Overview

Global Industrial is a value-added industrial distributor of industrial and maintenance, repair and operations (MRO) products in North America, going to market through a system of branded e-commerce websites and relationship makers.

We started in 1949 as a small material handling company, and we have grown to be an industry leader with over one million products in 21 industrial and commercial categories. We market our products primarily to private and public sector customers, which include for-profit businesses, state, local and private educational institutions and government entities, including federal, state, and local municipalities.
