2.

If awarded on Part 2 of this TIPS Contract, for the duration of the contract, Vendor agrees to provide a RS Means line-item estimate to TIPS for each anticipated Part 2 TIPS project or sale. Or, in limited circumstances in contracts where Xactimate pricing is also expressly permitted and Vendor also submits Xactimate pricing under Part 2, Vendor may instead provide an Xactimate line-item estimate to TIPS. However, Vendor agrees that when a TIPS Member Customer seeks a quote for a Part 2 TIPS sale, Vendor will always supply a line-item estimate to TIPS for review and approval.

EXCEPTIONS & DEVIATIONS TO TIPS STANDARD TERMS AND CONDITIONS

Vendor agrees that, if awarded, Vendor's final TIPS Part 1 and/or Part 2 Contract will consist of the provisions set forth in the finalized TIPS Vendor Agreement, Vendor's responses to these attribute questions, and: (1) The corresponding TIPS solicitation document resulting in this Agreement; (2) Any addenda or clarifications issued in relation to the corresponding TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire proposal response to the corresponding TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, accepted pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to the TIPS Contract. In the event of conflict between the terms of the finalized Vendor Agreement and one of the incorporated documents the terms and conditions which are in the best interest of governmental/qualifying non-profit TIPS Members shall control at TIPS sole discretion.

If Vendor responds, "No, Vendor does not agree" to this Attribute, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. This is the only proper way to submit proposed deviations for TIPS consideration. TIPS reserves the right to accept, decline, or modify Vendor's requested negotiated terms. For this reason, answering "No, Vendor does not agree" may ultimately delay or prevent award.

Does Vendor agree with TIPS standard terms and conditions as presented in the TIPS solicitation document (RFP, RCSP, RFQ, or other) and the TIPS Vendor Agreement document?

4 **TIPS Sales Reporting Requirements**

5 **This is a requirement of the TIPS Contract and is non-negotiable.**

By submitting this proposal, Vendor certifies that Vendor will properly report all TIPS sales. With the exception of TIPS Automated Vendors, who have signed an exclusive agreement with TIPS regarding reporting, all TIPS Sales must be reported to TIPS by either:

(1) Emailing the purchase order or similar purchase document (with Vendor's Name, as known to TIPS, and the TIPS Contract Name and Number included) to TIPS at tipspo@tips-usa.com with "Confirmation Only" in the subject line of the email within three business days of Vendor's acceptance of the order, or;

(2) Within 3 business days of the order being accepted by Vendor, Vendor must login to the TIPS Vendor Portal and successfully self-report all necessary sale information within the Vendor Portal and confirm that it shows up accurately on your current Vendor Portal statement.

No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion.

4 **TIPS Administration Fee Requirement and Acknowledgment**

6 **This is a requirement of the TIPS Contract and is non-negotiable.**

The collection of fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The TIPS Administration Fee is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of each TIPS Sale legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published in the corresponding RFP or RCSP document. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale.

By submitting a proposal, Vendor agrees that it has read, understands, and agrees to the published TIPS Administration Fee amount, calculation, and payment requirements. By submitting a proposal Vendor further confirms that all TIPS Pricing includes the TIPS Administration Fee and Vendor will not show adding the TIPS Administration Fee as a charge or line-item in any TIPS Sale.

4 **TIPS Member Access to Vendor Proposal & Documentation**

The proposing Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation to TIPS Members or by TIPS Members. By submitting this proposal, Vendor certifies the foregoing.

Limitation on Out-of-State Litigation - Texas Business and Commerce Code § 272

This is a requirement of the TIPS Contract and is non-negotiable.

Texas Business and Commerce Code § 272 prohibits a construction contract, or an agreement collateral to or affecting the construction contract, from containing a provision making the contract or agreement, or any conflict arising under the contract or agreement, subject to another state's law, litigation in the courts of another state, or arbitration in another state. Required Confidentiality Claim Form

This is a requirement of the TIPS Contract and is non-negotiable.

