### Overview

*PickUp Patrol calms the chaos of the dismissal process by providing an easy-to-use online tool for your staff and a convenient mobile app for parents. Parents submit changes through the app, while the system automatically compiles the plan change information for the school—it's school administered with authorized changes, parent confirmations, and secure data protection. It tracks absences, late arrivals and early dismissals, too. It saves secretaries time, dramatically decreases classroom interruptions, and helps keep your students safe.*
