Overview

Roof Spec Solutions LLC is a supplier of commercial building products for building restoration and improvement. As a TIPS approved vendor we help public entities secure items for your building needs.

With a combined experience of over 70 years of excellence in assisting roof design, we are here to share our expertise with you and help you find the most energy efficient, cost effective, high performance system on the market.

In addition, RSS can provide roof evaluation reports built around True Roof Rater. TRR is a professional rooftop assessment software with web-enabled GPS and mapping technology, to provide a comprehensive view of your rooftop. These reports are provided at no charge, no obligation and can be scheduled at your convenience.

We look forward to hearing from you.
