Overview

<p>Brainchild Unlimited Inc., dba Brainchild offers quality educational solutions to assess academic skills and depth of knowledge in K-12 and Adult Education. Thousands nationwide use and endorse Brainchild's online and mobile learning devices as their first choice for enrichment and self-paced learning in the classroom setting, after-school, distance learning, and for youth and adult incarceration. Studies show that the usage of our programs 60-90 minutes a week improve test scores by 30% or more. Students master each lesson with a 3-step process. 1. PLAY LESSON: A short video teaches the lesson. 2. STUDY: Students answer questions and receive immediate feedback. 3. TEST: A test on each standard will record the scores to track progress. Students learn privately at their own pace with multimedia instruction and immediate feedback. Teachers can easily monitor test scores and time on task and download data for reports. The Study Buddy handheld tutor requires no wi-fi and provides a system for self-paced learning anywhere, anytime! Its game-type design offers a fun, easy-to-use, and safe platform to engage and empower students on all levels.</p>