TIPS provides the required TIPS Confidentiality Claim Form in the "Attachments" section of this solicitation. Vendor must execute this form by either signing and waiving any confidentiality claim, or designating portions of Vendor's proposal confidential. If Vendor considers any portion of Vendor's proposal to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form.

Article 3, Section 52 of the Texas Constitution states that "no debt shall be created by or on behalf of the State ... " and the Texas Attorney General has opined that a contractually imposed obligation of indemnity creates a "debt" in the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Thus, contract clauses which require TIPS to indemnify Vendor, pay liquidated damages, pay attorney's fees, waive Vendor's liability, or waive any applicable statute of limitations must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas."

To Whom It May Concern:

January 2, 2024

RE: Ameresco, Inc.
Surety Bond Program

To Whom It May Concern;

Our agency has provided surety credit for Ameresco, Inc. for over 15 years. Their performance has always been exemplary and we have the highest regard for the entire Ameresco organization.

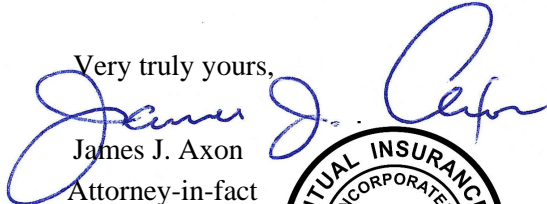

Currently surety arrangements anticipate individual projects approaching \$500,000,000 within a corresponding aggregate backlog approaching \$2,000,000,000. Bonds are currently provided by the Liberty Mutual Insurance Company who carries AM Best Rating of A with a financial size category of XV. Liberty is listed on the most recent U.S. Treasury Listing of Approved Sureties and is an admitted surety insurer in all fifty of the United States and Canada.

Ameresco generally utilizes less than 50% of that available capacity and we would therefore anticipate no difficulty in furnishing 100% Performance and Payment bonds on their behalf should they be awarded multiple contracts.

Coverage under the Performance and Payment bonds, which we issue on Ameresco's behalf, in support of contracts for the installation of Energy Conservation Measures does not extend to any savings guarantees or extended performance obligations beyond the standard one year defective workmanship and material warranty.

Execution of any requested bond would be conditioned on and be subject to the completion of our normal underwriting review at the time of the request, including but not limited to, review and approval of bond forms, contract documents, confirmation of acceptable financing and payment provisions to Ameresco. We assume no liability to you or third parties if, for any reason Liberty Mutual Insurance Company fails to issue any requested bond.

Very truly yours,

James J. Axon
Attorney-in-fact

TIPS Proposal 240201

Renewable Energy and Solar Solutions Supplemental Information: Potential Offerings

Prepared for

The Interlocal Purchasing System (TIPS)

March 15, 2024

This Proposal contains data and information that has been submitted in response to a request for proposal or similar solicitation and is provided in confidence. The contents includes proprietary information and trade secrets that belong to Ameresco, Inc., ("Confidential Information") and is disclosed to the recipient only for purposes of evaluation. In the event Ameresco is awarded a contract or purchase order as a result of or in connection with the submission of this proposal, Customer shall have a limited right as set forth in the governing contract or purchase order to disclose the data herein, but only to the extent expressly allowed.

Potential Community Co-Benefit Offerings

Ameresco is committed to delivering renewable energy and solar solutions that align with the specific goals of TIPS Members, including commitments to achieve net zero energy, an emphasis on fostering community and economic development, and addressing the climate crisis and climate justice.

Local Subcontracting

Ameresco understands and values how important it is to contract in a meaningful way with local consideration for employment and suppliers to foster development, growth, and investments in local economies. We demonstrate this commitment to local and diverse firms through inclusive business practices to build and strengthen business relationships. Ameresco continually makes efforts to ensure that local and diverse businesses have an equitable opportunity to compete for contract awards.

Our projects are structured to benefit the broader communities which our customer's service. We are committed to utilizing the maximum amount of local labor and vendors to bring the greatest value to the wider community. Local contractors and vendors have a vested interest in the success of the project, relationships that can be leveraged in its support, and an intimate knowledge of the context in which they are working. Ameresco is continuously looking to expand and improve our supplier base with the addition of local and/or diverse businesses. We work directly with these types of firms to help them build a resume that will aid them in securing future work while still supporting Ameresco.

