Overview

Ernie Morris Enterprises, Inc. was started in 1968. In the last 51 years we have gone from a small office supply dealer to one of the largest educational furniture dealers in the Southeast. We use the best practice to fulfill your furniture needs for educational and working environments. With the experience of our team we can assist you in FF&E budgets, bid preparation, design and proper furniture selection to maximize each project no matter what the size. Give us a call and one of our team members will be happy to help you. Our company provides service before and after the sale that exceeds the expectations of all customers. EMEI employees value the customer and understand their own organizational role; we utilize key suppliers that also value our customers and our commitments to them.
