Overview

Rx Technology of San Antonio offers the full spectrum of IT services, from Managed IT (MSP), Network Security, Firewall Management and Server Administration. Rx Technology is also a leading provider of turn-key, cost effective, low-voltage IT construction services. We are BICSI certified to provide the highest level of assurance that all our design and installation services are compliant with stringent and regulatory industry standards.

Rx Technology is an experienced San Antonio installer of comprehensive surveillance and security solutions for your organization. We believe in adjusting surveillance to your security needs. Your business could be small, only requiring one security camera, or it could be an entire enterprise, requiring access control rooms, multiple surveillance cameras, and card scan technology. Whatever your situation, we work with you to design a security blueprint to help protect your most valuable assets