Economic Opportunity

Paid, on the job training in skilled trades is an essential path to good paying, marketable jobs. Ameresco believes in working with our subcontractors to provide internship and apprentice opportunities. In a recent example, through a growing relationship with a community-based organization, solar technician training and paid internships were provided to members of one of Dallas' lowest income neighborhoods, associated as part of our solar engagement with the City. The enhancements to clean energy tax credits in the Inflation Reduction Act of 2022 placed an emphasis on the importance of Registered

Apprenticeship programs across construction trades. Small contractors are less able to develop new apprenticeship programs while maintaining and growing existing business. Ameresco, as a convener or numerous contractors, is developing a relationship with a national workforce recruitment organization to assist our subcontractors in building out their registered apprenticeship programs.

We have also partnered with the Dolce Center for the Advancement of Veterans and Service members to assist in providing support to the Veteran community as it pertains to employment opportunities at Ameresco, resume building workshops, and overall career mentorship. We are devoted and proud to serve the Veteran community and provide as much support with their career transition as possible.

Community Education and Outreach

Ameresco regularly develops customized educational, outreach, and marketing campaigns to promote the benefits of solar projects and engage within the communities we serve. From time-lapse photos of construction to educational kiosks with real-time monitoring of system performance, Ameresco's educational enhancements are tailored to ensure engagement techniques are culturally appropriate and distributed across a variety of

channels to reach the broadest possible community. Ameresco’s marketing teams are available to develop and co-brand white papers, social media campaigns, and community events to celebrate TIPS Members’ clean energy investments.

Showcasing Solar for the Public

There are numerous opportunities for showcasing solar PV to the public throughout the pre-construction, construction, and post-construction phases of a project.

During pre-construction, Ameresco can seek out and encourage local business and workforce participation in each project, emphasizing the high quality, career-ladder jobs that the project– and solar PV projects generally – will create in the community. For the general public, Ameresco can create a website and/or contribute content to a Member’s website that describes the project, highlights its benefits, and educates the public on the technical and economic aspects of the project.

During construction, Ameresco can make available time-lapse photos of the construction activity so that all can see the project proceed. The Ameresco team can also host groups of faculty and staff, students, employees, interested civic groups, and others at the site (with everyone’s safety first and foremost on our minds) to discuss the interesting technical / structural aspects of the installation.

Post-construction, Ameresco can make available real-time monitoring of the system’s performance for the Member and the general public. Details can include technical performance, environmental benefits, and economic performance, at the Member’s direction. Ameresco can place a monitor at the site and/or on the Member’s website that will display project information and historical and real-time system performance statistics.

Throughout the project’s different phases, Ameresco’s diverse team members – account managers, engineers, project managers, and subcontractors – are happy to be examples of individuals working in the clean energy economy by participating in events around the community, such as:

- Earth Day activities
- Local energy expositions
- Press releases, ribbon cuttings
- Local media outreach

Solar Education

There are multiple tools that Ameresco offers that supplement the education and community awareness experience for renewable energy projects, including a multi-component approach to using the solar PV project within the communities:

- **Transportable Renewable Energy eXchange (T-Rex):** Ameresco’s TRex is a mobile emergency power unit that can be used as part of a solar PV educational outreach program. We can bring the equipment to K-12 and higher education campuses, allowing students and teachers to get an up-close look at a solar power system. TRex provides a new dimension to learning about solar energy and the basic principles of producing clean energy.
- **Solar Wagon:** Ameresco has designed and built a solar power wagon (SPW) miniature rolling lab that demonstrates how solar energy works up close and can be easily transported to different spaces and campuses. The SPW consists of solar modules that fold down, an energy storage system including controls, AC outlets, and a TV, all built into a portable wagon. The AC outlets have allowed customers to be very creative with how they use the SPW at events.

