### Overview

*Krug is a leading designer and manufacturer of office and healthcare furniture solutions. Our customers include many of North America's growing companies, and our products are specified by designers, architects and major distributors across the continent, and beyond.*

*We are highly focused on bringing exceptional and aesthetic value to the market. We do this by using a dynamic, customer-centered development process, and some of the best product design minds in the business.*

*We are also highly focused on our leadership position in manufacturing. Krug's strength in delivering an incredible range of products and options, with every product custom-made to exact customer specifications, in order lead times that are a fraction of the industry standard, is a unique capability. We provide our customers with virtually unlimited flexibility in product selection, and order turnaround that is second to none.*

*Krug is a vertically-integrated manufacturer, taking raw materials through state-of-the-art processes to finished products, and delivering them directly to our customers. Our four high-performance production facilities total more than 750,000 square feet of manufacturing space. Located in the heartland of southern Ontario, Canada, we employ over 500 non-unionized staff members.*

*Founded in 1880, today Krug is one of the office furniture industry's fastest growing companies. We have showrooms and an outstanding team of sales representatives across the United States and Canada. Our products include private office casegoods, conference tables and meeting room furnishings, and a wide range of office and hospitality seating and tables.*
