Overview

CVAL Innovations is an energy service company (ESCO) that performs services related to reducing the energy expenditure of buildings while increasing overall comfort. We are dedicated to helping our customers achieve Net-Zero energy consumption through our energy management endeavors. We offer an integrated energy conservation approach that delivers deep energy reductions, substantial cost savings, increased occupant comfort, and a reduced environmental footprint for a wide range of buildings and infrastructure.

We have consistently achieved 40-60% reduction in operational expense with payback period of less than 5 years. In order to achieve the savings, we focus on following 4 areas:

*Building Envelope and Insulation,
HVAC Systems,
Lighting
Building Automation and Controls*