Potential Minority Owned and Women Owned Business (or Disadvantaged Business) Enterprise Diversity Participation Offerings

Ameresco is committed to working closely with the Member to create substantial and meaningful subcontracting opportunities for Minority Owned and Women Owned Business (or Disadvantaged Business) Enterprises (M/W/DBE).

Job Creation / Workforce

Through mutually beneficial partnerships with local unions and trade associations, apprenticeship programs, and community colleges Ameresco envisions creating a network of training, internship, and job opportunities for students just setting out in their career development, trades people seeking training for higher-paid skill positions, and young professionals emerging into expansive opportunities in clean energy.

The Ameresco team includes an array of potential mentors in the clean energy space, including experts in engineering, marketing, sales, construction, project management, and policy. Engagement can range from speaking engagements, workshops, one-on-one mentoring, and internships. We will work closely with members of the community to develop opportunities to engage local students and trades people in the rapidly growing and dynamic clean energy space.

The enhancements to clean energy tax credits in the Inflation Reduction Act of 2022 placed an emphasis on the importance of Registered Apprenticeship programs across construction trades. Small contractors are less able to develop new apprenticeship programs while maintaining and growing existing business. Ameresco, as a convener of numerous contractors, is developing a relationship with a national workforce recruitment organization to assist our subcontractors in building out their registered apprenticeship programs.

Commitment and Successes

Ameresco is committed to helping MW/DBEs succeed by encouraging local and diverse supplier participation on all projects. **In 2022, 26 percent of Ameresco's total dollars paid to suppliers was paid to small or M/W/DBE businesses.**

Ameresco is committed to procuring services and materials from ethical, resilient, and sustainable supply chains. Our supplier outreach efforts align with our corporate and client project goals regarding local and diverse supplier business participation. Diversity among our suppliers not only ensures our clients receive the best service available, but also encourages more economic growth for the communities in which we live and work. Recent examples include:

- **City of Philadelphia:** Ameresco worked with City of Philadelphia's Office of Economic Opportunity to develop and implement an Economic Opportunity Plan ("EOP") for the cogeneration project we developed with the Philadelphia Water Department. We participated in monthly and/or quarterly meetings as required and worked diligently with our contractors to ensure we would meet the requirements of the EOP. Our EOP goal for the project was 40% which we not only met but exceeded.
- **Medical University of South Carolina:** Ameresco implemented a successful MWBE contracting strategy for our project at the Medical University of South Carolina. The effort included a match-making event to introduce companies to each other in order to create strategic alliances that effectively meet the desired outcomes of the plan.

Potential Operations and Maintenance Offerings

Ameresco’s Operations and Maintenance (O&M) Group provides services to owners of commercial and utility scale solar PV facilities. A key differentiator from our competitors is that we have a **standalone group solely committed to providing O&M services**. Our mission is to maximize our customer’s returns by minimizing their system downtime. This is achieved by empowering our employees to exceed our customers’ expectations in everything we do. We use the latest technologies and specialized equipment to provide exceptional results.

We have years of experience in owning, operating, and/or maintaining various energy assets including solar installations, renewable natural gas and landfill gas-to-energy facilities, combined heat and power plants, digester plants, and thermal facilities. Through managing our own fleet of renewable energy projects, Ameresco understands what it takes to cost effectively produce reliable results from a wide array of energy assets without compromising safety or environmental compliance.

Ameresco’s rigorous O&M program minimizes investor risk, maximizes kWh production, and virtually eliminates customer involvement in day-to-day operational activities. System efficiency and the lifetime of the equipment and components are directly affected by how well the system is maintained. Ameresco works with each customer to determine a specific O&M plan that meets the needs of their project.

Ameresco’s in-house operations and maintenance team provides **O&M services for over 425 sites in North America, totaling more than 750 MW**. Ameresco assures solar PV O&M best practices through a dedicated and experienced operations engineering support team including instrumentation and controls technicians that can be quickly be mobilized to support TIPS Members.

Remote Monitoring and Site Analytics

Ameresco’s Remote Operations Control Center (ROCC) is comprised of 16 employees, providing real time monitoring and data analytics 24/7, 365 days per year. The ROCC works with all the major DAS and SCADA systems on the market. When an issue is seen at a site, the ROCC creates a work order and emails it to the operations team and designated customer contact. The utility is then called to confirm power is running to the site. When appropriate and following contract protocols, a technician is dispatched.

