### Overview

*TGR Technologies Company Overview TGR Technologies was founded on a simple but essential principle, "The Golden Rule." We shall treat our customers, co-workers, and anyone that we contact with the utmost professionalism and respect. Our goal in mind - to make a positive impact on public safety through technology. At TGR Technologies, our mission is to provide unique public safety technology solutions to our clients. We believe that technology can play a vital role in ensuring public safety, and we are dedicated to sourcing and reselling the latest and most innovative products on the market. Our team of experts is committed to providing exceptional customer service and support, and we strive to build long-lasting partnerships with our clients. We will have a primary focus on four areas (so far). This list will grow as our customers demand and as opportunities arise. Instead of selling hundreds of products, we are laser focused on just a few specialty ones. Currently we sell IMSI Catchers (cell phone technology), Video Analytic Software, Open-Source web intelligence tools, and Leica scanners and reconstruction tools. Owner and Founder Bio's Matt Leszynski has over 30 years of business, sales, and leadership experience. Matt has held a variety of sales and sales leadership roles for Gateway 2000, BBN/GTE Internetworking/Genuity, Presidio, Dell, and other technology companies. For over 20 years, Matt has focused on supporting Public Sector accounts in their technology needs. With a Bachelor's Degree in Criminology, from Ohio State University, he has always had an affinity for serving those who serve and protect. Matt makes his home in Atlanta, along with his beautiful bride, Christina, and their two daughters. Outside of work, Matt enjoys being outside, being a competitive BBQ Judge, and rooting for his BT Titans, OSU Buckeyes, and Cleveland Browns. Mike Wilson is a retired Police Captain having spent over 29 years with the Dalton, GA Police Department. Mike started his career after graduating from Georgia Southern University with a Bachelor's Degree in Psychology and a minor in Criminal Justice. During his career at Dalton PD, Mike gained a Master's Degree in Public Administration from Columbus State University. Mike is a graduate of the FBI National Academy, session 219. Mike currently serves as treasurer of the Georgia Chapter of the FBINAA. Mike and Laurie have been married 30 years and have two grown sons. Mike enjoys traveling, camping, hunting and everything outdoors. Craig Petersen is a retired Deputy Chief of Police with 25 years of law enforcement experience. Craig is a graduate of The University of Southern Mississippi where he earned a Bachelor of Science Degree in Business Administration. Craig also went on to attend Delta State University where he earned a Master of Science Degree in Social Justice and Criminology. Craig*

where is the Past President of the Mississippi Chapter. Craig currently serves as the First Vice President on the FBINAA National Board. Craig also serves on the Board of Directors of the FBINAA Charitable Foundation. Craig resides in Gulfport Mississippi with his wife of 7 years, Michelle, and they have two sons in college. Craig likes to travel and enjoys music and all things sports. Product Offerings An IMSI catcher is a cell phone technology that captures the IMSI (International Mobile Subscriber Identity) number. Every cell phone has a unique IMSI number that can be tracked, monitored, and located. The company that introduced this technology is SDF Technologies, an Israeli-based communications and technology company (with the same founder as Cellebrite). They have developed the most advanced IMSI Catcher in the world and with their products we can help you identify, precisely locate, track, and lawfully intercept cell phone communications. One use example of this product would be to
