# Trends in CTE space design

Trend

**1**

## Flexible furnishings

Future-proofed CTE spaces are designed to evolve to new needs and technologies, and flexible furniture makes that possible. From mobile desks and chairs to versatile boards and storage, we have furnishings that can adapt to the current and future demands of your field.

Trend

**2**

## Technology integration

A tech-integrated classroom allows students to experience and use the tools or software found in their chosen field. Our powered tables, desks and soft seating keep students productive by charging devices and tools throughout the day.

Trend

**3**

## Designed for hands-on training

Hands-on training is key to students' success. From cosmetology workstations to industrial food prep stations and first aid treatment beds, we have durable, industry-grade furnishings that help equip students with real-life skills.

## Your full-service furniture vendor

At School Outfitters, we believe that the right classroom furniture engages students to learn real-life skills. Our commercial-grade CTE furnishings make it easy to create spaces that prepare students for life-long careers, whether in healthcare, hospitality, or human services. Plus, our project experts set you up for success with services that keep you on time and on budget.

- ✓ Start to finish project management
- ✓ Free room design services