Site Maintenance

Ameresco’s O&M Group has a dedicated site maintenance team handling all our customer’s site maintenance needs, including:

- Vegetation Maintenance
- Shade Mitigation & Tree Work
- Road Maintenance & Repair
- Drainage Maintenance & Repair
- Seeding
- Snow Plowing and Snow Removal
- Excavation Work
- Module Cleaning

Depending on the density of projects in a geographic area, this work is either performed with our own crews and equipment or subcontracted out to local partners.

Spare Parts and Inventory Management

Ameresco manages all spare parts and inventory in our proprietary software AssetPlanner™, whether located in an Ameresco warehouse or on a project site. We maintain a significant inventory that we keep available for customers, including hundreds of types of modules, string inverters, inverter parts, transformers, and a

standard balance of system parts. Each division maintains a warehouse. We also keep third-party warehouses in other densely populated locations that manage shipping, receiving, and storage. At larger sites, we can keep storage boxes and even offices on site.

Scope of Services

A summary of the available basic services provided as part of Ameresco’s O&M plan follows.

Table 1. Basic System O&M Scope of Services

Potential Extended Commissioning Offerings

A crucial step in the completion of any project is to validate the installation, ensure that the scope of work meets or exceeds the original engineering design specifications, and document any changes or deviations from the original plan.

Ameresco’s Project Manager will compile a complete and accurate set of as-built drawings. Electrical performance validation will be administered in accordance with Ameresco’s ‘Solar Commissioning & Testing’ document. These commissioning guidelines specify that the Project Manager obtains a comprehensive set of records for all third-party testing of all cabling, switchgear, and electrical distribution equipment, as required.

During administration of the start-up and commissioning process, Ameresco will request the presence of any site personnel appropriate to witness the testing. These staff members will receive manufacturer training respective to safe and proper operation of the equipment, as well as emergency shutdown procedures. Finally, with respect to O&M requirements, each respective inverter supplier will provide an overview of the recommended operations and maintenance protocols. Ameresco will provide site-specific operation, maintenance, and parts manuals for each solar installation, which includes the maintenance, troubleshooting, and safety precautions specific to each piece of equipment. Additionally, as-built drawings will be delivered electronically to the Member prior to system acceptance.

The Member and local utility will complete final inspection and set the meter once the project has been commissioned by Ameresco. At that same time, the Authority Having Jurisdiction will issue a green tag. If available and/or applicable, the utility will require minor closeout paperwork to be completed to receive any incentives, permission to parallel with the grid, and select the proper renewable interconnection tariffs.

Long-Term Monitoring

Long-term Measurement and Verification (M&V) services and annual reconciliation of the energy guarantee can be carried out on a site-by-site basis. The M&V report would be delivered yearly.

Installation systems that achieve their production targets are integral to Ameresco's success as a business, as well as the guarantee obligations of our contracts. Solar facilities must achieve expected production targets to derive the revenue necessary to pay financial obligations without default, as a result, it is our requirement to ensure the facility operates and produces as designed.

Historical projects have proven that actual production is measured and verified at approximately five percent higher than projected energy production. The terms of performance guarantees will be specified and mutually agreed upon in the contract. Ameresco deploys state-of-the-art solar monitoring systems with both in-house and third-party capabilities.

Ameresco deploys state-of-the-art solar monitoring systems with both in-house and third-party capabilities. Data will be captured remotely and will be accessible 24/7 via a web-based database to both Ameresco's internal O&M team and to Member representatives.

This ensures the Member will receive the full value of the solar generating installations. The Member can take full advantage of the remote-access monitoring solution via any web browser and access useful information pertaining to the performance of their systems. This information includes system output, ambient temperatures, wind speed, nominal voltage, and more, reported in 15-minute and annual intervals. This data can also be downloaded in .csv format. Kiosks with customized displays may also be installed to broadcast this data to staff, visitors, and the community in efforts to broaden community awareness of the project.

