Overview

Established in 1998, Action Restoration, Inc. is a leader in disaster recovery and environmental services along the Gulf Coast. We have a proven track record of providing high-quality, rapid response, comprehensive disaster recovery and environmental services for corporations, educational facilities, military bases, laboratories, healthcare facilities, maritime vessels, offshore platforms and more. Unlike much of the competition, we have not adopted a franchise model, allowing us complete control over quality of services. We have invested heavily in our inventory of restoration equipment, in fact, we have one of the largest collections of restoration and environmental service equipment in the Gulf Coast region. Corporate Office is located at 5215 Twin City Highway in Port Arthur, TX with a satellite office located at 2 Hill View Lane, Boerne, TX 78006. The primary difference is our ownership of approximately \$10,000,000.00 in specialty equipment for restoration purposes. Many of our competitors, especially the nationwide competitors, claim to be able to serve the nation but in fact do not use their own labor and/or equipment and then have to rent when a project exceeds the mom and pop sub-contractor's capacity. We do not have that problem. WE UTILIZE OUR OWN LABOR FORCE AND EQUIPMENTS ON EVERY PROJECT.
