Overview

DecisionEd provides Data Analytics Solutions to school districts of all sizes across the United States. Our solution integrates data from all district subject areas (SIS, assessments, interventions, Finance, HR etc.) with as many years of solid historical data as you have available. We do the heavy lifting of the integration, extracting data on your behalf using prebuilt connectors to every source system, and provide extensive validation to ensure your data is accurate. Our thought-provoking analytics securely present actionable insight to all levels of users and decision makers. Districts enjoy our robust library of customizable dashboards and reports, along with advanced analytic capabilities including Predictive Analytics and Cognitive Computing. Our Extensible Early Warning System alerts problems before they occur. Founded in 2005, based in Texas, and built from the ground up specifically for the needs of education, DecisionEd delivers the most powerful, easy-to-use, easy-to-understand performance management solution available today.