Potential Alternative Financing of Renewable or Solar Projects

Ameresco has sourced and raised more than \$3.5 billion of project financing assistance over the past 20 years, from various lending sources including John Hancock, Bayerische Landesbank, Bank of America, Capital One, Chase Bank, Crews and Associates, Union Bank, and several other financial institutions. Using existing cash resources, cash flows from Ameresco's operating activities, and access to credit through multiple lending relationships, we have the resources necessary to develop, implement, and finance many of our clients' projects. Ameresco also maintains a commercial banking relationship with Bank of America.

Ameresco's technology and vendor neutral approach flows through to our financing and allows for multiple options. Additionally, Ameresco does not make money from providing financing assistance. Therefore, our preferred approach is the one that best meets the Member's needs. Ameresco's finance professionals have years of experience assisting customers to identify the most cost-effective financing mechanisms for implementing a wide array of energy projects.

Based on the customer's needs, Ameresco's finance team responsibilities have included:

- Assisting in the development of an RFP in conjunction with the customer to select a financial institution that will be responsible for providing the financing
- Leveraging lender relationships to encourage responses from those experienced with financing energy and water projects
- Utilizing market knowledge and experience to review and analyze bidder responses
- Preparing a summary of bid results, highlighting distinguishing factors of the proposals for the customer's review and consideration
- Reviewing RFP results with the customer to assist in the selection process
- Introducing staff to the selected lender and interfacing with all parties involved in the financing process
- Determining a timetable for closing of escrow and initiation of project construction
- Finalizing the project financial model and contract to reflect final financing terms and conditions

Through Ameresco's strong banking relationships, the team can provide an independent and transparent bidding process to determine the right financing partner on all types of projects. We work with lenders that offer low interest rates, provide interest rate locks, and have a high level of understanding of utility savings and demand reduction projects.

Potential Financing Models

Ameresco has over two decades of experience with an excellent track record implementing projects across financing models, markets, and technologies. Many customers leverage budget-neutral infrastructure upgrades that use utility savings to pay for projects over time. We provide options for customers to implement infrastructure upgrades on- or off-balance sheet. Across our clean energy portfolio, we have experience delivering energy solutions through flexible contract and financing options including engineer-procure-construct (EPC), power purchase agreements (PPA), community solar, Energy-as-a-Service (EaaS), energy saving performance contracts (ESPC), design-build, and public-private partnerships (P3). Our team of experts encourages innovative funding with renewable energy certificates, grants, utility rebates, and tax credits. We can modernize a single facility or provide comprehensive portfolio-wide energy management systems, financed entirely with capital collected from energy conservation.

Some of the financing models Ameresco has experience with include:

Design-Build

For this contract vehicle, services provided by the prime contractor include engineering, architectural and design services, programming and planning, estimating, construction, construction management, and construction administration services.

Energy Savings Performance Contracting

With an ESPC, clients can leverage energy and operating cost savings to generate capital to renew facilities and building systems. ESPCs provide a simple solution to completing necessary infrastructure upgrades when budgets are tight or non-existent and ensure the client receives the maximum value for the lowest cost.

Energy as a Service

EaaS is any offering through which the contractor delivers energy related infrastructure improvements or energy related technology directly to an end customer, under a long-term service agreement, with no capital provided by the customer.

Concession

Concession agreements are when a third-party purchases from a client the right to use, maintain, and renew the institution's existing utility assets over a given term. The third-party designs, builds, finances, operates, and maintains these assets.

Contractor-Owned Asset (PPA & DBOOM)

PPAs can be an effective financing option to provide a reliable source of clean energy for the length of the contract. This option eliminates the challenge of operating and maintaining renewable energy systems for organizations that are constrained by budgets, but strive to reduce their carbon footprint through renewable resources. Design, Build, Own, Operate, and Maintain (DBOOM) eliminates the challenge of operating and maintaining renewable energy systems for commercial, industrial, and municipal organizations constrained by budgets that offer no room for additional staff.

