Overview

Devoted to excellence and committed to quality, Scholar Craft has continuously designed and manufactured ergonomic, durable and practical school furniture since 1956. In a manufacturing world where the term "Made in America" has been used loosely or lost in semantics, Scholar Craft proudly produces the very finest truly American made school furniture.

Operating six facilities in three states, we are continually investing in the future... upgrading our operations, our talent and our capabilities. Scholar Craft products are designed for today's students and tomorrow's leaders. Scholar Craft's main production assembly facility and corporate offices are located on 95 acres in Tarrant, Alabama (Birmingham area) and is supplied with injection molded plastic, structural steel and powder coated frames from two of our manufacturing facilities in the area. Our thermo-fuse and high pressure laminate table tops and work surfaces are produced in our 250,000 square foot plant in Ft Smith, Arkansas.
