Overview

Hill Electric, Inc. founded in 2002 is a full service electrical contractor providing service for all commercial, residential, industrial, institutional, athletic facility lighting and medical construction in Arkansas, Northeast Oklahoma and Southwest Missouri. Our team of 30+ electricians, many having been in the trade for 20+ years, have the knowledge and skills to provide quality work that meets our clients diverse needs. Hill Electric works with each client to determine their needs, energy saving options as well as back-up power options, such as installation and/or general maintenance of back-up generators and transfer gear. We stand behind our finished work by using quality material, trained and skilled laborers and our extended warranties. Quality work with seamless integration that's backed by our on-demand service department is just a few reasons why we have several satisfied customers.
