Overview

In 1962, with a handful of employees and one delivery truck, Dees Paper opened its doors with one objective: "Do the Right Thing." Today we have over 55 employees, a fleet of delivery trucks, and a 65,000 square foot facility to better serve your needs. We're thankful for what we've accomplished and extend our gratitude to you. Our customers have always provided the spark for our success. Please continue to be a part of our history so we can grow together. In addition to offering quality products, we provide value-added services such as product and equipment training, on-time delivery, floor equipment service, preventative maintenance programs, and a level of customer service unequaled in the industry.

Everyone talks about "customer service," but we like to think of it more as "partner service." We are proud to say we have customers who have been with us from the beginning—since 1962.

We supply the products and provide the services you need to clean and maintain any facility at an affordable price. Our team is hands-on and we work with you to determine the most effective and cost-efficient approach for tackling your toughest jobs. Through our loyal commitment to delivering value, our team of experts can help you reduce your operating costs while at the same time improve your results.

We work with you to develop a plan that:

Raises productivity

Reduces manpower, hours, elbow grease, etc.

Results in clean and healthy facilities that make your customers happy
