Overview

Learning or teaching coding has never been easier. With imagiLabs' hardware and easy-to-use Python curriculum, students ages 8+ truly have fun engaging with text-based code!

The imagiCharm is a smart accessory that one can program by using the imagiLabs app. Learn Python and show projects to the world! The imagiCharm has 64 lights that can turn into endless designs and animations. Our free imagiLabs app (available on iOS, Android, and web) is where programming meets creativity, friends, and tons of fun.

imagiLabs supports educators with various tools: lesson plans, presentation slides, teacher training, and consistent support!

We are a female-founded startup based in Stockholm, with a growing international team.
