Overview

B9Creations' differentiated approach to solving problems with Additive Manufacturing, Research, Education & Prototyping has developed a base of raving fans in high-value industries such as medical, aerospace, high-precision manufacturing, research labs, higher education, CTE, STEM and STEAM programs.

Our track record of exceeding the most demanding customer requirements has positioned us to enable customers to progress from research, prototyping & education to fully-scaled production leveraging additive manufacturing.

Related to the education market, we offer right sized technology solutions that consist of both products (3D Printers, Software, Materials, Accessories) and services (tailored education materials, on site & remote training & support, career development opportunities) tailored for each entities unique needs & program goals.

We have in excess of 100 customers using our products in the educational market, including K-12, Higher Education and Research Labs

B9Creations is headquartered in Rapid City SD with an office in Lewisville TX that includes our CFO, Sales Director and Sales & Service Support people. We also have an office in Denver, CO that includes Sales & Service. All of our software and hardware are designed, engineered and built in Rapid City, SD.
