Overview

ICON Voice Networks is a leading-edge provider of communications systems, network infrastructure equipment and hosted services specializing in voice, video, mobility, monitoring and alerting. We provide customers highly reliable systems and applications that integrate voice processing with other office monitoring and notification systems, providing a single office automation solution engineered from the core. In addition to development, ICON Voice Networks is a master distributor of IP-PBXs, unified communications systems, hosted voice services, network switching and routing and wireless LAN technology serving a growing community of over 250 authorized resellers with the highest level of technical support, sales support and implementation services.
