Overview

DV SOLUTIONS LLC was established in 2017 and is dedicated to providing support services for government agencies. We manage project cost; for example, minimizing the number of change orders. We maintain and provide project schedules. We provide professionalism and have the ability to manage, including prompt payments to vendors and subcontractors, and responses to client questions.

We provide communication of risk and complete documentation. We follow user's rules, regulations, and requirements regarding safety, job-site housekeeping, and other general issues. We provide a proper closeout process, which could mean having no punch list on turnover, offering warranties on the work, providing as-builts and operating manuals.
