Overview

Ecolite International (<https://ecoliteled.com/>) is the World's leading manufacturer of LED lighting. Mitsubishi patented optics ensure our lighting is the highest quality and most efficient available. Typically, this means fewer light fixtures are needed for each project, along with much lower energy consumption, compared to our competitors. This allows EcoLite to provide Public Schools and Universities, Parks & Recreation Facilities, Airports, and Public Arena projects with the lowest cost of ownership when installing or upgrading LED Lighting. We also offer the industry's only 10-year non-prorated product warranty.