Private Activity Bonds

States receive allocation in tax-exempt financing capacity for qualified uses by private companies. Improvements at water treatment facilities are generally qualified uses. Ameresco could utilize tax-exempt financing for a project for TRWD where the issuer would be a conduit entity. This could potentially be combined with EaaS, in DBOOM, or in other creative solutions.

Private Placement Tax-Exempt Capital Lease

Our financing team has worked with clients who choose to pay for the energy improvement projects that we implement through a separate agreement with a lender via a form of capital lease or lease-purchase agreement. This process and the associated terms are often bid out to potential banks and other qualified institutional investors to get the best terms.

Potential Incentive or Grant Assistance Offerings

Ameresco is dedicated to continually working with public utilities to keep abreast of the latest incentive program offerings and guidelines to help maximize the amount of additional funding customers can receive in support of their projects. Ameresco’s specific rebate responsibilities include:

- Assemble the production-based or prescriptive incentive applications
- Submit applications to the pertinent agency on behalf of the Member
- Schedule and conduct all pre- and post-construction site inspections required by the utility
- Follow-through with any required reporting and analysis necessary to secure all available rebates, including the processing of rebate-related documents during system installation and commissioning.
- Provision of ongoing monitoring and verification services and required documentation in order to access rebate funds earmarked for the relevant project

Our government relations and policy experts helped shape and are astutely familiar with the clean energy assistance and tax programs in the Infrastructure Investment and Jobs Act (IIJA) and the Inflation Reduction Act of 2022 (IRA) and are closely following tax credit guidance development to **ensure that opportunities are leveraged and maximized to the benefit of our customers.**

Clean Energy Infrastructure Funding Opportunities

The \$1.2 trillion Bipartisan Infrastructure Act includes approximately \$30 billion in funding opportunities for state and local governments, institutions, and utilities to advance clean energy infrastructure projects.

One funding opportunity example is the Energy Efficiency Conservation Block Grants (EECBG) that the IIJA included \$550 million to support. These grant funds are now available either through direct allocations to certain counties and municipalities and tribes or through a competitive grant program. EECBGs are very well designed to support energy efficiency and renewable energy projects for local governments.

Inflation Reduction Act of 2022

The Inflation Jobs Act of 2022 (IRA) was signed into law on August 16, 2022 and provides unprecedented amounts of funding – nearly \$369 billion in direct investment to ensure energy security, reduce carbon emissions, increase energy innovation, and support environmental justice objectives with direct support for underserved communities. The bill includes a wide range of clean energy provisions that support energy efficiency, solar, storage, microgrids, electric vehicles, and more, with the goal of reducing carbon emissions by approximately 40 percent by 2030.

One facet of the IRA extended, expanded, and modified available tax credits for clean energy projects including solar photovoltaic systems. The Act reestablished the availability of a 30% Investment Tax Credit (ITC) to offset the initial capital costs of a clean energy project. It also enabled solar facilities to claim a 2.5 cents per kWh Production Tax Credit (PTC) for 10 years in lieu of the ITC and enables facilities less than 5 MW to include interconnection costs in the calculation of the ITC.

Leveraging the Inflation Reduction Act (IRA)
Ameresco can help identify and develop opportunities that leverage available incentives in support of your organization's clean energy goals

 - A mechanism that allows an entity to claim a tax credit as a rebate. The Direct Pay Option is a part of the IRA for tax-exempt entities such as nonprofits, state and local governments, public schools and universities, and rural cooperatives, providing them a new tool to fund clean energy projects.

The Inflation Reduction Act (IRA) provides unprecedented amounts of funding – nearly \$369 billion in direct investment to ensure energy security, reduce carbon emissions, increase energy innovation, and support environmental justice objectives with direct support for underserved communities. The bill includes a wide range of clean energy provisions that support energy efficiency, solar, storage, microgrids, electric vehicles, and more, with the goal of reducing carbon emissions by approximately 40 percent by 2030. With customized solutions ranging from solar, microgrids and battery energy storage, to renewable natural gas, EV infrastructure and innovative financing structures, Ameresco is your long-term partner for the clean energy transition.
