Overview

Since 2016, Austin-based Interplay Learning has been building better training, better careers and better lives for its customers and their employees. Its award-winning online and VR training for the essential skilled trades, including HVAC, Plumbing, Electrical, Solar, Multi-Family Maintenance and Facilities Maintenance workforces, is scalable and more effective than traditional training methods. By leveraging immersive learning technology, Interplay's customers are able to train and practice hands-on learning from a desktop, tablet or in virtual reality. The result is a highly trained employee who is job-ready in weeks, not years. Its digital experiential learning platform, SkillMill, conveniently turns any space into a training lab with its short video courses, 3D simulations, knowledge checks, coaching, community, and connectivity.
