## **Overview**

*Think Beyond Inc. is a total solutions company specialized in providing Information Technology and Management Consulting. We deliver real value to our clients by providing top quality technical services and solutions at reasonable rates. We also deliver the best work environment for our consultants and staff. It is a leading information technology services provider having wide array of solutions from Business Strategy Analysis to implementation and execution of Information Technology as well as management aspects of a business entity.*

*We deliver solutions for DevSecOps, Big Data, Artificial Intelligence, Open Source, Customer Experience/Engagement, and more. Working with resellers, systems integrators and consultants, our sales and marketing teams provide industry leading IT products, services and training through hundreds of contracts. Our Information Technology business is striving to help businesses grow and get maximum return of their investments in the form of optimum utilization of resources.*

*By leveraging our partner relationships with many of the leading information systems companies in the world such as Cisco and Microsoft, we bring enterprise class solutions to small/medium sized businesses who often have limited budgets. After first seeking to understand our customer's needs, we bring our customers a complete package of solutions with the ability to implement efficiently and with the most highly skilled staff in the industry.*

*As a diverse end-to-end IT Solutions provider, we offer as wide range of expertise aimed at helping customers reengineer their businesses to compete successfully in this dynamic marketplace. Having a solid track record of Software Solution delivery success as evidenced by our highly referenced client base, we pride ourselves in delivering measurable delta in productivity, profitability and shareholder value for our clients.*
