Overview

Simon Roofing, now in its second century of continuous operation, offers a full line of Roofing Services. With historical data not available to most in our industry, we provide a comprehensive, unbiased approach to assist our clients in the management of their roofing assets. From preliminary roof evaluations to complete solution designs, construction administration and project management to on-site installation monitoring, our services are tailored to allow property owners the ability to maximize the performance as well as return on their investments. Specializing in the installation and manufacturing of the highest quality roofing, waterproofing and flooring products available, Simon Roofing is uniquely qualified to provide a variety of services necessary in maintaining the integrity of your building systems. With over fifty offices throughout the United States we are committed to providing state-of-the-art technology, unique and time tested products and unparalleled asset management tools which have propelled the company into a leading position in the industry. Our clients represent every sector of the industrial and commercial building environment including local and federal government contracts throughout the fifty states.

Our diverse experience with every major manufacturer in the industry provides us the ability to evaluate all types of systems including BUR, Modified, Single Ply, Hybrid Modified BUR, restored membranes, Standing Seam Metal, Green Roofs and various specialty systems.
