### Overview

CEF is an award-winning educational furniture manufacturer located in North Carolina. CEF has been manufacturing educational furniture for over 40 years, beginning with TV & AV carts, then transitioned to charging carts, and now offers a full line of classroom & makerspace furniture. We have worked with children, teachers, and administrators to create pieces that are not only innovative but are valuable to the landscape of a classroom where mobility and storage needs are at a premium. Our vision and product line has changed over the years to evolve with the ever-changing needs of the classroom, but never before have we been more excited to outfit classrooms with our furniture as we are today. Visit our website at [www.cefinc.com](http://www.cefinc.com) for more information!
