Overview

<p>All Safe Technologies, LLC is an Indoor Air Quality, Cleaning, sanitizing and disinfecting company for residential and commercial use. Our induct and mobile units with ActivePure's Proactive Pathogen Defense creates oxidizing molecules that significantly reduces viruses, bacteria, odors, and volatile organic compounds - both on surfaces and in the air. ActivePure does not replace the need to follow public health guidelines and should be used as complementary technology.</p>

<p>In unaffiliated third-party laboratory tests, ActivePure has been proven to reduce up to 99.99% of pathogens including SARS-CoV-2 (the virus that causes COVID-19), Avian influenza, E. coli, MRSA, Norovirus, Staph bacteria, Candida, Swine Flu, Hepatitis, Legionella, and more.</p>

<p>Our powerful line of sanitizers are all naturally and alcohol free, and contain no harsh chemicals. They are scientifically proven to thoroughly clean and deodorize while offering long-lasting protection. Our innovative electrostatic spray solution is the ultimate cleaning package and delivers long-lasting sanitation protection through a touchless application that reduces cross-contamination. Our breakthrough alcohol-free sanitizing products deliver effective, long-lasting protection while eliminating harmful germs, bacteria, bio-films and spores.</p>
